Amendment 007

Next Generation Fighting Vehicle (NGFV) Project

Amendment **007** is raised to provide Industry with an update on the NGFV Project's anticipated procurement process.

Although the procurement process remains subject to change, Canada currently anticipates that the procurement process will be conducted in the following three (3) phases:

Phase I – Invitation to Qualify (ITQ)

- The purpose of Phase I - ITQ is to qualify Respondent Team(s) that have the technical ability to propose solutions for a Combat Variant of a Fighting Vehicle. This ITQ will also be used to qualify Respondent Teams to participate in any subsequent phases of the procurement process.

Phase II - Review and Refine Requirements (RRR)

- The RRR process with the Qualified Suppliers will follow the ITQ phase. The objective of the RRR phase is to obtain feedback from Qualified Suppliers on Canada's preliminary requirements. It is intended to be a collaborative process and may involve interactions such as workshops, commercial-in-confidence meetings, and written questions and answers. Canada will consider the feedback provided by Qualified Suppliers when refining the requirements and preparing its procurement documents. This phase will involve the release of a draft RFP.
- Engagement with Industry Stakeholders: In parallel to the activities related to the RRR phase of the procurement process between Canada and the Qualified Suppliers, Canada will engage, in a forum to be determined later, with industry stakeholders and other parties to gather and share information and updates related to the NGFV Project. Parallel Engagement activities may include the release of high-level technical specifications and Value Proposition information to Industry Stakeholders and other parties.

Phase III - Request for Proposals (RFP)

- Canada anticipates releasing an RFP to Qualified Suppliers who remain qualified at the time the RFP is released. The current intent is to evaluate bids based on capability, performance, cost (acquisition, sustainment, and operations), Industrial Technological Benefits, as well as project and contractual risks criteria.

The estimated timeline for each phase of the anticipated procurement process is provided at the below Table.

Estimated Timelines

Description	Estimated Timeline
Phase I: Invitation to Qualify	April 2022
Phase II: Review and Refine Requirements Phase	May 2022 – December 2022
Phase III: Request for Proposal	September 2023

Industry is encouraged to continue to monitor <https://buyandsell.gc.ca/> for further updates and/or any future solicitation regarding the NGVF Project. This notice is not to be considered as a commitment to issue a subsequent solicitation or award any contract.

All industry enquiries and other communications related to the NGFV Project must be directed exclusively to the PSPC generic email address: PAVCNG.APNGFV@tpsgc-pwgsc.gc.ca.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
