Solicitation Amendment 004 is issued to:

1. Extend the solicitation period ; and
 2. Answer questions received during the solicitation.
-

1. Extend the solicitation period

The solicitation period has been extended to August 2nd 2022 14:00 EDT.

2. Answer questions received during the solicitation

Question 1: Can Canada please clarify what they mean by “accessory” in Amendment 003 paragraph A1.4.3.2 which must have an IP 67 rating?

Answer 1: An accessory is any electronic device, such as a separate trigger or communication device, required for the system to function.

Question 2: Can we provide supporting information from the cable manufacturers showing that the cables are IP67 rated instead of doing our own testing on the cables?

Answer 2: Yes, supporting information from the manufacturer of the cables will be acceptable as proof of IP rating for the cables.

Question 3: Does the DRPS as a whole have to be IP67 rated even though the XRS-3 and Getac V110 have lower IP standards?

Answer 3: The DRPS must have an IP 67 rating as stated in Annex A - SOW. Canada may modify the XRS-3 generator in the future to increase the IP rating.

Question 4: We would like to request a three week extension

Answer 4: As the solicitation has already been extended previously, a further extension of an additional two weeks only is granted, as stipulated above.

Question 5: Please provide the technical specifications for the XRS-3 generator.

Answer 5: Technical specifications for the XRS-3 generator can be found on the Golden Engineering website at www.goldenengineering.com/products/xrs3

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
