This requirement is subject to the *COVID-19 Vaccination Policy for Supplier Personnel*. Failure to complete and provide the COVID-19 Vaccination Requirement Certification as required precedent to contract award will render the bid non-responsive.

1.2. Security Requirements

New personnel security clearance requests require the fingerprinting of individuals to conduct a criminal record check. The validity of an existing personnel security clearance issued by the Government of Canada is not affected by this requirement of the criminal record check process. Contractors who require personnel security clearances to perform a contract for the Government of Canada are responsible for all costs associated with obtaining the security clearances.

1.2.1. Before award of a contract, the following conditions must be met:

- (b) The Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites;

1.2.2. Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful Bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.

1.3. Statement of Work

The requirement is detailed under **Article 6.3** of the resulting contract clauses.

1.4. Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

PART 2 – BIDDER INSTRUCTIONS

2.1. Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

The [2003 \(2022-03-29\)](#), Standard Instructions – Goods or Services – Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

All reference to the Minister of Public Works and Government Services Canada shall be deleted and replaced with the Minister of the Environment for the purposes of the Parks Canada Agency. All reference to the Department of Public Works and Government Services Canada shall be deleted and replaced with the Parks Canada Agency.

Subsection 2. entitled *Canada Post Corporation's Connect service of section 08, Transmission by facsimile or by Canada Post Corporation's (CPC) Connect service of the Standard Instructions 2003 incorporated by reference above is deleted in its entirety.*

This bid solicitation cancels and supersedes previous bid solicitation number **5P420-21-0194/B dated April 12, 2022 with a closing of May 3, 2022 at 14:00 MDT**. A debriefing or feedback session will be provided upon request to bidders/offerors/suppliers who bid on the previous solicitation.

2.2. Submission of Bids

Bids must be submitted only to the Parks Canada Agency (PCA) Bid Receiving Unit by the date and time indicated on page 1 of the bid solicitation.

Bids submitted in-person or by courier may not be accepted.

The only acceptable facsimile for responses to bid solicitations is 1-866-246-6893.

The only acceptable email address for responses to bid solicitations is soumissionsouest-bidswest@canada.ca.

The maximum email file size that Parks Canada is capable of receiving is 15 megabytes. The Bidder is responsible for any failure attributable to the transmission or receipt of the emailed bid due to file size.

The Bidder should be cognisant of the size of the email as a whole, and not only the attachments. Please take into consideration that some attachments, when sent, may be resized during the email transfer. If the email size is too large, the Bidder should send the bid in multiple emails properly labeled with the solicitation number, project name, and indicate how many emails are included (ex. 1 of 2).

Emails with links to bid documents will not be accepted. Bid documents must be sent as email attachments.

2.3. Enquiries – Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than seven (7) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.4. Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Northwest Territory.

The Bidder may, at its discretion, substitute the applicable laws of a Canadian province or territory of its choice without affecting the validity of its bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of its choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidder.

2.5. Bid Challenge and Recourse Mechanisms

2.5.1. Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.

2.5.2. Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell website](#), under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:

- Office of the Procurement Ombudsman (OPO)
- Canadian International Trade Tribunal (CITT)

2.5.3. Suppliers should note that there are strict deadlines for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

PART 3 – BID PREPARATION INSTRUCTIONS

3.1. Bid Preparation Instructions

Canada requests that the bid be gathered per section and separated as follows:

Section I: Technical Bid
Section II: Financial Bid
Section III: Certifications

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Section I: Technical Bid

In their technical bid, Bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Basis of Payment at **Annex B**.

3.1.1. Exchange Rate Fluctuation

SACC Manual clause [C3011T](#) (2013-11-06), Exchange Rate Fluctuation

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 – EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1. Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada and T.A. Dixon and Company Inc. will evaluate the bids.

4.1.1. Technical Evaluation

4.1.1.1. Mandatory Technical Criteria

Technical bids will be evaluated against the mandatory technical evaluation criteria at **Annex F to Part 4 of the Bid Solicitation**.

To assist with the evaluation, a Technical Compliance Matrix (Appendix F.1 to Annex F to Part 4 of the Bid Solicitation) is included to assist bidders in providing the information needed to meet the requested criteria.

4.1.1.2. Point Rated Technical Criteria

Technical bids will be evaluated against the point rated technical evaluation criteria at **Annex F to Part 4 of the Bid Solicitation**.

4.1.2. Financial Evaluation

The price of the bid will be evaluated in Canadian dollars, Applicable Taxes excluded, FOB destination, Canadian customs duties and excise taxes included.

4.1.3. Basis of Selection – Highest Combined Rating of Technical Merit (60%) and Price (40%)

4.1.3.1. To be declared responsive, a bid must:

- a. comply with all the requirements of the bid solicitation; and
- b. meet all mandatory criteria;

4.1.3.2. Bids not meeting (a) or (b) will be declared non-responsive.

4.1.3.3. The selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 60% for the technical merit (20% for safety record, 40% for pilot score) and 40% for the price.

4.1.3.4. To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained / maximum number of points available multiplied by the ratio of 60%.

4.1.3.5. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 40%.

4.1.3.6. For each responsive bid, the technical merit score and the pricing score will be added to determine its combined rating.

4.1.3.7. Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract.

The table below illustrates an *example* where all three bids are responsive and the selection of the contractor is determined by a 60/40 ratio of technical merit and price, respectively. The total available points equals 85 and the lowest evaluated price is \$45,000.

Basis of Selection - Highest Combined Rating Technical Merit (60%) and Price (40%)

	Bidder 1	Bidder 2	Bidder 3
Safety Rating Technical Score (Total Available = 20)	$(18/20) \times 20 = 18$	$(16/20) \times 20 = 16$	$(14/20) \times 20 = 14$
Pilot Package Score (Total Available = 40)	$(62/85) \times 40 = 29.18$	$(71/85) \times 40 = 33.41$	$(65/85) \times 40 = 30.59$
Total Technical Merit Score (Safety Rating + Pilot Package with the Total Available = 60)	$18 + 29.18 = 47.18$	$16 + 33.41 = 49.41$	$14 + 30.59 = 44.59$
Evaluated Bid Price	\$55,000	\$50,000	\$45,000
Pricing Score	$(45,000/55,000) \times 40 = 32.73$	$(45,000/50,000) \times 40 = 36.00$	$(45,000/45,000) \times 40 = 40.00$
Combined Rating	$47.18 + 32.73 = 79.91$	$49.41 + 36.00 = 85.41$	$44.59 + 40.00 = 84.59$
Overall Rating	3rd	1st	2nd

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.
