Solicitation Amendment 002

Amendment 002 is issued to answer bidder questions, and make changes to the Canadian Content clauses contained in the solicitation document.

Q1. For Items TC1 and TC1.1 the requirement indicates BIFMA E3 Level 3. Would the client accept BIFMA E3 Level 2 certification for these items as it will open it up to Canadian Manufacturers to bid these?

A1. BIFMA level 3 must apply to TC1 and TC1.1. Note below an amendment to the Canadian Content clauses in the solicitation document.

Q2: For Item TC1 and TC1.1, would the client accept a T-shaped arm with height and lateral width adjustment?

A2: T-shaped arm with height and lateral width adjustment will not be accepted.

Q3. Will the CA accept a model with a 300 lbs weight rating, this exceeds the 275lb SA minimum?

A3. Weight ratings exceeding the SA requirements will be accepted

Q4. All the chairs on this tender have either a level 2 or a level 3, as these are going into the same facility we do not understand the inconsistency. It appears as though the client is trying to influence a specific manufacturer rather than advocate for a specific environmental rating. We are asking the CA to also accept a model with a BIFMA e3 Level 2 rating or make all items level 2 or all items level 3.

A4. The requirements for the LEVEL 3 task chairs are to meet functional needs for the areas they are to be used. Note below an amendment to the Canadian Content clauses in the solicitation document.

Q5. In regards to the above mentioned solicitation, and looking at TC1 & TC1.1, the specification calls for a cantilever arms, which favors one specific manufacturer. In the best interest of the client, and to allow for multiple bids, would the client also accept a T-shape arm with all of the same functions & adjustments?

A5. PSPC Response: Cantilever arm is an option on the chair builder and is required for this project.
