The above-noted solicitation is amended as follows:

**UNDER ANNEX "A-2" – INSTRUCTIONS AND MANDATORY TECHNICAL EVALUATION CRITERIA:
Delete and replace with:**

Each offer received will be evaluated to determine whether it meets the mandatory technical requirements listed below.

Failure to meet any of the mandatory requirements at solicitation closing will render your submission non-responsive and given no further consideration:

#	Mandatory Technical Criteria	Meets	Does not Meet	Offeror must indicate the page number or reference number where the information can be found in the submitted offer
M1	The Offeror must submit its Emergency Response Assistance Plan (ERAP) number with its Offer			
M2	<p>For each Geographic region that the Offeror is submitting an offer, the Offeror must provide with its Offer a website link or internet access to enable Identified Users to track Distribution Terminal Rack Pricing ("Rack Price") paid by the Offeror during the period of the Standing Offer.</p> <p>This does not have to be a link to a refinery website. It can be a link to the Offeror's website, portal or similar cloud file sharing where copies of the Offeror's current and historical Rack Price may be accessed by the Standing Offer Authority and Identified Users.</p> <p>The Offeror must remain prepared to distribute copies of Rack Pricing fluctuations upon request in the event that Identified Users are not granted the necessary permissions from their organization to connect to the Offeror's website or portal.</p> <p>Refer also to Item B.1 at Annex "B".</p>			
M3	For each Geographic region that the Offeror is submitting an offer, the Offeror must submit with its Offer a list of all Dealer locations, and confirm if portable cylinders may be obtained at these locations in the event that an Identified User is in transit to a job location and may require propane cylinders.			

UNDER ANNEX "B" BASIS OF PAYMENT, SECTION B.1 BULK LIQUID PROPANE
Delete and replace with:

B.1. BULK LIQUID PROPANE

Provision of pricing for bulk propane:

The Offeror must submit a single pricing sheet for EACH Region that they are submitting an Offer.

The firm unit price will be calculated as follows:

- (1) Distribution Terminal Rack Price ("Rack Price"). **A Rack Price of \$1.00 / L will be used for evaluation purposes only** for all 11 Regions. For Rack Price increase/decrease at time of delivery, please see Item (3) Price Adjustments – Bulk Propane below.
- (2) + Offeror's firm mark up price = \$ _____
- (3) = Offeror's Firm Unit Total Price = (1) + (2) = \$ _____ / L before Applicable Taxes.

Details of Item (2) above:

The mark up price by the Offeror includes all direct and indirect expenses incurred in providing the services including but not limited to all labour, fringe benefits, overhead, supervision, tools, equipment, materials, parts, manuals, travel time, travel and living expenses, transportation costs, reports, general and administrative costs, profit required to do the work, all related duties and other costs paid by the Supplier such as additional surcharges, transportation of hazardous materials handling fees or environmental fees, and charges for vehicle fueling facilities (fueling equipment such as pump, motor, calculator, hose and hose nozzle) which must meet federal and provincial requirements. The price includes all charges for transportation and unloading and for picking up and delivering propane cylinders at destination for filling.

Details of Item (3) above - Price adjustments - Bulk Propane:

The Firm Unit Total Price per litre indicated herein for bulk propane may be increased or decreased on the delivery date based on changes in the Rack Price charged to the Offeror (Item 1 above). All such increases and decreases must be substantiated with copies of notifications of increase/decrease provided to the Offeror by the producer or distributor of propane. Purchase prices ("Rack Prices") must be substantiated with copies of the Offeror's 's new price lists or copies of invoices indicating the prices charged before and after the fluctuations, as requested. The Offeror will provide a website link or internet access for each Region to enable Identified Users to track Distribution Terminal Rack Pricing ("Rack Price") fluctuations at any time during the period of the Standing Offer.

This does not have to be a link to a refinery website. It can be a link to the Offeror's website, portal or similar cloud file sharing where copies of the Offeror's current and historical Rack Price may be accessed by the Standing Offer Authority and Identified Users.

The Offeror must remain prepared to distribute copies of Rack Pricing fluctuations upon request in the event that Identified Users are not granted the necessary permissions from their organization to connect to the Offeror's website or portal.
