THIS SOLICITATION AMENDMENT IS RAISED TO:

1. Provide clarification and answer to questions from potential suppliers; and
2. Amend the SOW requirement paragraphs where required.

QUESTIONS AND ANSWERS:

Question 01	The Technical Bid Evaluation Matrix at Appendix 1 to Annex C does not reflect all of the mandatory criteria listed in Section 3 of Annex A to the SOW. Will the Technical Bid Evaluation Matrix be updated to match the SOW? Or do bidders only have to show compliance with the limited number of requirements in the current Technical Bid Evaluation Matrix?	
Answer 01	As part of their bid, bidders must show compliance with the limited number of requirements in the current Technical Bid Evaluation Matrix. However, by signing product conformance at para 5.3.3, the Bidder certifies that all equipment proposed conform, and will continue to conform throughout the duration of the contract, to all technical specifications of Annex A, Requirement.	
Question 02	Does Canada require training on the AEOS system in addition to the provision of training materials? If so, should the cost of this training be included in our financial bid?	
Answer 02	No, Canada does not require training on the AEOS system in addition to the provision of training materials	
Question 03	The SOW, Annex A, para 3.2.7, states that the AEOS must have a crosshair dot reticle. We are not familiar with this terminology. Would a normal red dot reticle meet this requirement?	
Answer 03	Yes, a normal red dot reticle will meet this requirement.	

THIS SOLICITATION IS HEREBY AMENDED AS FOLLOWS:

1) **AEOS ANNEX A – REQUIREMENT Para 3.2.7**

Delete: "The AEOS must have a crosshair dot reticle".

Insert: "The AEOS must have either a crosshair reticle or a red dot reticle."

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
