Amendment 002 – is being issued in response to Offeror's questions and Canada's responses.

Q1: *Annex A, STATEMENT OF WORK Criterion No 3.1.1
Assuming that the majority of parcels would fall under the maximum dimensions listed under the guidelines <https://www.canada.ca/en/department-national-defence/services/contact-us/write-troops/instructions-for-mailing-overseas.html> , would a maximum object size of 990 mm (width) and 985mm (height) be acceptable?*

A1: No. As the size of the of 990 mm and 985 mm is smaller than the authorized maximum it would not work.

Q2: *Annex A, Statement of Work, 3.1.19 Length; and 3.1.23 Work Area Extensions
We assume that the maximum overall length is 450cm (as per 3.1.19); would a long conveyor be acceptable without the use of work area extensions (3.1.23) provided this is still under the 450cm overall length?*

A2: Yes as long as the overall area is not exceeded. This is because we could stop the belt and use the belt space as work area if required.
