Solicitation Amendment No. 004 is being issued for the following:

1. Addendum No. 2 (attached as ATTA005.PDF).

2. Delete:
APPENDIX 1 - COMBINED PRICE FORM

Replace with:
APPENDIX 1 - COMBINED PRICE FORM REVISION No. 1, DATED: APRIL 14, 2022 (attached)

3. Enquiry received during the Solicitation Period:

Reference: Appendix 1 – Combined Price Form, Item 19 of the Unit Price Table.

Upon verification, we find that the volume of existing breakwater material located in Dredging Area B is included in the dredging volume listed on the form. Is the breakwater material intended to be disposed of at the disposal site at sea or cleared on land? Is the material above the CD and below the CD disposed of in the same manner?

Response:

- This is correct; the quantity for Dredging - Zone B included the volume of the existing breakwater, which is measured under Item 22 in the Unit Price Table. The correct quantity for Item 19 (Dredge - Zone B) is updated in the revised Unit Price Table is 11,750 cubic metres. Please see the revised Combined Price Form.
