Description of Work:

As part of its planning for possible future activities and collaboration with different stakeholders, the Canadian space Agency is requesting the services of 2 experienced project managers to support the project management team in all management activities, link to the Earth Observation Service Continuity (EOSC) initiative.

The objective of this requirement is to support the project management team in all management activities including, but not limited to, establishing, managing and delivering the project, ensuring that it meets cost, schedule, scope and objectives. This work is to be performed with the involvement and management of multiple stakeholders such as CSA project team and management, OGDs, industrial contractors, project partners and international collaborators.

Contract Authority

Inquiries

Inquiries regarding this RFP requirement must be submitted to the Contracting Authority named above. Request for Proposal (RFP) documents will be e-mailed directly from the Contracting Authority to the Qualified Supply Arrangement Holders who are being invited to bid on this requirement. **BIDDERS ARE ADVISED THAT "BUYANDSELL.GC.CA" IS NOT RESPONSIBLE FOR THE DISTRIBUTION OF SOLICITATION DOCUMENTS.** The Crown retains the right to negotiate with any supplier on any procurement. Documents may be submitted in either official language.

NOTE: TSPS is the mandatory method of supply for the provision of non-informatics professional services, both task and solutions based, at or above the Canada Korea Free Trade Agreement (CKFTA) threshold. This method of supply covers five core areas of expertise that are commonly and nationally used: human resources services; business consulting/change management; project management; real property project management services; and technical engineering and maintenance services.
