RFI Amendment No.008 is issued to:

- A. To inform vendors that Canada is in the process of replacing its tendering services offered on the Buyandsell site and transitioning to the newly implemented CanadaBuys site which is a new suite of online procurement services, launched by Public Services and Procurement Canada (PSPC). The Automatic Identification Technology (AIT) project is in the process of migrating to CanadaBuys and this Request for Information (RFI) amendment is intended to inform vendors of this upcoming change. In order to view the tender opportunity in detail and to bid, businesses will be prompted to register for an account. To find out how to create your account, visit the [Getting started page](#).

AMENDMENT TO THE RFI CLOSING DATE: Please disregard any conflicting Ariba Discovery RFI closing dates. The current closing date for the AIT RFI is **June 30, 2022 at 14:00 Eastern Daylight Time (EDT)**. Any changes to this date will be communicated via a subsequent RFI Amendment. Updates regarding the RFI process will also be made available in subsequent postings.

All future correspondence to this RFI will be posted in CanadaBuys and will include the most current documentation and messaging. There is no action required from vendors, however, those interested in bidding on the AIT project are encouraged to register with the new system by April 30, 2022. Vendors are welcome to review the historical postings which can be found at the following Buyandsell link: [AIT Project Procurement \(W6381-180019/B\)](#).

Any future RFI amendments and attachments will only be available for access and download when logged into your SAP Ariba account and you have filled out your Government of Canada profile.

If you do not have an SAP Ariba account, [register here](#).

If you already have an SAP Ariba account, [login here](#).

Once you have created an account or logged in, you will need to answer a few additional questions about your business in order to view and bid on Government of Canada tender opportunities. Once completed, you can return to this posting and click "Respond to Posting" and login. You will then have access to view all upcoming Automatic Identification Technology (AIT) Tender Notices.

Suppliers new to PSPC's online procurement tool may wish to consult the [CanadaBuys Getting Started](#) page where they can find:

[A registration checklist](#) to help understand what is needed before creating an account and;

[Step-by-step instructions](#) on how to create an account

For technical support with SAP Ariba, please contact the CanadaBuys Service Desk agents: <https://canadabuys.canada.ca/en/contact-support>

Where will amendments to the RFI be posted?

All amendments to this RFI will be posted in the Event Messages board in SAP Ariba.

Do you have questions about the technical requirements of the this RFI? Here is how to submit your questions:

Questions specific to the technical requirements of this RFI need to be sent through the Event Messages board of this RFI.

Note that all future postings will only be conducted via the new CanadaBuys site. There is no action required from vendors at this time other than to familiarize themselves with the new platform. Any concerns can be addressed to the Contracting Authority at the following email address:
