Insert: the following new **PRE1 – Overview of Selection Process**

PRE 1 Overview of Selection Process

1. Request for Proposal (RFP) documents are obtained by bidders through the Government Electronic Tendering Services (GETS).
2. Responsive proposals are reviewed, evaluated and rated by a PWGSC Evaluation Board in accordance with the criteria, components and weight factors set out in the RFP.
3. PWGSC normally expects to advise in writing unsuccessful bidders within one week after PWGSC has entered into a contractual arrangement with the successful bidder.

Selection Process

The Selection Process has three (3) phases:

- A) Phase 1 - Mandatory Requirements;
- B) Phase 2 - Rated Proposal; and
- C) Phase 3 - Basis of Selection.

Phase 1 - Mandatory Requirements

Proposals will be examined to determine their compliance with the following MANDATORY requirements:

- (a) Bidders must be pre-qualified by Natural Resources Canada (NRCan) under the Federal Buildings Initiative (FBI) program;
- (b) Bidders must attend the Mandatory Bidders' Conference and sign the attendance form;
- (c) Bidders proposed Improvements must include the following mandatory requirements:
 - A core program that will provide a reduction in current GHG emissions by a minimum of 40% from the selected base year for the CSC Saskatchewan Penitentiary.

- **Provide a proposed solution to achieve Comfort Conditions, as defined in Appendix A, in building B11 (Kitchen/Dining) at the Saskatchewan Penitentiary.**
- **A core program that will achieve the minimum percentage of Indigenous Procurement Content Certification, as per GC6.**

- (d) Bidders must complete, sign and submit the following: Appendix “K”, entitled “Declaration/Certifications Form” If the required form is not included with the proposal, Canada will inform the bidder of a time frame within which to provide the information. Failure to provide the form within the time frame specified will render the proposal non-responsive. Providing the required form is a mandatory requirement for the award of a contract.
- (e) Bidders must submit documentation demonstrating the project financing of the proposed scope of work in the Proposal, from the proposed Lender for the project. Failure to provide the required documentation and the table with the bid will render the proposal non-responsive.

Documentation must include a detailed and dated letter from their Lender, demonstrating at a minimum the following information:

- The project name identified by the Lender
- The amount of financing available
- The validity period of financing offer by the Lender
- The specified term of the financing
- The rate if financing for all lending terms, (Fixed and Variable rates)
- The conditions for early repayment in whole or in part of the financing
- The fees associated with establishment of financing for the project
- The financing documentation signed by the Lender

- (f) Integrity Provisions – Associated Information

Bidders, who are incorporated, including those submitting proposals as a joint venture, must provide a complete list of names of all individuals who are currently directors of the bidder. Bidders submitting proposals as sole proprietorship, including those submitting proposals as a joint venture, must provide the name of the owner. Bidders submitting proposals as societies, firms or partnerships do not need to provide list of names. If the required names have not been received by the time the evaluation of proposals is completed, Canada will inform the bidder of a time frame within which to provide the information. Failure to provide the names within the time frame specified will render the proposal non-responsive. Providing the required names is a mandatory requirement for the award of a contract.

FAILURE TO MEET THE MANDATORY REQUIREMENTS WILL RENDER THE PROPOSAL AS NON-RESPONSIVE AND NO FURTHER EVALUATION WILL BE CARRIED OUT.

Phase 2 - Rated Proposal

Phase 2 will evaluate the responsive proposals (i.e. proposals meeting all mandatory requirements listed above), and award points. The points attributed to the Proposal will be based on the relative weighting factor and the evaluation criteria as detailed below. A rating from zero to ten (10) points will be assigned for each of the evaluation criteria

Threshold per Criteria

A proposal receiving less than sixty percent (60%) of the available points in each of the Project Management and Technical Information sections as detailed below will be deemed non-responsive and will be given no further consideration.

Phase 3 - Basis of Selection

The Basis of Selection for contract award for this requirement is the highest total scoring responsive proposal in accordance with the rated criteria detailed below.

The Total Score will be established as follows:

Project Management Rating	x 30%	=	Project Management Score (30 Points)
Technical Information Rating	x 40%	=	Technical Information Score (40 Points)
Financial Information Rating	x 30%	=	Financial Information Score (30 Points)
Total Score (maximum 100 Points)			

BIDDERS WILL NOT BE REIMBURSED FOR THE COST OF RESPONDING TO THIS REQUEST FOR PROPOSAL.
