This solicitation amendment is to promulgate the following:

Bidders questions and Canada responses.

Number	Bidders questions	Canada responses
1	Does the bidder need to provide Performance Guarantee (issued by bank). If yes, what is the percentage with respect to the total project value?	The actual solicitation does not required a Performance guarantee. It contains progress claim payment with a financial progress claim holdback of 10%
2	Is there any security deposit for this project?	The actual solicitation does not required a security deposit.
3	Is there any performance guideline for the project? What will happen if the vessel fails to fulfill the criteria? Is there any clause that the owner will be entitled to impose on the bidder if certain performance characteristics are not met by the bidder?	We invite the bidder to read the part 7, article 7.2 General conditions and Supplementary conditions . This would be the resulting contract.
4	The recent market for goods are really volatile. We are experiencing that the manufacturer increased the price 3-4 times in a year. So, what will happen if the currency value falls unexpectedly or material price increases beyond anyone's expectation? Is there any clause for price variation if the project is awarded?	The requirement does not offer exchange rate fluctuation risk mitigation nor material price fluctuation.
5	We need more time for the submission of the proposal. You are requested to extend the bid deadline for at least 3 weeks.	The actual solicitation closing date has been extended until 09-09-2022.

All other terms and conditions remain unchanged.
