La modification 001 est émise pour modifier l'annexe A-1, l'annexe E et répondre aux questions reçues.

1) À l'annexe A-1 :

Supprimer : dans son intégralité

Insérer : l'annexe A-1 ci-jointe

2) À la page 30 de 38 de la sollicitation, Annexe E – Offre financière :

Supprimer : dans son intégralité

Insérer :

ANNEXE E – PROPOSITION FINANCIÈRE

Basé sur la méthodologie détaillée ci-dessous, les soumissions répondant à tous les critères obligatoires seront évaluées sur la base de leur proposition financière.

1. Calcule de Prix

Soumissionnaires avec le plus bas prix par article sera recommandée pour attribution d'un contrat.

Les articles **97 au 108** seront évalués par le prix global le plus bas par regroupement pour cet article. À titre d'exemple, le soumissionnaire avec le prix global le plus bas par regroupement pour l'article numéro 97A, 97B, 97C et 97D sera attribué tous les produits énumérés dans cet article.

Si une soumission est soumise pour les articles par regroupement, le soumissionnaire doit soumettre un prix pour chaque article au sein du regroupement. Les soumissions ne contenant pas un prix pour chaque article seront jugées non recevables pour ce regroupement.

À l'annexe A-1, les soumissionnaires doivent remplir leur prix unité ferme par unité de mesure (u de m) dans la colonne (B), *Prix Ferme par Unité de Mesure*. Le prix unitaire figurant dans la colonne (B) sera multiplié par la quantité totale dans la colonne (A), *Quantités Totales Estimées Maximum*, pour donner un prix total dans la colonne (C) (ex: $A \times B = C$).

Le prix par unité de mesure doit rester la même indépendamment de la taille de format. Par exemple, si le prix unitaire est \$0.25, il reste la même pour une bouteille de 100 (\$25.00) ou 200 (\$50.00).

Une copie électronique de l'annexe A-1 peut être demandée à l'autorité contractante en envoyant un courriel à : kassandra.eady@tpsgc-pwgsc.gc.ca au moins 5 jours avant la date et l'heure de la fermeture de la sollicitation.

3) Publier les questions et réponses liées à la sollicitation :

Question 1 : *Quelle est l'unité de mesure de l'article 47 Lidocaïne ? Ampoules ou flacons ?*

Réponse : Les flacons et les ampoules sont acceptables.

Question 2 : *Quel est le format requis de l'unité de mesure pour #47 Lidocaïne ?*

Réponse : Le format requis est de 5 ml.

Question 3 : *Quel est le format requis de l'unité de mesure pour l'article #58 Naloxone, 1ml ou 10ml ?*

Réponse : 1 ml.

Question 4 : *Quelle est l'unité de mesure requise pour l'article #58 Naloxone ?*

Réponse : Ampoule.

Tous les autres termes et conditions demeurent inchangés.

ANNEX A-1

*The unit price contained in Column B will be multiplied by the total quantity in Column A to give a total extended price in Column C (ex: A x B = C). The price per unit of measure must remain the same regardless of format size. As an example, if the unit price per tablet was \$0.25 it would remain the same for a bottle of 100's (\$25.00) or for a bottle of 200's (\$50.00).

**The format size indicated in this column are to provide suppliers with an indication of the most commonly ordered bottle/pack sizes by the Identified Users and in no way represents a commitment on the part of Canada. Identified Users reserve the right to order additional format sizes available but not listed in this column.

Items 97 to 108 will be evaluated by the lowest aggregate price per grouping for that item.

As an example, the bidder with the lowest aggregate price per grouping for items #97A, 97B, 97C and 97D will be awarded all the products listed in that grouping.

If bidding on an aggregate grouping, the bidder must submit a price for each item within the grouping. Bids not containing a price for each item will be deemed non-responsive for that grouping.
