PART 1 - GENERAL INFORMATION

1.1 Security Requirement

There is no security requirement associated with the requirement.

1.2 Requirement

The requirement is detailed under Article 6.2 Requirement of the resulting contract clauses.

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.4 Recourse Mechanisms

If you have any concerns relating to the procurement process, please refer to the [Bid Challenge and Recourse Mechanisms](#) page on the Buyandsell.gc.ca website. Please note that there are strict deadlines for filing complaints with the Canadian International Trade Tribunal (CITT) or the Office of the Procurement Ombudsman (OPO).

<http://opo-boa.gc.ca/plaintesurvol-complaintoverview-eng.html>

1.5 Canadian Content

The requirement is limited to Canadian goods.

PART 2 - BIDDER INSTRUCTIONS

Bidders may submit a bid for the Trousers, FR, Special Duty, Air Services or Shirt, Blue, FR, Special Duty or both

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the *Standard Acquisition Clauses and Conditions Manual* (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this solicitation is issued by the RCMP, any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this solicitation, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The [2003](#) (2020-05-28), Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of [2003](#), Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: sixty (60) days

Insert: one hundred and eighty (180) days

2.2 Submission of Bids

Bids must be submitted only to the Royal Canadian Mounted Police (RCMP) Bid Receiving and must be received by the date, time and place indicated on page 1 of the bid solicitation.

Bids transmitted by facsimile to the RCMP will not be accepted. Bids delivered in hard copy to the RCMP will not be accepted.

NOTE: The RCMP has not been approved for bid submission by epost Connect service.

Bidders may submit more than one (1) bid per solicitation; however multiple bids must be submitted in separate bid packages.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than **seven (7) calendar days before the bid closing date**. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the bidders.

2.6 Promotion of Direct Deposit

The following information is not related to the solicitation process:

An initiative within the Government of Canada called the Cheque Standardization Project has been established whereby eventually for all payments, cheque stubs will no longer be printed and, with few exceptions, will be processed via direct deposit. This option is only available when payment is made in Canadian dollars for deposit into a Canadian bank account. In an attempt to be proactive, RCMP Corporate Accounting is promoting the registration of RCMP suppliers for the upcoming change in the payment process.

If you are the successful bidder on this or any other RCMP requirement, you are encouraged to register with the RCMP for direct deposit. Please contact RCMP Corporate Accounting by email to receive a form entitled *Recipient Electronic Payment Registration Request* along with instructions for completion of the form.

Should you have any questions regarding the Cheque Standardization Project or if you want to register, please contact the following email: corporate_accounting@rcmp-grc.gc.ca

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Canada requests that bidders provide their bid in separately bound sections as follows:

- Section I: Technical Bid (1 soft copy in PDF format)
- Section II: Financial Bid (1 soft copy in PDF format)
- Section III: Certifications (1 soft copy in PDF format)
- Section IV: Additional Information (1 soft copy in PDF format)

Prices should appear in the financial bid only. No prices should be indicated in any other section of the bid.

For bids transmitted by email, Canada will not be responsible for any failure attributable to the transmission or receipt of the bid including, but not limited to, the following:

- i. receipt of garbled or incomplete bid;
- ii. delay in transmission or receipt of the bid to the Contracting Authority's email inbox (the date & time on the email received by the Contracting Authority is considered the date & time of receipt of the bid submission);
- iii. availability or condition of the receiving equipment;
- iv. incompatibility between the sending and receiving equipment;
- v. failure of the Bidder to properly identify the bid;
- vi. illegibility of the bid; or
- vii. security of bid data.

A bid transmitted electronically constitutes the formal bid of the Bidder and must be submitted in accordance with Section 05 of [2003](#) (2020-05-28) Standard Instructions - Goods or Services - Competitive Requirements.

The RCMP has restrictions on incoming e-mail messages. The maximum e-mail message size including all file attachments must not exceed 5MB. Zip files or links to bid documents will not be accepted. Incoming e-mail messages exceeding the maximum file size and/or containing zip file attachments will be blocked from entering the RCMP e-mail system. A bid transmitted by e-mail that gets blocked by the RCMP e-mail system will be considered not received. It is the responsibility of the Bidder to ensure receipt.

Section I: Technical Bid

All bids must be completed in full and provide all of the information requested in the bid solicitation to enable full and complete evaluation.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with Annex A – Requirement and Basis of Payment. The total amount of Applicable Taxes is excluded.

3.1.1 Exchange Rate Fluctuation

SACC Manual Clause [C3011T](#) (2013-11-06), Exchange Rate Fluctuation

Section III: Certifications

Bidders must submit the certifications required under Part 5.

Section IV: Additional Information

1. Bidders must submit the additional information required under Part 5.
2. Bidder input is required to complete several sections under Part 6, Resulting Contract Clauses.

The information required in this Section should be submitted with the bid, but may be submitted afterwards. If information is missing from the bid, the Contracting Authority will inform the Bidder of a timeframe within which to provide the information. Failure to provide the information within the timeframe provided may render the bid non-responsive.

Refer to Part 6 of the solicitation.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- b) An evaluation team composed of representatives of Canada will evaluate the bids.
- c) A bidder may submit a bid for the Shirt, Blue, FR, Special Duty or Trousers, FR, Special Duty, Air Services or both. All bids for the Shirt, Blue, FR, Special Duty will be evaluated separately from all bids for the Trousers, FR, Special Duty, Air Services.
- d) The evaluation will be conducted in phases:
 - a. Phase I: Financial Evaluation (Article 4.1.1 of the solicitation)
 - b. Phase II: Mandatory Technical Evaluation (Article 4.1.2 of the solicitation)

4.1.1 Phase I: Financial Evaluation

The price of the bid will be evaluated in Canadian dollars, the Applicable Taxes excluded, Deliver Duty Paid (DDP) Destination (as identified in Annex A) Incoterms 2010, transportation costs and unloading at destination included, Canadian customs duties and excise taxes included.

4.1.2 Phase II: Mandatory Technical Evaluation

4.1.2.1 Mandatory Technical Criteria – General Information

As part of the technical evaluation, to confirm a Bidder's capability of meeting the technical requirements, the following Mandatory Technical Criteria must be submitted:

Specification G.S. 1045-389 dated 2022-01-31 and Specification G.S. 1045-305 dated 2022-01-31

- a. Pre-Award Sample(s) - refer to Article 4.1.2.2 for more information.
- b. Certificate(s) of Compliance - refer to Article 4.1.2.3 for more information.
- c. Component Sample(s) - refer to Article 4.1.2.4 for more information.
- d. Material or Component Data Sheet(s) - refer to Article 4.1.2.5 for more information.

Mandatory Technical Criteria will be evaluated against the entirety of Specification – G.S 1045-389 dated 2022-01-31 and Specification – G.S 1045-305 dated 2022-01-31.

The Mandatory Technical Criteria will be required after the bid closing date, upon a written request from the Contracting Authority, from the responsive bidder(s) in Phase I with the lowest evaluated price. Should these bidders not be technically compliant, the responsive bidder(s) in Phase I with the next lowest evaluated price will be requested to submit the Mandatory Technical Criteria, and so on until a technically compliant bid is found.

For reasons of, but not limited to, the number of submissions received, the complexity of the item being procured, the urgency of the requirement, the RCMP may elect, at its discretion, to evaluate all submissions deemed responsive in Phase I.

The Bidders must deliver the required Mandatory Technical Criteria at no cost to Canada.

The address to which the Mandatory Technical Criteria for the Shirt, Blue, FR, Special Duty or Trousers, FR, Special Duty, Air Services or both must be delivered will be provided in the written request from the Contracting Authority.

The due dates are as follows:

Specification G.S. 1045-389 dated 2022-01-31 and Specification G.S. 1045-305 dated 2022-01-31

Technical Requirement	Due Date
Pre-Award Sample(s)	within 35 calendar days from request
Certificate(s) of Compliance	within 35 calendar days from request
Component Sample(s)	within 35 calendar days from request
Material or Component Data Sheet(s)	within 35 calendar days from request

Canada may consider an extension to the above due dates in the following cases:

- a. Prior to bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request in accordance with Article 2.3 Enquiries - Bid Solicitation in Part 2 and the request is deemed reasonable at Canada's sole discretion; and/or
- b. After bid closing, provided the Bidder submits a justification to the Contracting Authority for the extension request no later than five (5) calendar days before the due date of the Mandatory Technical Criteria and the request is deemed reasonable at Canada's sole discretion.

If an extension is granted by Canada after bid closing for any or all of the technical criteria, all Bidders who have been asked to submit the Mandatory Technical Criteria will be given the same extension.

All submissions received in Phase II by the original due date or the extension due date, if one is granted, will be subject to a preliminary assessment. The assessment will be conducted as follows:

- a. Submission and completeness of the Mandatory Technical Criteria Documentation

Canada will examine the bid to determine if the Mandatory Technical Criteria documentation has been submitted. If the documentation has been submitted, Canada will review each document to determine whether it includes all the information required in its definition, if applicable. The submission and completeness of all documentation will be subject to this assessment. However, the evaluation of the documentation to determine if it meets the technical requirements will be done during the Technical Evaluation outlined in Part 4, **Article 4.1.2**.

- b. Submission of the Mandatory Technical Criteria Samples

Canada will examine the bid to determine if the samples have been submitted. However, the evaluation of the samples to determine if the samples meet the technical requirements will be done during the Technical Evaluation outlined in Part 4, **Article 4.1.2**

If any Mandatory Technical Criteria is missing or incomplete, the Bidder will be notified in writing by the Contracting Authority. The Bidder must provide the missing or incomplete Mandatory Technical Criteria within 3 business days of the written notification from the Contracting Authority.

Failure to submit the required Mandatory Technical Criteria, whether from the initial submission or the submission after the preliminary assessment, by the respective due dates will result in the bid being declared non-responsive.

One or more deviations to any of the Mandatory Technical Criteria will result in the bid being declared non-responsive. Refer to the respective article for each of the Mandatory Technical Criteria below.

The Mandatory Technical Criteria submitted by the bidders will remain the property of Canada.

The requirement for the Mandatory Technical Criteria will not relieve the successful bidder from submitting sample(s), certificate(s), report(s) and/or data sheet(s) as required by the contract terms or from strictly adhering to the technical requirement of this Request for Proposal and any resultant contract.

4.1.2.2 Mandatory Technical Criteria – Pre-Award Sample

One (1) pre-award sample of each of the shirt(s) and trousers being bid on (Shirt, Blue, FR, Special Duty or Trousers, FR, Special Duty, Air Services or both) is required as listed below.

If the bidder is submitting a bid for the Shirt, Blue, FR, Special Duty the Bidder must submit both the Shirt, Blue, FR, Special Duty regular fit and relaxed fit.

ITEM:	SIZE:	RCMP STOCK#
a. Trousers, FR, Special Duty, Air Services	38-R	6945-100
b. Shirt, Blue, FR, Special Duty, Regular Fit	Large-R	6058-100
c. Shirt, Blue, FR, Special Duty, Relaxed Fit	Large-R	6058-100

Reference RCMP Specification G.S. 1045-389 dated 2022-01-31 and Specification G.S. 1045-305 dated 2022-01-31.

Government Available Material (GAM) is required for the manufacture of Pre-Award Sample(s) and will be provided by the RCMP at no cost to the Bidder for the Pre-Award Sample(s) only. The list of GAM is detailed under **Article 6.18.1 Government Available Material (GAM)**.

The Pre-Award Sample(s) must be clearly identified as such and have the following information: the solicitation number, the name of the company that submitted the sample, the size and the RCMP Stock number.

A RCMP viewing sample(s) will be provided to Bidders who are requested to provide Pre-Award Sample(s) and is to be used for guidance for all factors not covered by the RCMP Specification G.S. 1045-389 dated 2022-01-31 and Specification G.S. 1045-305 dated 2022-01-31. The RCMP Specification G.S. 1045-389 dated 2022-01-31 and Specification G.S. 1045-305 dated 2022-01-31 will govern.

A pattern as identified in the Specification (refer to Appendix A) of Specification G.S. 1045-389 dated 2022-01-31 and Specification G.S. 1045-305 dated 2022-01-31 will be provided to Bidders who are requested to supply a Pre-Award Sample(s). Patterns must not be duplicated or distributed. The Bidder should specify their preference for paper or electronic patterns.

Instruction to Bidder: The Bidder is to select one of the following:

- Electronic Patterns
- Paper Patterns

The viewing sample(s) and pattern(s) should be returned to the RCMP with the Pre-Award Sample(s). The viewing sample(s) is not to be damaged or cut, but returned in the same condition as sent to the Bidder. If the viewing sample(s) and pattern(s) are not returned with the Pre-Award Sample(s), the viewing sample(s) and pattern(s) must be received by the RCMP from the Bidder within seven (7) calendar days upon written notice from the Contracting Authority. Failure to return the viewing sample(s) and pattern(s) within that timeframe will result in the bid being declared non-responsive. If the Bidder elects not to submit a Pre-Award Sample(s), the viewing sample(s) and pattern(s) must be received by the RCMP from the Bidder within seven (7) calendar days upon written notice from the Contracting Authority. Lost or damaged viewing sample(s) and pattern(s) must be reimbursed to the RCMP for the cost of an acceptable replacement. The viewing sample(s) and pattern(s) remain the property of the RCMP.

The Pre-Award Sample(s) will be evaluated for quality of workmanship and conformance to the technical requirements. Inferior quality of workmanship and non-conformances that do not affect the serviceability of the item, as determined by the Technical Authority, will not be a reason to reject the sample. All other quality of workmanship issues and non-conformances are considered deviations.

4.1.2.3 Mandatory Technical Criteria – Certificate of Compliance

4.1.2.3.1 Definition

A Certificate of Compliance is defined, for this document, as a signed and dated certification to confirm that a specified component adheres to the specification. The certification must be prepared, signed and dated by an official representative of the component manufacturer using company letterhead making reference to the specification and paragraph numbers. It must specifically address the component. Compliance can be shown by referring to a part number, providing the component values, and/or providing a manufacturing data sheet to show technical compliance together with the certificate of compliance. In-house testing is also acceptable to show compliance. Copying the specification word for word is not acceptable.

A separate certificate of compliance is required for each individual component. Multiple components supplied by the same component manufacturer may be submitted on one certificate of compliance as long as the individual components are clearly identified with the corresponding paragraph numbers in the specification.

The Bidder is to note that copies of invoices, purchase orders, packing slips and certificates of compliance for products or components that are not manufactured by the certifier are not suitable for use as a certificate of compliance.

4.1.2.3.2 Certificate(s) of Compliance

A Certificate of Compliance for each of the following properties is required for the shirt(s) and trousers being bid on (Shirt, Blue, FR, Special Duty or Trousers, FR, Special Duty, Air Services or both). If a bidder is bidding on both items, then only one certificate of compliance for the thread and the hook and loop tape is required.

The certificate(s) must be dated within 18 months of the solicitation posting date.

- i. Reference RCMP Specification G.S. 1045-389 dated 2022/01/31.
 - a. Para. 4.1.4.1 & 4.1.4.2, Thread, of the specification.
 - b. Para. 4.1.6.1 & 4.1.6.2, Slide Fasteners, of the specification.
 - c. Para. 4.1.7, Hook and Loop tape, of the specification.
- ii. Reference RCMP Specification G.S. 1045-305 dated 2022/01/31
 - a. Para. 4.1.4.1 & 4.1.4.2, Thread, of the specification.
 - b. Para. 4.1.5, Slide Fasteners, of the specification.
 - c. Para. 4.1.6, Hook and Loop tape, of the specification.

Non-conformances to the requirements of Article 4.1.2.3 are considered deviations.

4.1.2.4 Mandatory Technical Criteria – Component Sample

4.1.2.4.1 Definition

A Component Sample is a piece or part used in the overall construction of the garment. The component requirement is indicated in the Specification and the sample submitted must adhere to the Specification requirements.

4.1.2.4.2 Component Sample(s)

A Component Sample of each of the following properties is required for the shirt(s) and trousers being bid on (Shirt, Blue, FR, Special Duty or Trousers, FR, Special Duty, Air Services or both) and must be representative of the components used in production. If a bidder is bidding on both items, then only one component sample of fusing is required.

- i. Reference RCMP Specification G.S. 1045-389 dated 2022/01/31.
 - a. Para. 4.1.3, Fusible, of the specification. ¼ metre full width.
 - b. Para. 4.1.8.1, Elastic, of the specification. 30 cm in length
 - c. Para. 4.1.8.2, Elastic, of the specification. 30 cm in length
- ii. Reference RCMP Specification G.S. 1045-305 dated 2022/01/31
 - a. Para. 4.1.3, Fusible, of the specification. ¼ metre full width.

Non-conformances to the requirements of Article 4.1.2.4 are considered deviations.

4.1.2.5 Mandatory Technical Criteria – Component Data Sheet

4.1.2.5.1 Definition

A component data sheet is a document that describes the composition and properties of the specified component. The component data sheet must contain information relevant to the characteristics of the component including: construction, fibre content, thickness, and model number.

4.1.2.5.2 Component Data Sheet(s)

A Component Data Sheet of each of the following components is required for the shirt(s) and trousers being bid on (Shirt, Blue, FR, Special Duty or Trousers, FR, Special Duty, Air Services or both). If a bidder is bidding on both items, then only one component data sheet for fusing is required.

- i. Reference RCMP Specification G.S. 1045-389 dated 2022/01/31.
 - a. Para. 4.1.3, Fusible, of the specification.
 - b. Para. 4.1.8.1, Elastic, of the specification.
 - c. Para. 4.1.8.2, Elastic, of the specification.
- ii. Reference RCMP Specification G.S. 1045-305 dated 2022/01/31
 - a. Para. 4.1.3, Fusible, of the specification.

Non-conformances to the requirements of Article 4.1.2.5 are considered deviations.

4.1.2.6 Mandatory Technical Criteria – Original Version

The RCMP reserves the right to request the original version of any of the Mandatory Technical Criteria provided by the Bidder. The Bidder will have three (3) calendar days upon written notice from the Contracting Authority to provide the original version of the Mandatory Technical Criteria. When submitted by the Bidder, the original version of the Mandatory Technical Criteria becomes part of the Bidder's submission and is subject to evaluation. Failure to provide the original version of the Mandatory Technical Criteria within that timeframe may result in the bid being declared non-responsive. Rejection of the original version of the Mandatory Technical Criteria will result in the bid being declared non-responsive.

4.2 Basis of Selection

- 4.2.1 A bid must comply with the requirements of the bid solicitation and meet all mandatory technical criteria to be declared responsive.
- 4.2.2 If the same bidder bids both the Shirt, Blue, FR, Special Duty and the Trousers, FR, Duty Air Services and achieves the lowest price for both, only 1 contract will be issued. Otherwise, 2 contracts will be issued.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority may render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Unless otherwise stated, failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

5.1.1 Integrity Provisions

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement subject to the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process:

- Declaration of Convicted Offences - Integrity Declaration Form (as applicable)
- Required Documentation (List of names for integrity verification form)

Please see the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaires-forms-eng.html) website for further details (<http://www.tpsgc-pwgsc.gc.ca/ci-if/formulaires-forms-eng.html>).

5.1.2 Federal Contractor's Program for Employment Equity – Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml)" list (http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml) available from [Employment and Social Development Canada \(ESDC\) - Labour's](http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml) website.

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "[FCP Limited Eligibility to Bid](http://www.labour.gc.ca/eng/standards_equality/eq/emp/fcp/list/inelig.shtml)" list at the time of contract award.

5.1.3 Additional Certifications Precedent to Contract Award

5.1.3.1 Sample and Production Certification

The Bidder certifies that:

- () The manufacturer that produced the Pre-Award Sample(s) will remain unchanged for the Pre-Production Sample(s), Production Sample(s), full production of the firm quantity, full production of the "as and when requested" flexible stock, full production of the, "as and when requested" specials.
- () The components that are used in the Pre-Production Sample(s) will remain unchanged for the Production Sample(s), full production of the firm quantity, full production of the "as and when requested" flexible stock, full production of the, "as and when requested" specials. If a waiver is granted by the Technical Authority for the Pre-Production Sample(s), the components that are used in the pre-award sample(s), with the exception of any applicable waivers and substitutions and/or any observations noted in the evaluation of the pre-award sample(s), will remain unchanged for Production Sample(s), full production of the firm quantity, full production of the "as and when requested" flexible stock, full production of the, "as and when requested" specials unless otherwise approved by the Technical Authority during the production process.

5.1.3.2 Independent Bid Determination

The attached Certificate of Independent Bid Determination (attached Annex C) has been developed by the federal Competition Bureau for use by the Contacting Authority when calling for bids, tenders or quotations. The intention of this documentation is to deter bid-rigging by requiring bidders to disclose, to the Contracting Authority, all material facts about any communications and arrangements which the bidder has entered into with competitors regarding the call for tenders.

5.1.3.3 Canadian Content Certification

This procurement is limited to Canadian goods.

Bidders must clearly identify below which items meet the definition of Canadian good and complete the certification below (reference Annex A).

Item 1	Yes _____	No _____	Item 3	Yes _____	No _____
Item 2	Yes _____	No _____	Item 4	Yes _____	No _____

The Bidder certifies that:

- () the item(s) offered and identified as Canadian goods are Canadian goods as defined in paragraph 1 of clause [A3050T](#).

Failure to provide this certification completed with the bid or upon request of the Contracting Authority within the time frame specified, will result in the item(s) offered being treated as non-Canadian goods.

Nature of subcontracting work performed: _____

6.22 Technical Requirements for Pre-Production

Unless a waiver is granted by the RCMP Technical Authority, the following Technical Requirements for Pre-Production are required for evaluation prior to full production. Requests for a waiver by the Contractor must be submitted in writing to the Contracting Authority. The waiving of the Technical Requirements for Pre-Production will be at the sole discretion of the Technical Authority. The Technical Authority will provide notification of the waiver in writing to the Contractor and Contracting Authority.

- a. Pre-Production Sample(s) - refer to Article 6.22.3 for more information.
- b. Certificate(s) of Compliance - refer to Article 6.22.4 for more information.

6.22.1 Submission of the Technical Requirements for Pre-Production

The due date for each of the Technical Requirements for Pre-Production is as follows:

Technical Requirement for Pre-Production	Due Date
Pre-Production Sample(s)	within 45 calendar days of contract award
Certificate(s) of Compliance	within 45 calendar days of contract award

The Technical Requirements for Pre-Production must be submitted at no cost to Canada.

Canada may consider an extension to the above due date(s) provided the Contractor submits a justification to the Contracting Authority for the extension request five (5) calendar days before the due date of the respective Technical Requirements for Pre-Production and the request is deemed reasonable at Canada's sole discretion.

The Technical Requirements submitted by the Contractor will remain the property of Canada.

6.22.2 Evaluation of the Technical Requirements for Pre-Production

- (a) If the Technical Requirements for Pre-Production are rejected, the Contractor must submit the second Technical Requirements for Pre-Production within **3 calendar days** of notification of rejection from the Technical Authority.
- (b) The Technical Authority will notify the Contractor, in writing, of the acceptance or rejection of the Technical Requirements for Pre-Production. A copy of this notification is to be provided by the Technical Authority to the Contracting Authority. The notice of acceptance does not relieve the Contractor from complying with all requirements of the specification(s) and all other terms of the Contract.
- (c) The Contractor must not commence production of the items and must not make any deliveries until the Contractor has received written notification from the Technical Authority that the Technical Requirements for Pre-production are acceptable. Any production of items before acceptance will be at the sole risk of the Contractor.
- (d) Rejection by the Technical Authority of the second Technical Requirements for Pre-Production submitted by the Contractor for failing to meet the Contract requirements will be grounds for termination of the Contract for default.

6.22.3 Pre-Production Sample

ITEM:	SIZE:	RCMP STOCK#

Reference RCMP Specification G.S. 1045-389 dated 2022/01/31 and Specification G.S. 1045-305 dated 2022/01/31.

6.22.4 Certificate of Compliance

6.22.4.1 Definition

A Certificate of Compliance is defined, for this document, as a signed and dated certification to confirm that a specified component adheres to the specification. The certification must be prepared, signed and dated by an official representative of the component manufacturer using company letterhead making reference to the specification and paragraph numbers. It must specifically address the component. Compliance can be shown by referring to a part number, providing the component values, and/or providing a manufacturing data sheet to show technical compliance together with the certificate of compliance. In-house testing is also acceptable to show compliance. Copying the specification word for word is not acceptable.

A separate certificate of compliance is required for each individual component. Multiple components supplied by the same component manufacturer may be submitted on one certificate of compliance as long as the individual components are clearly identified with the corresponding paragraph numbers in the specification.

The Contractor is to note that copies of invoices, purchase orders, packing slips and certificates of compliance for products or components that are not manufactured by the certifier are not suitable for use as a certificate of compliance.

6.22.4.2 Certificate(s) of Compliance

A Certificate of Compliance for each of the following properties is required. The certificate(s) must be dated after contract award.

- i. Reference RCMP Specification G.S. 1045-389 dated 2022/01/31.
 - a. Para. 4.1.4.1 & 4.1.4.2, Thread, of the specification.
 - b. Para. 4.1.6.1 & 4.1.6.2, Slide Fasteners, of the specification.
 - c. Para. 4.1.7, Hook and Loop tape, of the specification.
- ii. Reference RCMP Specification G.S. 1045-305 dated 2022/01/31.
 - a. Para. 4.1.4.1 & 4.1.4.2, Thread, of the specification.
 - b. Para. 4.1.5, Slide Fasteners, of the specification.
 - c. Para. 4.1.6, Hook and Loop tape, of the specification.

6.23 Technical Requirements for Production

The RCMP has the right to request one or more Production Sample(s), Certificate(s) of Compliance at its discretion at any time during the contract period in order to ensure technical compliance with the requirements of the Contract. This request will be done in writing by the Contracting Authority. Rejection by the Technical Authority of one or more Production Sample(s), Certificate(s) of Compliance for failing to meet the Contract requirements will be grounds for termination of the Contract for default. The sample(s) and certificate(s) submitted by the Contractor will remain the property of Canada.

6.24 Technical Requirements for the “As and When Requested” Flexible Quantity (Regular Sizes)

Unless a waiver is granted by the RCMP Technical Authority, the following technical requirements apply to each “as and when requested” flexible quantity ordered under the Contract. Requests for a waiver by the Contractor must be submitted in writing to the Contracting Authority. The waiving of the Technical Requirements for the “As and When Requested” Flexible Quantity will be at the sole discretion of the Technical Authority. The Technical Authority will provide notification of the waiver in writing to the Contractor and Contracting Authority.

- a. Certificate(s) of Compliance - refer to Article 6.24.3 for more information.

6.24.1 Submission of Technical Requirements for the “As and When Requested” Flexible Quantity

The due date for each of the Technical Requirements for the “As and When Requested” Flexible Quantity is as follows:

Technical Requirement for the “As and When Requested” Flexible Quantity	Due Date
Certificate(s) of Compliance	within 30 calendar days of contract amendment

The Technical Requirements for the “As and When requested” Flexible Quantity must be submitted at no cost to Canada.

Canada may consider an extension to the above due date(s) provided the Contractor submits a justification to the Contracting Authority for the extension request five (5) calendar days before the due date of the respective Technical Requirement and the request is deemed reasonable at Canada’s sole discretion.

6.24.2 Evaluation of Technical Requirements for the “As and When Requested” Flexible Quantity.

- (a) The Contractor must not commence production of the “as and when requested” flexible quantity and must not make any deliveries until the Contractor has received written notification from the Technical Authority that the Technical Requirements for the “As and When Requested” Flexible Quantity are acceptable. Any production of the “as and when requested” flexible quantity before acceptance will be at the sole risk of the Contractor. The notice of acceptance does not relieve the Contractor from complying with all requirements of the specification(s) and all other terms of the Contract.

- (b) Rejection by the Technical Authority of the Technical Requirements for the “As and When Requested” Flexible Quantity submitted by the Contractor for failing to meet the Contract requirements will be grounds for termination of the Contract for default.

6.24.3 Certificate of Compliance

A Certificate of Compliance (as described under Article 6.22.4 of the Contract) is required before full production of the “as and when requested” flexible quantity for each of the following properties. The Certificate(s) of Compliance must be dated **within 30 Days** of the order of the flex quantity.

- i. Reference RCMP Specification G.S. 1045-389 dated 2022/01/31.
 - a. Para. 4.1.4.1 & 4.1.4.2, Thread, of the specification.
 - b. Para. 4.1.6.1 & 4.1.6.2, Slide Fasteners, of the specification.
 - c. Para. 4.1.7, Hook and Loop tape, of the specification.
- ii. Reference RCMP Specification G.S. 1045-305 dated 2022/01/31.
 - a. Para. 4.1.4.1 & 4.1.4.2, Thread, of the specification.
 - b. Para. 4.1.5, Slide Fasteners, of the specification.
 - c. Para. 4.1.6, Hook and Loop tape, of the specification.

6.25 Technical Requirements – Original Version

The RCMP reserves the right to request the original version of any of the Technical Requirements provided by the Contractor for Pre-Production, Production and “as and when requested” Flexible Quantity. The Contractor will have three (3) calendar days upon written notice from the Contracting Authority to provide the original version of the Technical Requirements. Failure to provide the original version of the Technical Requirements within that timeframe may be grounds for termination of the Contract by default. Rejection of the original version of the Technical Requirements may be grounds for the termination of the Contract for default.

6.26 Design Changes and Deviations

When it is necessary to depart, either temporarily or permanently, from the governing technical data in a Contract, the Technical Authority or the Contractor may originate a request for a design change to or deviation from the Specification.

If both the Technical Authority and the Contractor agree to the change to or deviation from the Specification and its associated cost, the Contracting Authority will amend the Contract accordingly. The design or deviation is only authorized once the amendment is issued and signed by the Contracting Authority.

6.27 Patterns

The full set of patterns either in individual sizes or as a graded nest will be provided by the RCMP to the Contractor following contract award (refer to Appendix B of the Specification).

6.28 Viewing Sample – Guidance Only

The viewing sample is to be used for guidance on all factors not covered by the RCMP Specification G.S. 1045-389 dated 2022/01/31 and Specification G.S. 1045-305 dated 2022/01/31. The RCMP Specification G.S. 1045-389 dated 2022/01/31 and Specification G.S. 1045-305 dated 2022/01/31 will govern.

6.29 Viewing Sample and Pattern - Return to RCMP

The viewing sample(s) and/or pattern(s) which may have been sent to the Contractor must be returned to the sender upon completion of the Contract at the expense of the Contractor. The viewing sample must not be damaged or cut, but returned in the same condition as sent to the Contractor. Lost or damaged viewing sample(s) and/or pattern(s) must be reimbursed to the RCMP for the cost of an acceptable replacement. The viewing sample(s) and/or pattern(s) remain the property of the RCMP.

4. "AS AND WHEN REQUESTED" QUANTITY" - Identified as Item 3 and 4.

Under this Contract, the Contractor is required to provide certain goods to Canada on an "as and when requested" basis. Except as expressly provided in this Contract, Canada is not obliged to request any such goods under this Contract and this Contract does not represent a commitment to purchase such goods exclusively from the Contractor.

RCMP may issue orders for the "as and when requested" quantity directly to the Contractor detailing the exact quantities of goods being ordered and the delivery date during the effective period and in accordance with the predetermined conditions.

The quantity of "as and when requested" goods specified under item(s) 5 and is only an approximation of requirements.

Deliveries made against orders of the "as and when requested" quantities will be inspected by the Consignee at destination.

Specials

Specials (which are made-to-measure) will be requested on an RCMP order form by the RCMP's Uniform and Equipment Program.

The period for placing "as and when requested" orders for "as and when requested" specials (made-to-measure sizes) will be within **48 months** from award of contract.

Insofar as specials are concerned, the RCMP will provide a completed individual measurement form comprised of both body measurements and finished garment measurements that include the required ease. The manufacturer is responsible to make the Trousers, FR, Special Duty, Air Service and Shirt, Blue, FR Special Duty according to the finished garment measurements as specified when using the measurement form. If the manufacturer requires additional measurements, the Technical Authority must be notified prior to starting the specials. In addition to the label information as specified in Paragraph 4.3.5 of the Specification, the following information is required; the members' name, Regimental number and order number. This information can be added to the same label or a separate label.

Delivery of "as and when requested" specials (made-to-measure sizes) is requested to be made within **60 calendar days** after receipt of order document.

Should the requested delivery schedule indicated above be impossible to meet, the Supplier is to offer their very best delivery schedule below.

(The Bidder is to insert the best delivery below. If the delivery is left blank by the Bidder, the Bidder agrees to meet the desired delivery noted above for the "as and when requested" specials (made-to-measure sizes).

Delivery of "as and when requested" specials (made-to-measure sizes) must be made within ____ **calendar days** after receipt of order document.
