Section 1 – Invitation and Instructions to Bidders

Section 2 – Resulting Contract including a list of required goods and services

SECTION 1 – INVITATION AND INSTRUCTIONS TO BIDDERS

Step 1. For Tier 2 and Tier 3 only (If Tier 1, skip this step and proceed with step 2)

Is this a Manufacturer Product Specific Procurement?

Step 2. Competitive or Non-Competitive

For competitive Requirements when only one bid is received:

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

For Competitive Requirements when only one bid is received:

The Bidder must provide the following information AFTER bid closing, if requested to do so by Canada:

- One or more of the following price justifications:
 1. a current published price list indicating the percentage discount available to Canada; or
 2. a copy of paid invoices for the like quality and quantity of the goods, services or both sold to other customers; or
 3. a price breakdown showing the cost of direct labour, direct materials, purchased items, engineering and plant overheads, general and administrative overhead, transportation, etc., and profit; or
 4. any other supporting documentation as requested by Canada.

For Non-Competitive Requirements:

The Bidder must provide the following information WITH the bid:

- One or more of the following price justifications:
 1. a current published price list indicating the percentage discount available to Canada; or
 2. a copy of paid invoices for the like quality and quantity of the goods, services or both sold to other customers; or
 3. a price breakdown showing the cost of direct labour, direct materials, purchased items, engineering and plant overheads, general and administrative overhead, transportation, etc., and profit; or
 4. any other supporting documentation as requested by Canada.

Step 3. General or PSIB

Terms of the RFB:

This RFB is issued pursuant to the Supplier's Furniture for Workspaces Supply Arrangement (SA) that forms part of the series of SAs issued by PWGSC with the number E60PQ-140003/PQ. The terms and conditions in the Supplier's SA apply to and form part of this RFB. Bidders who submit a bid agree to be bound by those terms and conditions as well as the terms and conditions in this RFB.

The WTCM is the Workspaces Terms and Conditions Manual that contains all terms and conditions in full text that form part of individual RFBs under this SA.

The Bidder must provide the following information WITH the bid:

- The information requested by Canada in Annex A herein.

The Bidder must also provide the information at article 4 below at the time indicated in article 3.

Security Requirement:

1. Conditions
 - a. the Bidder must hold a valid organization security (VOS) clearance as indicated in Annex B;
 - b. the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work site(s) must meet the security requirement as indicated in Annex B.
2. For additional information on security requirements, bidders should refer to the Canadian Industrial Security Directorate (CISD), Industrial Program of Public Works and Government Services Canada (<http://ssi-iss.tpsgc-pwgsc.gc.ca/index-eng.html>) website.
3. The conditions in article 1 above must be met by the Bidder:

Before the award of a contract. Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.
4. Bidders are to supply the following information, as a minimum, to demonstrate compliance with the Security Requirement.
 - a. The Bidder's valid VOS clearance number issued by CISD;
 - b. The name of all individuals who will require access to classified or protected information, assets or sensitive work sites. It is desirable to also include their date of birth, their middle name, and their security clearance number issued by CISD.

**ANNEX A
REQUIREMENT and BASIS OF PAYMENT**

1. Category Selection

Combined Categories Rule:

For reasons of compatibility, the following categories will be combined for evaluation and contract award purposes:

The rule only applies to the categories below that are checked. The unchecked categories will be evaluated separately and may be awarded to multiple suppliers;

- Category 1**
- Category 2**
- Category 5**

*** Exception: when using the Cat 1, 2, 5 combined categories rule, IU's may calculate the percentage of NSA product allowed (as defined in their solicitation document) against the total quantity of the combined categories.**

Design Upgrade Rule:

The IU may exercise an option to upgrade products up to 20% of each Category product total before Applicable Taxes after contract award.

The Design Upgrade amount is used at the discretion of the Project Authority (PA) **prior to the manufacturing/ordering of the products**, the PA will provide the Contractor with a written notice of Canada's Design Upgrade choices for each of the product(s) to be upgraded. The Contractor will provide the pricing of the upgraded product(s) to a maximum of 20% of each Category Contract Price of Table 8. The Contracting Authority will issue an amendment to the contract with the Design Upgrades and pricing.

The Supplier certifies that all the Design Upgraded products offered will conform to all specifications and meet the testing requirements detailed in the Specifications of the Supply Arrangement.

Design Upgrade: is the process of replacing a product with a more innovative or enhanced version of the same product.

NSA:

NSA products can be incorporated in the RFB and must not exceed 30% of the firm quantity by category. NSA items must be added to the category that is most closely related and must be generic.

The requirement includes the following category (ies) of work:

a. Category 1 – Interconnecting Panels and Freestanding Systems

Category 1a – Interconnecting Panels (Refer to Annex C)

Category 1b – Supporting components and freestanding furniture

RULE: Metal Storage

Identified Users may procure metal storage products forming part of Category 1 when the metal storage products will be part of a requirement for a workstation(s)/work point(s). If this rule does not apply, Category 3 must be used for the metal storage products forming part of this category.

b. Category 2 – Freestanding Height Adjustable Desk / Table Products

c. Category 3 – Metal Filing and Storage Cabinets

Identifying the maximum height of the Personal Storage Towers, Wardrobes and Storage Cabinets is acceptable as per 6B. 4.1 of the SA (table 1 Additional product details)

d. Category 4 – Wood Veneer – Freestanding Products

e. Category 5 – Ancillary and Lighting Products

f. Category 6 - Support Space – Collaborative Furniture

RULE: Category 6 can be further subdivided by space or like product in order to increase or allow competition. Space is defined as a location available for a particular purpose such as a meeting room space or a collaborative space. Like products are defined as products with similar design and construction. If NSA products form part of the requirement, the IU must validate the 30% NSA prior to subdividing the category. NSA products can be added to any subdivide or in its own subdivide.

The IU must identify how Category 6 will be subdivided in the Product Table for Category 6.

g. NSA Product(s) – Category(ies):

1B, 5B (separate table), 6-G4, 6-G5, 6-G7, 6-G9, 6-G11, 6-G15, 6-G16, 6-G17, 6-G23, 6-G24, 6-G26, 6-G27, 6-G28, 6-G29

2. Product and Pricing Tables

Site Inspection Date: To be coordinated with Project Authority after contract award. (Refer to Annex A article 4 of the SA for Site Inspection and Documentation instructions.)

INSTRUCTIONS TO BIDDERS: Bidders are to complete Sections B of the tables identified by the IU in this article as well as Tables 8 and 9. **Bidders must provide a complete product offering for each category, or CAT 6 sub-divide they wish to submit a bid in order to be compliant.**

****Refer to article 6A.7 for instructions on how to submit products that are not approved in product listing.****

In a resulting contract, the term "Bid" means the Supplier's commitment, the term "Bidder" means "Contractor".

**ANNEX C
FLOOR PLAN(S)**

INSTRUCTIONS TO BIDDERS:

For Category 1a products, the Bidders must provide:

- a) Completed floor plan(s) with proposed SA approved products;
- b) A product listing of proposed SA approved products offered at floor plan(s).
As a minimum the product listing must include the following information:
 - Supplier part numbers including NSA products forming part of this category;
 - brief product descriptions;
 - quantities;
 - firm unit prices

c) Bidders must provide a stackable panel system that consists of a Base panel with the required add-on module(s) as defined in the panel matrix of this requirement.

***** Products from categories other than Category 1a shown on floor plan are for information purposes only*****

By submitting a bid, the Bidder certifies that their submission includes all components and quantities for Category 1a, in accordance with the floor plans, panel details, panel matrices and/or workstation layouts stipulated in Annex C.

***At contract award, "By submitting a bid, the Bidder" becomes "The Contractor".**

Category 1a Requirement:

1) Floor Plan(s)

See attached pdf and AutoCAD floor plan

2) Panel Details

- a. All required panel heights: [Seated Privacy Add-on Height](#);
- b. When power is required, the power is located [below](#) work surface height; should a grouping of workstation types include shared panels and one side is identified as powered and the other side is non-powered, those panels affected must be powered.
- c. Type of power feed: [Base feed](#).
- d. ***See attached Workstation Typical pdf***

3) Panel Matrix and Workstation Layout

See attached Workstation Typical pdf

a. Panel Matrix

See attached Workstation Typical pdf

b. Workstation Layout(s)

See attached Workstation Typical pdf

- The floor plan takes precedent over any discrepancies with the workstation layouts.
- When two or more Workstation Typical types share a common panel spine, the finishes of the interior side of the workstation panel as outlined in the Typical Data Sheets must be followed and **NO PANELS SHALL BE DOUBLED. Where no workstation exists adjacent to Workstation Typical , refer to Data Sheet for finish.**
- Should one Workstation Typical identify power and the other does not – power will be required for both. Include Workstation Layouts (in the form of Typical Data Sheets or 3 Dimensional drawings) here or as a separate attachment to this RFB.

**ANNEX D
ADDITIONAL SPECIFICATIONS, CERTIFICATIONS**

This Annex includes the additional Specifications, Certifications associated with NSA product forming part of the requirement.

1. Certifications

1.1 NSA Product Conformance *(Required precedent to Issuance of a contract)*

The Supplier certifies that all the NSA products offered will conform to all specifications indicated in Annex A and D of the RFB, and meet the testing and performance requirements found at ANNEX A-1 and A-2 of the Supply Arrangement, as applicable.

Supplier's Signature

Date

NSA Product Conformance Certification *(applies after contract award)*

The Supplier warrants that the NSA Product Conformance Certification submitted by the Supplier with its bid is accurate and complete. The Supplier must keep proper records and documentation relating to the NSA product conformance and the testing requirements in this Annex, as applicable. The Supplier must not, without obtaining the prior written consent of the SAA, dispose of any such records or documentation until the expiration of the Contract or the expiry date of the Warranty, whichever is later. All such records and documentation must at all times during the retention period be open to audit, inspection and examination by the representatives of Canada, who may make copies and take extracts.

In addition, the Supplier must provide representatives of the SAA access to all locations where any part of the Work is being performed at any time during working hours. Representatives of the SAA may examine and test the Work as they see fit. The Supplier must provide all assistance and access to facilities, test pieces, samples and documentation that the representatives of the SAA may reasonably require for the carrying out of the inspection, which may also include the submission of test reporting documentation as listed in Annex A and D. The Supplier must forward such test pieces, samples and/or documentation that may also include letters of certification from the laboratories to such person or location as the representatives of the SAA specifies.
