

Attachment A&B

Attachment A – Environmental Review Checklist

PART I - LAND USE HISTORY

1. *Property Name:* _____

Address/Land Description: _____

First Nation: _____

2. General physical description and present use of subject property, adjacent properties and any structures located on these properties (append photographs, aerial photographs, surveys and site maps, if available):

Surrounding land use:

Site Appearance and Facilities:

Topography and drainage:

Geology and Groundwater:

3. List all easements and rights of way affecting property:

4. List owner and/or occupant and land uses from 1900 to present:

Dates	Owner/Occupant or Third Parties	Occupant's interest in property (e.g. Leasehold, licence)	Use of Site by Owner/Occupant

5. *Indicate the proposed or intended use of this site (if known):* Future purpose is intended for industrial/commercial development.

	YES	NO	Unknown
6. Is the zoning inconsistent with the intended land use?			

	YES	NO	Unknown
7. Has the property ever been used for industrial manufacturing (e.g. gasification works or high technology equipment)?			
8. Are there transformers, capacitors, or other electrical equipment including fluorescent light fixtures, present on site that were installed prior to 1980? If yes, has this equipment been tested for the presence of polychlorinated biphenyls (PCB)? Test results:			
9. Is there urea formaldehyde foam insulation or asbestos-containing materials (e.g. pipe insulation) present on site?			
10. Is there any reason to suspect that any of the following substances have been or are being used, stored or disposed of on-site?			
(a) pesticides/herbicides			
(b) other chemicals			
(c) petroleum products			
(d) radioactive materials			
(e) chlorofluorocarbons (CFC)			
(f) polychlorinated biphenyls			
(g) wastes of any type			
If yes, describe nature and extent:			
11. Are there, or have there ever been, underground or aboveground tanks, drums or storage containers located on-site? If yes, state their former/present contents and, if they have not been removed, indicate their age, the date of the last test and test results:			
12. Is there evidence or knowledge of spills or leaks occurring on-site (e.g. fuel stained soil)? If yes, describe:			
13. Is there evidence or knowledge of spills or leaks occurring on adjacent properties? If yes, is there evidence that these spills or leaks have affected or are likely to affect the subject property?			
14. Are there any waste streams other than to sanitary sewer or municipal solid waste systems? If yes, describe:			
15. Has large-scale equipment or vehicle maintenance ever been conducted on-site? If yes, describe:			

PART II - GOVERNMENT AND OTHER SEARCHES

16. Name(s) and position(s) of government contact(s) and date(s) contacted:
17. Have any permits, licences, orders or approvals relating to the environment been granted by the federal, provincial or municipal authorities? If yes, are they in good standing?

18. Have any legal proceedings relating to the environment (e.g., warnings, actions, applications, investigations, orders, rulings, or fines) been commenced/issued against a present/former owner/occupant of the subject property? If yes, provide details:
19. List results of title, execution and any company searches which may have been done:

PART III - CONTACTS/SITE VISIT

20. Persons contacted/interviewed and their connection to the subject property:
21. Site visit completed by (append site visit checklist):

Name:

Date:

PART IV – RECOMMENDATIONS (ISC Only)

22. following Steps 1-3, I have determined that:	CHECK ONE STATEMENT
i) No contamination is indicated; transaction may proceed.	
ii) Insignificant (low level) contamination of an acceptable nature is indicated; transaction may proceed without a site investigation (follow criteria and guidelines in Ch. 9, Lands Manual).	
iii) Insignificant (low level) contamination of an uncertain nature is indicated; transaction may not proceed without a site investigation to determine full nature and extent of contamination (follow criteria and guidelines in Ch.9, Lands Manual).	
iv) Significant contamination is indicated; transaction may not proceed without a site investigation to determine full nature and extent of contamination, following which clean-up will likely be required (follow criteria and guidelines in Ch. 9, Lands Manual).	

23. Provide rationale for either proceeding/not proceeding with a site investigation: No contamination is indicated and therefore a further site visit is not warranted.
24. If a site investigation and clean-up are required, who assumes the costs? N/A
25. Following a site investigation, I have determined that (select one): N/A
- i) No contamination is indicated; transaction may proceed.

- ii) Insignificant (low level) contamination of any acceptable nature is indicated; transaction may proceed without a clean-up (follow criteria and guidelines in Ch.9, Lands Manual).
- iii) Significant contamination is indicated; transaction may not proceed without a clean-up (follow criteria and guidelines in Chapter 9, Lands Manual).

26. Indicate name of consultant(s), date site investigation was commenced/completed and append copy of consultant(s)' report(s): N/A

27. Where a clean-up is required, indicate name of consultant(s), date clean-up was commenced/completed and append copy of consultant(s) report(s): N/A

SUPPORTING DOCUMENTS (Note: List all supporting documents below.)

APPENDIX "D" PREPARED BY:

Name:
Title:
Department:
Date:

Attachment B - Site Visit Checklist

Property Name: _____

Address/Land Description: _____

Municipal address, if any: _____

Owner notified of site visit? _____

Indicate whether the following have been observed on the subject property and provide details where appropriate:

ITEM	PRESENT (Y/N)	COMMENTS
Buildings		
Storage, repair, maintenance facilities		
Outhouses		
Miscellaneous structures		
Sewers, drains, septic systems		
Waste streams (other than to sanitary sewer or municipal solid waste systems)		
Aboveground or underground tanks, drums or storage containers		
Tank vent pipes		
Tank fill pipes		
Electrical transformers or capacitor equipment (including florescent lighting)		
Landfill/waste disposal		

ground/garbage dump (current or abandoned)		
Incinerators		
Hazardous waste generators		
Scrap yard (e.g. scrap metals, car bodies, etc.)		
Polluted ditches, ponds, streams, creeks, rivers, lakes		
Ground water wells		
Spills (e.g. oil, fuel, chemical)		
Soil staining		
Suspicious soil depressions or mounds		
Vegetation stress related to pollution		
Wildlife stress related to pollution		
Other		
Use of surrounding or adjacent properties:	North	
	South	
	East	
	West	

If any of the above indicates any degree of health or environmental hazards are present, provide details:
N/A

Site Visit conducted by:

Date of site visit:

ANNEX B – GROUP 1 - SITE SPECIFIC INFORMATION

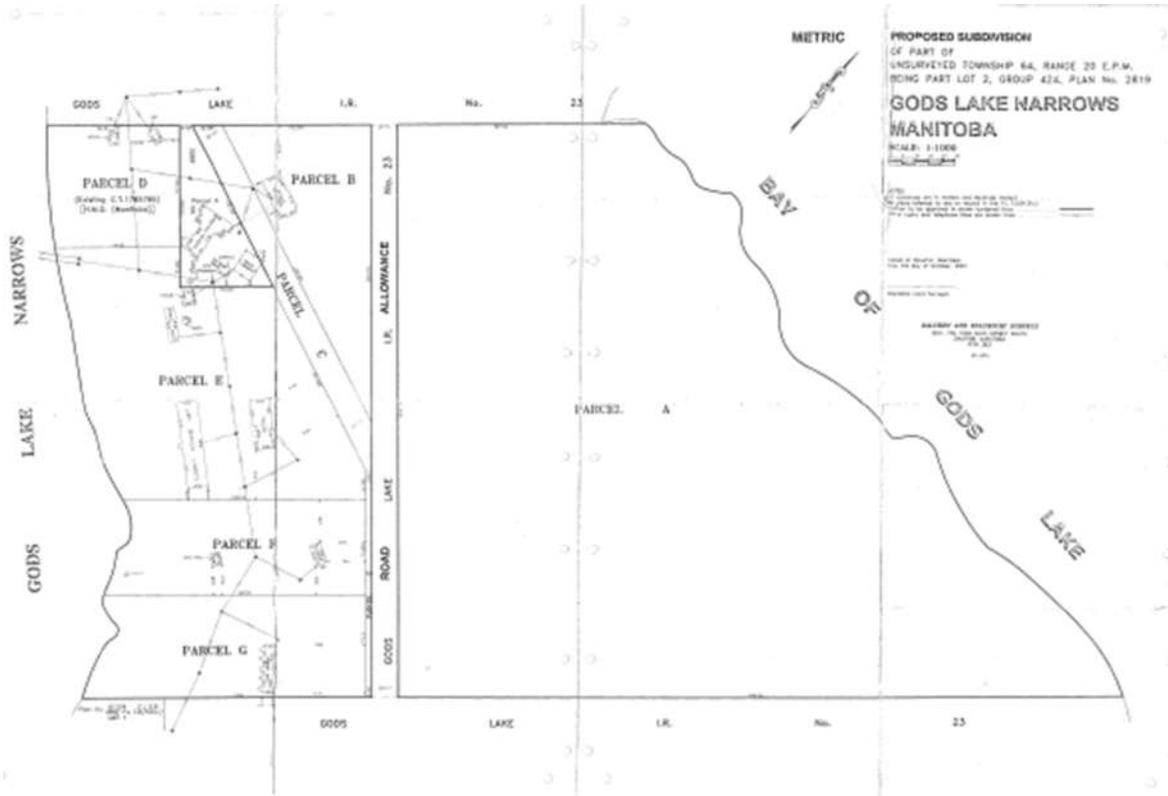

1.0 Opaskwayak Cree Nation

1.1 Donfield Farms (15-01)

Parcel Name/Site Name:	Donfield Farms (15-01) (Selection)
Acreage:	3 non-adjacent parcels Total Acreage: 2,640 acres
Coordinates	53° 38' 56.57" N, 101° 23' 07.82 W
Land Description:	Parts Sections 4, 5, 9 and 10 Township 54 Range 27 WPM and parts sections 31, 32 35 and 36 Township 53 Ranges 27 and 28 WPM in RM Kelsey
Activity Required:	Phase I ESA
Site Specific Information	<p>The site is located approximately 1 km northeast of the airport which services the community. The site is located within the local community network.</p> <p>A limited Phase I ESA was completed in 2020-2021, the remaining work to sufficiently develop a Phase I ESA as per the CSA Z768-01 is to be completed.</p>
Historical Documents:	<p>2013, Mosala. Environmental Review Update God's Lake Nation TLE Selection – United Church Lands. – GCDocs: 1110837</p> <p>2021, Dillon Consulting. Limited Phase I Environmental Site Assessment Desktop Review – Church Lands – GCdocs: 89250138</p> <p>Maps and Figure - 2001 - Proposed Subdivision Plan - God's Lake - Church Lands</p>

Maps/Figures:

- Proposed Subdivision Plan:

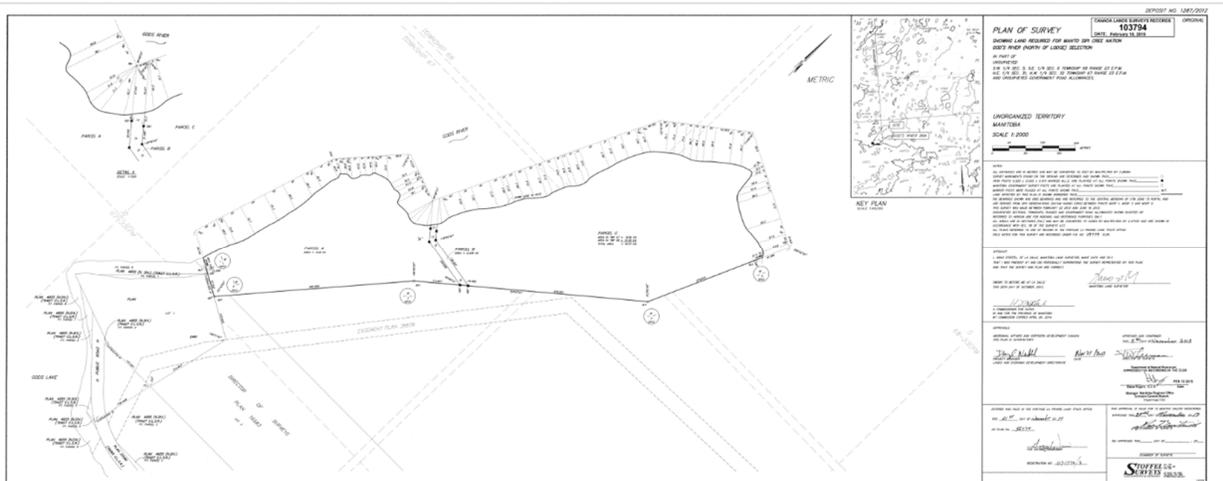

2.0 Manto Sipi Cree Nation
 2.1 God's River (20) (North of Lodge)

Parcel Name/Site Name:	God's River (20) (North of Lodge)
Acreage:	75.19 acres
Coordinates	54°50'49.21"N 94° 5'3.08"W
Legal Description:	In part of Unsurveyed S.W. 1/4 Sec. 5, S.E. 1/4 Sec. 6 Township 68 Range 23 E.P.M. N.E. 1/4 Sec. 31, N.W. 1/4 Sec. 32 Township 67 Range 23 E.P.M. and Unsurveyed Government Road Allowances
Activity Required:	Phase I ESA
Site Specific Information	The parcel is located approximately 1 km northeast of the main community airport. The site is connected to the local road network. It was previously reported that the site contains small pockets of household garbage along the southern edge.
Historical Documents:	2013, Mosala. Manto Sipi Cree Nation – TLE Selections – Phase I Environmental Site Review – Gods River (North of Lodge), Johnson Bay (Amended), Neekwaskan 15.2, Neekwaskan 15.4 - GCDocs: 18960156 2015, Mosala. 3.0 Nisichawayasihk Cree Nation

3.1 Kinipochikomanan Indian Reserve (Formerly Driftwood Rapids to Grindstone Rapids and Addition)

Parcel Name/Site Name:	Kinipochikomanan Indian Reserve (Formerly Driftwood Rapids to Grindstone Rapids and Addition)
Acreage:	1117.66 acres
Coordinates	55°31'6.58"N 99°19'11.77"W; 55°30'33.48"N 99°19'30.33"W
Ministerial Order Legal Description:	Parcels A, B, and C, which parcels are shown on a Plan of Survey of part unsurveyed Township 75, Ranges 12 and 13, West of the Principal Meridian, filed in the Portage la Prairie Land Titles Office as Plan Number 64949 and recorded in the Canada Lands Surveys Records as Number 108476; including all mines and minerals.
Activity Required:	Site Visit and Updated Phase I ESA
Site Specific Information	Generally forested vacant land. The Burntwood River runs through the site. The site is remote access and can be accessible via float plane or by boat.
Historical Documents:	2002, Hnatiuk. Environmental Site Investigation – Part 1 – GCDocs: 19416418 2010, Mosala. Nisichawayasihk Cree Nation TLE Selections - Phase I Environmental Site Review. – GCDocs: 19558011 2010, Mosala. GCDocs: 89248726 Maps and Figure – 2019, Canada Lands Surveys Records - CLSR 108476

3.2 Wuskwatim Brook Indian Reserve (Formerly Wuskwatim Brook)

Parcel Name/Site Name:	Wuskwatim Brook Indian Reserve (Formerly Wuskwatim Brook)
Acreage:	365.72 acres
Coordinates	55°28'21.14"N 98°45'18.67"W
Ministerial Order Legal Description:	Parcel A, which parcel is shown on a Plan of Survey of part unsurveyed Township 75, Range 9, West of the Principal Meridian, filed in the Portage la Prairie Land Titles Office as Plan Number 64952 and recorded in the Canada Lands Surveys Records as Number 108398; Including all mines and minerals.
Activity Required:	Site Visit and Updated Phase I ESA
Site Specific Information	The site is remote, vacant and generally forested. The site is remote and can be accessed via float plane or boat.
Historical Documents:	<p>2010, Mosala. Nisichawayasihk Cree Nation TLE Selections - Phase I Environmental Site Review. – GCDocs: 19558011</p> <p>2021, Dillon Consulting. ANNEX C - GROUP 2 - SITE SPECIFIC INFORMATION

1.0 Opaskwayak Cree Nation

1.1 Barrier Settlement (1-06) (Acquisition) (Includes Parcel A, PCL D, PCL E, and Parcel G)

Parcel Name/Site Name:	Barrier Settlement (1-06) (Acquisition) (Includes Parcel A, PCL D, PCL E, and Parcel G)
Acreage:	137.67 acres
Coordinates	53°55'1.83"N 101°43'39.68"W
Land Description:	<p>Area of Parcel A in Frac. N.E. 1/4 & Frac. S.E. 1/4 Sec. 8, Twp. 57, Rge. 29 W.P.M.</p> <p>Area of Parcel D in Frac. N.E. 1/4 & Frac. S.E. 1/4 Sec. 8, Twp. 57, Rge. 29 W.P.M.</p> <p>Area of Parcel E in Frac. S.E. 1/4 Sec. 8, Twp. 57, Rge. 29 W.P.M.</p> <p>Area of Parcel G in Frac. N.E. 1/4 & Frac. S.E. 1/4 Sec. 8, Twp. 57, Rge.29 W.P.M.</p>
Activity Required:	Phase I ESA
Site Specific Information	<p>The site is located approximately 32 km northeast of the Opaskwayak Cree Nation community, along the north shore of the Saskatchewan River. The site is accessible via float plan, helicopter or via boat.</p> <p>The site is currently unoccupied. Historically approximately 5 families occupied the site.</p> <p>Located within the centre south of this site is the “Barrier Settlement (8) (Selection) (Includes Parcel B, Parcel C, and PCL F)” site.</p>
Historical Documents:	<p>2000, Hnatiuk. Environmental Site Investigation – Yawningstone, Barrier Settlement, Rocky Lake – GCDocs: 20492612</p> <p>2008, O’Keefe. OCN Barrier Settlement Environmental Review Report Update – GCDocs: 24162648</p> <p>2010, O’Keefe, OCN Barrier Settlement Including Lot 7 and the Road Reserve Environmental Review Report Update - GCDocs: 20492641</p> <p>Map/Figure – 2017, Plan of Survey – GCDocs: 90692951</p>

1.2 Barrier Settlement (8) (Selection) (Includes Parcel B, Parcel C, and PCL F)

Parcel Name/Site Name:	Barrier Settlement (8) (Selection) (Includes Parcel B, Parcel C, and PCL F)
Acreage:	9.85 acres
Coordinates	53°54'48.19"N 101°43'39.10"W
Land Description:	<p>Area of Parcel B in Frac. N.E. 1/4 & Frac. S.E. 1/4 Sec. 8, Twp. 57, Rge. 29 W.P.M.</p> <p>Area of Parcel C in Frac. N.E. 1/4 & Frac. S.E. 1/4 Sec. 8, Twp. 57, Rge. 29 W.P.M.</p> <p>Area of Parcel F in Frac. S.E. 1/4 Sec. 8, Twp. 57, Rge. 29 W.P.M.</p>
Activity Required:	Phase I ESA
Site Specific Information	<p>The site is located approximately 32 km northeast of the Opaskwayak Creek Nation community, along the north shore of the Saskatchewan River. The site is accessible via float plan, helicopter or via boat.</p> <p>A cabin, outhouses, two derlict trucks, several metal drums, some wood and metal debris were identified in the centre of the site.</p> <p>The site is surrounded by the “Barrier Settlement (1-06) (Acquisition) (Includes Parcel A, PCL D, PCL E, and Parcel G).”</p>
Historical Documents:	<p>2000, Hnatiuk. Environmental Site Investigation – Yawningstone, Barrier Settlement, Rocky Lake – GCDocs: 20492612</p> <p>2008, O’Keefe. OCN Barrier Settlement Environmental Review Report Update – GCDocs: 24162648</p> <p>2010, O’Keefe, OCN Barrier Settlement Including Lot 7 and the Road Reserve Environmental Review Report Update - GCDocs: 20492641</p> <p>Map/Figure – 2017, Plan of Survey – GCDocs: 90692951</p>

1.3 Cemetery Lake Phase 1

Parcel Name/Site Name:	Cemetery Lake Phase 1
Acreage:	1116 acres
Coordinates	53°47'26.74"N 101°12'20.53"W
Land Description:	Part Sections 23, 26, 27, 34, Part NW 1/4 and all SE 1/4 Section 35, Township 55 Range 26 W.P.M. located adjacent to the Town of The Pas
Activity Required:	Completion of the Phase I ESA begun in 2020-2021
Site Specific Information	<p>The site is vacant and is accessible from PTH #10 which passes through the parcel. Cemetery Lake Phase 1 refers to the Unencumbered areas (See Regional Survey Map Below)</p> <p>A limited Phase I ESA was completed in 2020-2021, the remaining work to sufficiently develop a Phase I ESA as per the CSA Z768-01 is to be completed.</p>
Historical Documents:	<p>2002, Hnatiuk. Opaskwayak Cree Nation Additions to Reserve Environmental Site Review – Gcdocs: 25514584</p> <p>2013, O’Keefe. Limited Phase I Environmental Site Assessment – Cemetery Lake, Opaskwayak Cree Nation, Manitoba – GCDocs: 89901886</p> <p>Maps and Figure – 2019, Provisional Selection Map – GCDocs: 52703411</p>

1.4 No. 10 Addition

Parcel Name/Site Name:	No. 10 Addition
Acreage:	277 acres
Coordinates	53°51'50.68"N 101°19'11.67"W
Land Description:	Part of unsurveyed township 19, 30 & 31 Range 57 – it could also be described as the provincial crown land north and east of the Big Eddy settlement and west of highway 10
Activity Required:	Phase I ESA
Site Specific Information	The site is located adjacent to the Opaskwayak Cree Nation Reserve No. 21E. The site is accessible year round from PTH number 10. At this time it is unknown if there are any buildings or structures associated with the site.
Historical Documents:	Map/Figure – 2019, Provisional Plan of Survey – GCDocs: 93846863

Map/Figure

- Provisional Plan of Survey:

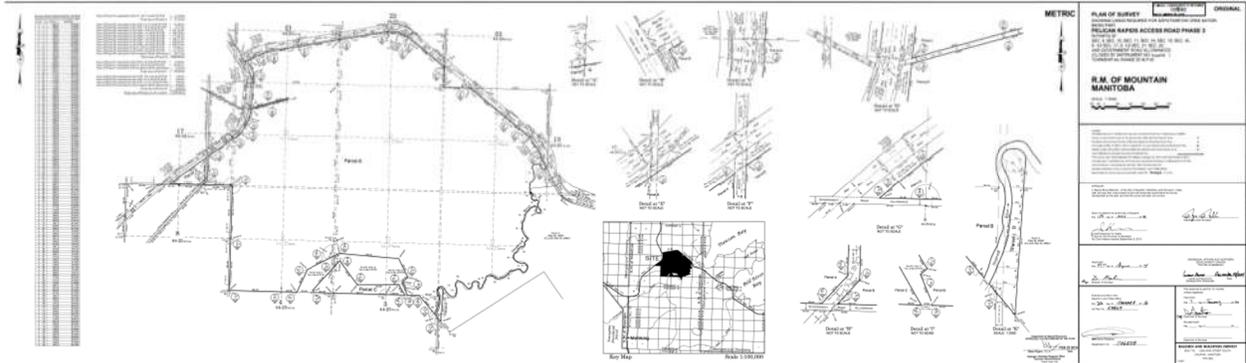

2.0 Sapotaweyak Cree Nation

2.1 Sapotaweyak Cree Nation Steep Rock Marsh Indian Reserve (formerly Pelican Rapids Access Road Phase 3 (5-02))

Parcel Name/Site Name:	Steep Rock Marsh Indian Reserve (5-02) (Formerly Pelican Rapids Access Road Phase 3 (5-02))
Acreage:	3900.01 acres
Coordinates	52°47'11.30"N 101° 0'48.38"W
Land Description:	Parcels A, B, C, and D, which parcels are shown on a plan of survey in parts of NW 1/4 Section 2, NE 1/4 Section 3, Sections 9, 10, 11, 14, 15, 16, S 1/2 Section 17, S 1/2 Section 21, Section 22, in Township 44 Range 25 West of the Principal Meridian, filed in the Dauphin Land Titles Office as Plan Number 58809 and recorded in the Canada Lands Surveys Records as Number 105092, including all mines and minerals.
Activity Required:	Completion of outstanding Phase I ESA activities from 2020-2021
Site Specific Information	<p>The site is generally forested land with PTH #10 located to the west and Provincial Road 408 to the north. The Site is accessible via PTH #10 and turning east onto Provincial Road 438.</p> <p>A winter cabin is suspected to be located along the eastern shore of Steep Rock Marsh, towards the northeast part of the site. It was also reported that a log cabin is located in the centre south of the parcel.</p>
Historical Documents:	<p>2010, Benoit. Environmental Review of Pelican Rapids Access Road Phase 3 and Red Deer Lake Amended - GCDocs: 19197751</p> <p>2010, Benoit. 2.2 Red Deer Lake Amended (1-02)

Parcel Name/Site Name:	Red Deer Lake (Amended) (1-02)
Acreage:	1815.01 acres
Coordinates	52°52'34.60"N 101°24'1.65"W
Land Description:	In parts unsurveyed Township 45, Ranges 27, and 28 W.P.M.
Activity Required:	Completion of outstanding Phase I ESA activities from 2020-2021
Site Specific Information	<p>A cottage was reported and a waste disposal area identified on the site.</p> <p>The site is accessible via PTH #77, and turning north at Barrows, Manitoba or via float plane and boat.</p>
Historical Documents:	<p>2002, Bernier. The Environmental Review of the Treaty Land Entitlement Land Selections – Part 2 – GCDocs: 227959</p> <p>2010, Benoit. Wuskwi Sipiik Cree Nation

2.3 Red Deer River North (5-01)

Parcel Name/Site Name:	Red Deer River North (5-01)
Acreage:	1129.52 acres
Coordinates	52°52'2.73"N 101° 7'22.20"W
Land Description:	In Part Unsurveyed Township 45, Ranges 25, and 26 W.P.M.
Activity Required:	Site Visit and Limited Phase II ESA
Site Specific Information	<p>The site is generally vacant and is accessible via PTH #10.</p> <p>Historical data identified a burnt out homes location on the east side of the site. Sampling was completed in 2020, further groundwater sampling and surficial soil sampling is required to confirm the presence of impacts.</p>
Historical Documents:	<p>2003, Bernier. The Environmental Review of the Treaty Land Entitlement Land Selections of the Wuskwi Sipiik Cree Nation – GCDocs: 19118336</p> <p>2019, Benoit. Appendix D & E – Parcel A, Plan 6358 in S Half of 8-45-25W, Red Deer River. GCDocs: 53449489</p> <p>2019, Stantec. Phase I Environmental Site Assessment – Red Deer River North and South), Manitoba. GCDocs: 50172365</p> <p>2021, KGS Group. Phase II Environmental Site Assessment – Red Deer River North GCDocs: 91273156</p> <p>Map and Figure – 2019, Regional Survey Map – Red Deer River North and Red Deer River South – GCDocs: 47025928</p> <p>Map and Figure – 2019, Provisional Plan of Survey – Red Deer River North and Red Deer River South.</p>

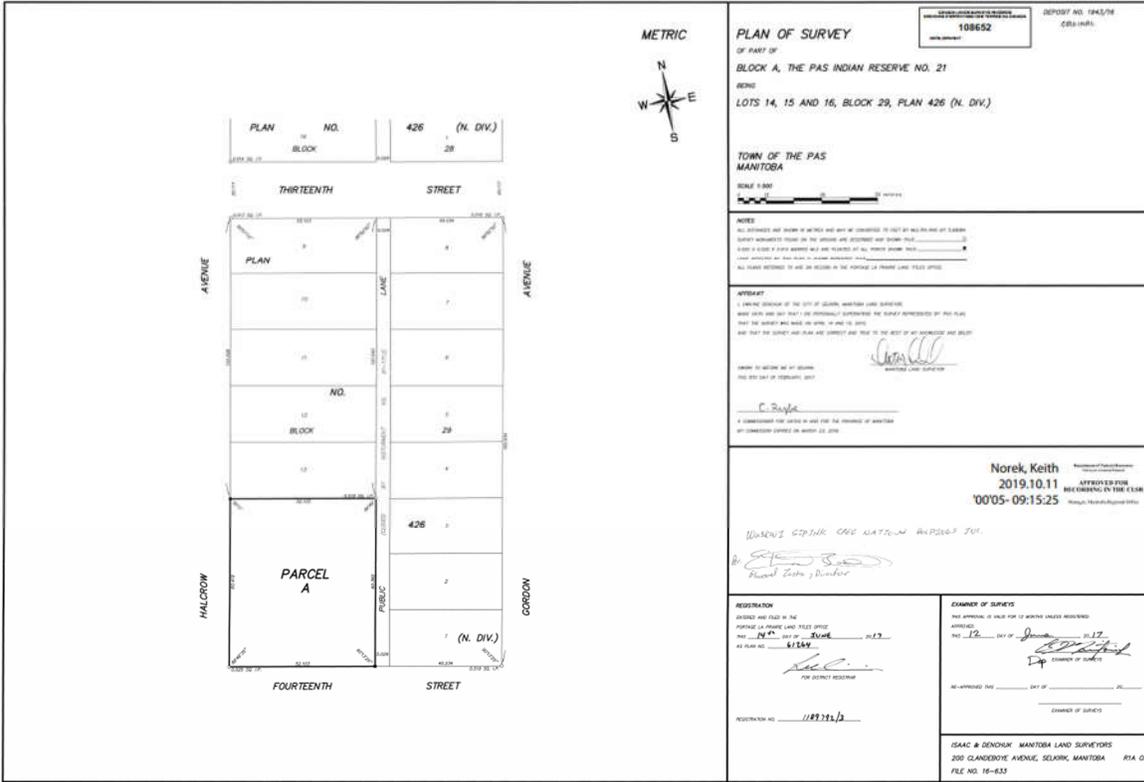

2.4 Red Deer River South (7-02)

Parcel Name/Site Name:	Red Deer River South (7-02)
Acreage:	1623.48 acres
Coordinates	52°51'50.52"N 101° 5'44.47"W
Land Description:	In Part Unsurveyed Township 45, Ranges 25, and 26 W.P.M.
Activity Required:	Phase II ESA
Site Specific Information:	<p>The site is generally vacant and is accessible via PTH #10.</p> <p>Historically an oil well was installed at the site in the 1970. The well was installed near the east end of the site and was abandoned shortly after. It is suspected the drilling mud commonly used at that time contained VOCs and PHCs.</p> <p>The site was visited in late January 2021. Access to the site was limited due to heavy snow cover. Observations of the site identified the area to be drilled was identified to contain heavy tree cover. Review of the site identified a salt flat/sensitive area which may be disturbed/damaged during winter drilling.</p> <p>It is strongly recommended the drilling occur during summer or a time with no snow cover.</p>
Historical Documents:	<p>2003, Bernier. The Environmental Review of the Treaty Land Entitlement Land Selections of the Wuskwi Sipiik Cree Nation – GCDocs: 19118336</p> <p>2019, Benoit. Appendix D & E – Parcel B, Plan 6358 in S Half of 8-45-25W, Red Deer River. GCDocs: 53453164</p> <p>2019, Stantec. Phase I Environmental Site Assessment – Red Deer River North and South), Manitoba. GCDocs: 50172365</p> <p>2021, KGS Group. Phase II Environmental Site Assessment – Red Deer River North GCDocs: 91273156</p> <p>Map and Figure – 2019, Regional Survey Map – Red Deer River North and Red Deer River South – GCDocs: 47025928</p> <p>Map and Figure – 2019, Provisional Plan of Survey – Red Deer River North and Red Deer River South.</p>

2.5 Town of the Pas (10-10) Lot 14-16

Parcel Name/Site Name:	Town of the Pas (10-10) Lot 14-16
Acreage:	0.78 acres
Coordinates	53°48'31.75"N 101°15'6.27"W
Legal Description:	Parcel A Plan 61264 PLTO in part of Block A, The Pas Indian Reserve No. 21 being Lots 14, 15, and 16.
Activity Required:	Site Visit and Limited Phase II ESA
Site Specific Information	<p>The site is generally vacant and is surrounded by commercial development.</p> <p>The site is located in the town of The Pas, Manitoba and is currently vacant. The site is accessible from 14th street west.</p> <p>The site was visited in January 2021. Soil and groundwater samples were collected. It was recommended to return to the site in the spring/summer to resample groundwater to confirm the results of the previous investigation.</p>
Historical Documents:	<p>2019, Stantec. Phase I Environmental Site Assessment – The Pas Site GCDocs: 50182632</p> <p>2019, Benoit. Appendix D & E – Wuskwi Sipiik Cree Nation - The Pas Site – GCDocs: 53456882</p> <p>2021, KGS Group.
