Industry Questions:

No.	Question	Answer
1.	<ul style="list-style-type: none">• Due to the supply chain challenges that most electronics manufacturers have encountered since the pandemic, we would not be able to deliver ten complete systems before the deadline as specified (30 days after April 13, 2022). If that date is something that may be able to be adjusted due to the challenges as stated above, we would welcome the opportunity to compete for this bid.• With reference to "6.4.2 Initial Delivery". Due to supply chain constraints and shortage in the market, current lead time of requested parts is about 36 weeks. It is impossible to deliver the parts before May 20, 2022 .Will Canada accept delivery before March 31, 2023?	All deliverables must be delivered by February 28, 2023.
