

AMENDMENT 006

CSPS-RFP-22JP-0931/A

To all Bidders:

The purpose of this amendment is to give effect to the following:

Questions and Answers

Question # 30:

In Section 1.2 Summary of Solicitation CSPS-RFP-22JP-0931/A and in Solicitation Amendment 003 Annex B - Basis of Payment there is reference to 'Described Audio'. Is this a mandatory requirement of the proposal, as there is no mention of it in the Statement of Work or the Mandatory Requirements?

If it is a mandatory requirement will an extension of the deadline be offered to allow proponents to properly incorporate this feature into their bids?

Answer # 30:

Described Audio is not a mandatory requirement for the proposal but is a product that may be requested during the contract. A sample will not be necessary nor will it affect the point-rated criteria but an hourly rate is necessary for the Basis of Payment.
