This amendment 001 is raised to:

1. Answer questions from industry;
2. Extend the closing date to **July 22nd, 2022**

1. Questions from Industry

Q1: Is there a client preference towards either a Point Solution / Commercial off-the-shelf Solution aimed at fulfilling the requirements versus a platform-based (PaaS) type tool? Or would either of these options be considered?

A1: The preference would be for a Commercial off the shelf solution.

Q2: The RFP document states that the security requirement is unclassified. Are we to interpret this as - consulting staff involved in implementation of the system are not required to have security clearance with the Canadian Federal Government?

A2: Security clearance may be required if the successful bidder requires access to RCMP hardware or network.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
