2 PHASE SELECTION PROCESS

IMPORTANT NOTICE TO BIDDERS

TWO PHASE SELECTION PROCESS

This is the first phase (Phase one) of a two-phase competition: the first phase will evaluate the qualifications of all bidders; second phase (Phase two) will invite the qualified bidders to provide a financial and technical bid on the project based on the specifications and drawings provided then. Upon award of contract in Phase Two the pre-qualification list resulting from first phase will expire and will not be used in any other solicitation.

DEBRIEFING:

Should a bidder desire a debriefing, the bidder should contact the person identified on the front page of the solicitation document within 15 working days of the notification of the results of the solicitation. The confidentiality of information relating to other submissions will be protected. The debriefing may be provided in writing, by telephone or in person.

LIST OF PRE-QUALIFIED BIDDERS:

A list of pre-qualified bidders from Phase One will be released. Contract award notice of the successful bidder of Phase Two will be posted on buyandsell.gc.ca

INSTRUCTIONS TO BIDDERS

1. TWO PHASE SELECTION PROCESS

Bidders responding to this selection process are requested to submit a bid in two phases. Phase One bid covers only the qualifications and experience of the Bidder. Following the evaluation of the submissions, bidders will be advised of their qualification result and the status of the tender. Phase Two Bidders will be provided a Invitation to Tender (ITT) for the financial and technical evaluation in relation to the specifications and drawings.

Documents may be submitted in either official language of Canada.

Mandatory Requirement for Phase Two:

The Government of Canada is committed to reconciliation and meaningful engagement with Indigenous Peoples. This project will take place on the traditional territories of the Gitga'at First Nations (herein referred to as "Indigenous Peoples").

As part of Canada's commitment to reconciliation with Indigenous Peoples, this procurement requires bidders to include an Indigenous Participation Requirement (IPR) that provides the local Indigenous Peoples on whose traditional territories the project is located, opportunities to participate in the performance of the federal Work through the provision of training and apprenticeship, labour and goods and services by Indigenous Firms (including Subcontracting). All bidders must provide specific planned participation for the Indigenous Peoples and firms owned by Indigenous Peoples throughout the duration of the project.

Canada has worked successfully in the past to leverage capacity building for Indigenous Peoples and is pleased to continue working collaboratively with Indigenous communities and stakeholders on all federal projects.

2. ENQUIRIES:

All enquiries are to be submitted to the Contracting Authority:

Name: Kipp Sezginalp

Telephone: 604-367-5341

- a. Bids must be submitted by using the Canada Post Corporation's (CPC) Connect service provided by. Faxed and hard copy bids (submitted in person or via mail/courier) will not be accepted for the subject bid solicitation.
- b. The only acceptable email address to use with CPC Connect for responses to bid solicitations issued by PWGSC is:

TPSGC.RPReceptiondessoumissions-PRBidReceiving.PWGSC@tpsgc-pwgsc.gc.ca

Note: Bids emailed directly to this email address will be rejected and deemed non-compliant. This email address is to be used to open a CPC Connect conversation, as detailed in c., or to send

proposals through a CPC Connect message if the Bidder is using its own licensing agreement for CPC Connect.

- c. To submit a bid using CPC Connect service, the Bidder must either:
 - i. send directly its bid only to the specified PWGSC Bid Receiving Unit, using its own licensing agreement for CPC Connect; or
 - ii. send as early as possible, and in any case, at least six business days prior to the solicitation closing date and time, (in order to ensure a response), an email that includes the bid solicitation number to the specified PWGSC Bid Receiving Unit requesting to open an CPC Connect conversation. Requests to open a CPC Connect conversation received after that time may not be answered.
- d. If the Bidder sends an email requesting CPC Connect service to the specified Bid Receiving Unit in the bid solicitation, an officer of the Bid Receiving Unit will then initiate a CPC Connect conversation. The CPC Connect conversation will create an email notification from Canada Post Corporation prompting the Bidder to access and action the message within the conversation. The Bidder will then be able to transmit its bid afterward at any time prior to the solicitation closing date and time.
- e. If the Bidder is using its own licensing agreement to send its bid, the Bidder must keep the CPC Connect conversation open until at least thirty (30) business days after the solicitation closing date and time.
- f. The bid solicitation number should be identified in the CPC Connect message field of all electronic transfers.
- g. It should be noted that the use of CPC Connect service requires a Canadian mailing address. Should a bidder not have a Canadian mailing address, they may use the Bid Receiving Unit address specified in the solicitation in order to register for the CPC Connect service.
- h. For bids transmitted by CPC Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the bid including, but not limited to, the following:
 - i. receipt of a garbled, corrupted or incomplete bid;
 - ii. availability or condition of the CPC Connect service;

This acknowledgement will confirm only the receipt of bid document(s) and will not confirm if the attachments may be opened nor if the content is readable.
- j. Bidders must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in CPC Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the CPC Connect system.
- k. A bid transmitted by CPC Connect service constitutes the formal bid of the Bidder.

4. JOINT VENTURE

1. A joint venture is an association of two or more parties who combine their money, property, knowledge, expertise or other resources in a single joint business enterprise, sometimes referred as a consortium, to bid together on a requirement. Bidders who bid as a joint venture must indicate clearly that it is a joint venture and provide the following information:
 - a. the name of each member of the joint venture;
 - b. the Procurement Business Number of each member of the joint venture, if applicable;
 - c. the name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable;
 - d. the name of the joint venture, if applicable.
2. If the information is not clearly provided in the bid, the Bidder must provide the information on request from the Contracting Authority.
3. The bid and any resulting contract must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The Contracting Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the bid solicitation and any resulting contract. If a contract is awarded to a joint venture, all members of the joint venture will be jointly and severally or solidarily liable for the performance of any resulting contract.

5. LIMITATION OF SUBMISSIONS

1. A Bidder may not submit more than one bid. This limitation also applies to the persons or entities in the case of a joint venture. If more than one bid is received from a Bidder (or, in the case of a joint venture, from the persons or entities), all such bids shall be rejected and no further consideration shall be given.
2. A joint venture is defined as an association of two or more parties which combine their money, property, knowledge, skills, time or other resources in a joint business enterprise agreeing to share the profits and the losses and each having some degree of control over the enterprise.
3. An arrangement whereby Canada contracts directly with a Contractor who may retain subcontractors to perform portions of the services is not a joint venture arrangement. A Subcontractor may, therefore, be proposed as part of the bidder team by more than one Bidder. The Bidder warrants that it has written permission from such Subcontractors to propose their services in relation to the services to be performed.
4. Notwithstanding paragraph 3. above, in order to avoid any conflict of interest, or any perception of conflict of interest, a Bidder shall not include in its submission another Bidder as a member of its team, as a Subcontractor.
5. Any joint venture entered into for the provision of professional services or other services must be in full compliance with the requirements of any provincial or territorial law pertaining thereto in the Province or Territory in which the project is located.
