PART 2 - SUPPLIER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

The 2008 standard instructions is amended as follows:

- Section 08, entitled Submission of arrangements, is amended as follows:
subsection 2. is deleted entirely and replaced with the following:

2. epost Connect

- a. Unless specified otherwise in the RFSA, arrangements may be submitted by using the epost Connect service provided by Canada Post Corporation.
 - i. PWGSC, National Capital Region: The only acceptable email address to use with epost Connect for responses to RFSA's issued by PWGSC headquarters is:

tpsgc.dgareceptiondessoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca
or if applicable, the email address identified in the RFSA.
 - ii. PWGSC regional offices: The only acceptable email address to use with epost Connect for responses to RFSA's issued by PWGSC regional offices is identified in the RFSA.
- b. To submit an arrangement using epost Connect service, the Supplier must either:
 - i. send directly its arrangement only to specified PWGSC Bid Receiving Unit using its own licensing agreement for epost Connect provided by Canada Post Corporation; or
 - ii. send as early as possible, and in any case, at least six business days prior to the RFSA closing date and time, (in order to ensure a response), an email that includes the RFSA number to the specified PWGSC Bid Receiving Unit requesting to open an epost Connect conversation. Requests to open an epost Connect conversation received after that time may not be answered.
- c. If the Supplier sends an email requesting epost Connect service to the specified Bid Receiving Unit in the RFSA, an officer of the Bid Receiving Unit will then initiate an epost Connect conversation. The epost Connect conversation will create an email notification from Canada Post Corporation prompting the Supplier to access and action the message within the conversation. The Supplier will then be able to transmit its arrangement afterward at any time prior to the RFSA closing date and time.
- d. If the Supplier is using its own licensing agreement to send its arrangement, the Supplier must keep the epost Connect conversation open until at least 30 business days after the RFSA closing date and time
- e. The RFSA number should be identified in the epost Connect message field of all electronic transfers.
- f. It should be noted that the use of epost Connect service requires a Canadian mailing address. Should a supplier not have a Canadian mailing address, they may use the Bid Receiving Unit address specified in the RFSA in order to register for the epost Connect service.
- g. For arrangements transmitted by epost Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the arrangement including, but not limited to, the following:
 - i. receipt of garbled, corrupted or incomplete arrangement;
 - ii. availability or condition of the epost Connect service;

- iii. incompatibility between the sending and receiving equipment;
 - iv. delay in transmission or receipt of the arrangement;
 - v. failure of the Supplier to properly identify the arrangement;
 - vi. illegibility of the arrangement;
 - vii. security of arrangement data; or
 - viii. inability to create an electronic conversation through the epost Connect service.
- h. The Bid Receiving Unit will send an acknowledgement of the receipt of arrangement document(s) via the epost Connect conversation, regardless of whether the conversation was initiated by the supplier using its own license or the Bid Receiving Unit. This acknowledgement will confirm only the receipt of arrangement document(s) and will not confirm if the attachments may be opened nor if the content is readable.
- i. Suppliers must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in epost Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the epost Connect system.
- j. An arrangement transmitted by epost Connect service constitutes the formal arrangement of the Supplier and must be submitted in accordance with section 05.

All instructions, clauses and conditions identified in the Request for Supply Arrangements (RFSA) by number, date and title are set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Suppliers who submit an arrangement agree to be bound by the instructions, clauses and conditions of the RFSA and accept the clauses and conditions of the Supply Arrangement and resulting contract(s).

The 2008 (2020-05-28) Standard Instructions - Request for Supply Arrangements - Goods or Service, are incorporated by reference into and form part of the RFSA.

Subsection 5.4 of 2008 (2020-05-28) Standard Instructions - Request for Supply Arrangements - Goods or Services, is amended as follows:

Delete: sixty (60) days

Insert: one hundred twenty (120) days

2.2 Submission of Arrangements

Arrangements must be submitted only to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated in the RFSA.

Note: For suppliers submitting using epost Connect for arrangements closing at the Bid Receiving Unit in the National Capital Region (NCR) the email address is:

tpsgc.dgareceptiondessoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca

Note: Arrangements will not be accepted if emailed directly to this email address. This email address is to be used to open an epost Connect conversation, as detailed in Standard Instructions 2008 (2020-05-28) or to send arrangements through an epost Connect message if the bidder is using its own licensing agreement for epost Connect.

Due to the nature of the Request for Supply Arrangements, transmission of arrangements by facsimile or paper will not be accepted.

2.3 Former Public Servant - Notification

Service contracts awarded to former public servants in receipt of a pension or a lump sum payment must bear the closest public scrutiny and reflect fairness in the spending of public funds. Therefore, the bid solicitation will require that you provide information that, were you to be the successful bidder, your status with respect to being a former public servant in receipt of a pension or a lump sum payment, will be required to report this information on the departmental websites as part of the published proactive disclosure reports generated in accordance with Treasury Board policies and directives on contracts with former public servants, Contracting Policy Notice 2012-2 and the Guidelines on the Proactive Disclosure of Contracts

2.4 Federal Contractors Program for Employment Equity - Notification

The Federal Contractors Program (FCP) for employment equity requires that some contractors make a formal commitment to Employment and Social Development Canada (ESDC) - Labour to implement employment equity. In the event that this Supply Arrangement would lead to a contract subject to the Federal Contractors Program (FCP) for employment equity, the bid solicitation and resulting contract templates would include such specific requirements. Further information on the Federal Contractors Program (FCP) for employment equity can be found on Employment and Social Development Canada (ESDC) - Labour's website.

2.5 Enquiries - Request for Supply Arrangements

All enquiries must be submitted electronically in writing to the Supply Arrangement Authority no later than ten (10) calendar days before the Request for Supply Arrangements (RFSa) closing date. Enquiries received after that time may not be answered.

Suppliers should reference as accurately as possible the numbered item of the RFSa to which the enquiry relates. Care should be taken by Suppliers to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that Suppliers do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Suppliers. Enquiries not submitted in a form that can be distributed to all Suppliers may not be answered by Canada.

2.6 Applicable Laws

The Supply Arrangement (SA) and any contract awarded under the SA must be interpreted and governed, and the relations between the parties determined, by the laws in force in the province of Ontario.

Suppliers may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of the arrangement, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the suppliers.

2.7 Basis for Canada's Ownership of Intellectual Property

Canada has determined that any intellectual property rights arising from the performance of the Work under the resulting contract(s) will belong to Canada, on the following grounds: where the material developed or produced consists of material subject to copyright, with the exception of computer software and all documentation pertaining to that software.

To assist Canada in reaching its objectives, suppliers should:

Section I: Technical Arrangement

In the technical arrangement, suppliers should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

Section II: Certifications

Suppliers must submit the certifications and additional information required under Part 5.

Section III: Additional Information

Suppliers must submit the additional information requested in Annex B - Integrity Provisions and Supplier's Profile
