AMENDMENT

Solicitation Amendment 004 is issued to address bidder enquiries.

Bidder Enquiry:

Q1: Are you able to provide us with the number of:

1. Unique SDSs and total SDSs used by the labs across all 12 lab locations?
2. Unique SDSs and total SDSs used only by the Winnipeg lab location?

A1: It is difficult to determine an exact number of unique SDSs between labs at this time, however the list below gives an approximate quantity of total SDSs currently for most locations. For Greater Toronto Area Laboratory, Ottawa Laboratory Fallowfield and Dartmouth Laboratory, it is expected that the total quantity of SDSs at each location will not exceed the Calgary Laboratory.

- | | |
|-------------------------------------|---|
| 1. Ottawa Laboratory Fallowfield | (Not expected to exceed quantity at Calgary Laboratory) |
| 2. Ottawa Laboratory Carling | 1451 SDSs |
| 3. Charlottetown Laboratory | 950 SDSs |
| 4. Sidney Laboratory | 800 SDSs (probably all unique) |
| 5. Longueuil Laboratory | 683 SDSs |
| 6. Saint-Hyacinthe Laboratory | 1041 SDSs |
| 7. Saskatoon Laboratory | 940 SDSs |
| 8. Calgary Laboratory | 3403 SDSs |
| 9. Burnaby Laboratory | 775 SDSs |
| 10. Greater Toronto Area Laboratory | (Not expected to exceed quantity at Calgary Laboratory) |
| 11. Lethbridge Laboratory | 2105 SDSs |
| 12. Dartmouth Laboratory | (Not expected to exceed quantity at Calgary Laboratory) |
| 13. Winnipeg Laboratory | 7977 SDSs (includes the lab and all the Winnipeg PHAC NML locations – CSCHAH, JC Wilt and their warehouse. They could not evaluate the number only for the lab. |

Q2: Annex D2, Article 2.10 requires the “ability to function with OMNI Assistant.” Can we get more clarification or detail as to how OMNI Assistant would need to function with our software? I want to ensure that I provide an accurate description of how we would be able to support this.

A2: The potential bidder would have to contact OMNITECH Innovations, as this is not a question we can answer. It is not a mandatory requirement, but instead a point-rated criteria. We would still prefer to have this functionality if possible.
