### **Solicitation Amendment #001**

This amendment is raised to:

1. Revise the solicitation closing date.
  2. Update Annex "D"- Bidder Questions and Canada Responses
- 

1. The solicitation closing date has been extended to June 17<sup>th</sup>, 2022 at 14:00H EDT.
2. Annex "D"- Bidder Questions and Canada Responses

Q1: Item 4.1.1.1 of part 4, M1, requires concrete evidence showing that ships of similar size have been stored in the last five years. Please confirm that a vessel with a gross tonnage greater than 100 tons and a length of more than 20 meters is acceptable?

R1: Yes, a ship greater than 100 tons and greater then 20m is acceptable.

Q2: At article 4.1.1.1- M2, is a letter of representation sufficient as proof?

R2: Yes, a letter of affirmation is sufficient.

Q3: In the specifications, item 4.16, it is requested to add equipment if necessary, and that this equipment will remain with the ship. Will this equipment be purchased by CCG using Form 1379?

R3: We deem the standalone equipment sufficient enough for Dartmouth, however, if the vessel is placed elsewhere, the temperatures may differ. Thus we agree that the project will pay for the purchased extra equipment through a 1379 if required to maintain the temperature and humidity levels described in the SOW.

*All other terms and conditions remain unchanged.*
