Any offeror who does not currently hold a valid security clearance does not currently need to obtain one and will only need to do so at the time of contract award. If any additional information is needed, it will be requested after contract award as well.

However, please note the requirement at 6.1.c of the solicitation document which requires the contractor to provide the names of all individuals who will require access to sensitive work sites.

This means that the offerors should be prepared, after contract award, to name all personnel who will be present on site and request reliability security status for each and everyone of them.

**Question:** REGION 1 – POSTAL CODE 'K' excluding NATIONAL CAPITAL REGION PRICING SECTION "1" – What does the exclusion cover?
