The 2006 (2020-05-28) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the RFSO. (Section 1.2006 - Standard Instructions - Request for Standing Offers - Goods or Services - Buyandsell.gc.ca)

06 (2018-05-22) Late offers

PWGSC will return or delete offers delivered after the stipulated RFSO closing date and time, unless they qualify as a delayed offer as described in section 07.

For late offers submitted using means other than the Canada Post Corporation's epost Connect service, the physical offer will be returned.

For offers submitted electronically, the late offers will be deleted. As an example, offers submitted using Canada Post Corporation's epost Connect service, conversations initiated by the Bid Receiving Unit via the epost Connect service pertaining to a late offer will be deleted. Records will be kept documenting the transaction history of all late offers submitted using epost Connect.

07 (2018-05-22) Delayed offers

1. An offer delivered to the specified Bid Receiving Unit after the RFSO closing date and time but before the standing offer issuance date may be considered, provided the offeror can prove the delay is due solely to a delay in delivery that can be attributed to the Canada Post Corporation (CPC) (or national equivalent of a foreign country). Private courier (Purolator Inc., Fedex Inc., etc.) is not considered to be part of CPC for the purposes of delayed offers.

a. The only pieces of evidence relating to a delay in the CPC system that are acceptable to PWGSC are:

- i. a CPC cancellation date stamp;
- ii. a CPC Priority Courier bill of lading;
- iii. a CPC Xpresspost label;

that clearly indicates that the offer was sent before the RFSO closing date.

- b. The only piece of evidence relating to a delay in the epost Connect service provided by CPC system that is acceptable to PWGSC is a CPC epost Connect service date and time record indicated in the epost Connect conversation history that clearly indicates that the offer was sent before the RFSO closing date and time.
- 2. Misrouting, traffic volume, weather disturbances, labour disputes or any other causes for the late delivery of offers are not acceptable reasons for the offer to be accepted by PWGSC.
- 3. Postage meter imprints, whether imprinted by the Offeror, the CPC or the postal authority outside Canada, are not acceptable as proof of timely mailing.

08 (2019-03-04) Transmission by facsimile or by epost Connect

- 1. Facsimile

Requests to open an epost Connect conversation received after that time may not be answered.
 - c. If the Offeror sends an email requesting epost Connect service to the specified Bid Receiving Unit in the RFSO, an officer of the Bid Receiving Unit will then initiate an epost Connect conversation. The epost Connect conversation will create an email notification from Canada Post Corporation prompting the Offeror to access and action the message within the conversation. This acknowledgement will confirm only the receipt of offer document(s) and will not confirm if the attachments may be opened nor if the content is readable.
 - i. Offerors must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in epost Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the epost Connect system.
 - j. An offer transmitted by epost Connect service constitutes the formal offer of the Offeror and must be submitted in accordance with section 05.
