PROMPT PAYMENT IN THE CONSTRUCTION INDUSTRY

Prompt Payment Principles

Public Services and Procurement Canada advocates that construction-related payments should follow these three principles:

- Promptness: The department will review and process invoices promptly. If disputes arise, Public Services and Procurement Canada will pay for items not in dispute, while working to resolve the disputed amount quickly and fairly
- Transparency: The department will make construction payment information such as payment dates, company names, contract and project numbers, publicly available; likewise, contractors are expected to share this information with their lower tiers
- Shared responsibility: Payers and payees are responsible for fulfilling their contract terms including their obligations to make and receive payment, and to adhere to industry best practices.

Room 310, 269 Main Street
Winnipeg, Manitoba R3C 1B3

- a. Unless specified otherwise in the solicitation, bids may be submitted by using the [CPC Connect service](#) provided by Canada Post Corporation.

- b. The only acceptable email address to use with CPC Connect for responses to solicitation issued by PWGSC is:

ROReceptionSoumissions.WRBidReceiving@tpsgc-pwgsc.gc.ca

Note: Bids emailed directly to this email address will be rejected and deemed non-compliant. This email address is to be used to open an CPC Connect conversation, as detailed in c., or to send proposals through an CPC Connect message if the Bidder is using its own licensing agreement for CPC Connect.

- c. To submit a bid using CPC Connect service, the Bidder must either:
- i. send directly its bid only to the specified PWGSC Bid Receiving Unit, using its own licensing agreement for CPC Connect provided by Canada Post Corporation; or
 - ii. send as early as possible, and in any case, at least six business days prior to the solicitation closing date and time, (in order to ensure a response), an email that includes the bid solicitation number to the specified PWGSC Bid Receiving Unit requesting to open an CPC Connect conversation. Requests to open an CPC Connect conversation received after that time may not be answered.
- d. If the Bidder sends an email requesting CPC Connect service to the specified Bid Receiving Unit in the solicitation, an officer of the Bid Receiving Unit will then initiate an CPC Connect conversation. The CPC Connect conversation will create an email notification from Canada Post Corporation prompting the Bidder to access and action the message within the conversation. The Bidder will then be able to transmit its bid afterward at any time prior to the solicitation closing date and time.
- e. If the Bidder is using its own licensing agreement to send its bid, the Bidder must keep the CPC Connect conversation open until at least thirty (30) business days after the solicitation closing date and time.
- f. The bid solicitation number should be identified in the CPC Connect message field of all electronic transfers.
- g. It should be noted that the use of CPC Connect service requires a Canadian mailing address. Should a bidder not have a Canadian mailing address, they may use the Bid Receiving Unit address specified in the solicitation in order to register for the CPC Connect service.
- h. For bids transmitted by CPC Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the bid including, but not limited to, the following:
- i. receipt of a garbled, corrupted or incomplete bid;
 - ii. availability or condition of the CPC Connect service;

 - iv. delay in transmission or receipt of the bid;
 - v. failure of the Bidder to properly identify the bid;
 - vi. illegibility of the bid;
 - vii. security of bid data; or,
 - viii. inability to create an electronic conversation through the CPC Connect service.
- i. The Bid Receiving Unit will send an acknowledgement of the receipt of bid document(s) via the CPC Connect conversation, regardless of whether the conversation was initiated by the Bidder using its own license or the Bid Receiving Unit. This acknowledgement will confirm only the receipt of bid document(s) and will not confirm if the attachments may be opened nor if the content is readable.
- j. Bidders must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in CPC Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the CPC Connect system.

-
- k. A bid transmitted by CPC Connect service constitutes the formal bid of the Bidder.
3. The technical and price components of the bid must be submitted in separate sections as follows:
- a. The bid should be submitted following a "two-section" procedure of which is to include a technical and financial bid.
 - b. The Inuit Benefit Plan, and any associated document(s), should be provided in a separate section with the following information clearly provided:

6. Unless otherwise specified in the Special Instructions to Bidders:
- a. the bid shall be in Canadian currency; and

As an example, bids submitted using Canada Post Corporation's CPC Connect service, conversations initiated by the Bid Receiving Unit via the CPC Connect service pertaining to a late bid, will be deleted. Records will be kept documenting the transaction history of all late bids submitted using CPC Connect.
2. A bid delivered to the specified bid receiving unit after the solicitation closing date and time but before the contract award date may be considered, provided the Bidder can prove the delay is due solely to a delay in delivery that can be attributed to the Canada Post Corporation (CPC) (or national equivalent of a foreign country). SI18 LIMITATION OF SUBMISSIONS

- 1) While there is no requirement for firms to participate in this procurement in joint venture, they may elect to do so if they see fit and are requested to complete Appendix 8. However, only one submission per bidder will be accepted, whether it is submitted by a firm as an individual Bidder or by that firm as part of a joint venture Bidder. Failure to comply with this limitation will result in all submissions so involved being rejected.
- 5) Any joint venture must be in full compliance with the requirements of any provincial or territorial law pertaining thereto in the Province or Territory in which the project is located.

Employers are also encouraged to find out what additional information and supports are available from their respective provincial or territorial jurisdiction.

APPENDIX 6 - QUALIFICATION FORM

EVALUATION PROCEDURES AND BASIS OF SELECTION

1. To be declared responsive, a bid must:
 - a. comply with all the requirements of the bid solicitation;
 - b. meet all mandatory criteria, including being registered on the [Inuit Firm Registry \(IFR\)](#);
2. Bids not meeting the requirements specified in Section 1 will be declared non-responsive.
3. The selection will be based on the highest responsive combined rating of total Inuit Benefits Plan (IBP) merit, and price. The ratio will be 30% for the total IBP merit, and 70% for price.
4. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 70% as follows: lowest evaluated price / bid price, multiplied by the ratio of 70%.
5. The IBP merit score for each criterion will be determined as follows: The total number of points obtained for that criterion / maximum number of points available for that criterion, multiplied by the percentage ratio applicable for that criterion.
6. The total IBP merit score is the combined sum total of all individual IBP merit scores.
 - i. Inuit Employment 10%
 - ii. Inuit Ownership (Contractor and subcontractors) 10%
 - iii. Location in the Nunavut Settlement Area (NSA) 10%
8. For each responsive bid, the total IBP merit score for each criterion and the pricing score will be added to determine its combined rating.
9. Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of total IBP merit score and pricing score will be recommended for award of a contract. In the case of a tie, the bid with the lower price will be selected.

The table below illustrates an example where all three bids are responsive and the selection of the contractor is determined by a 30/70 ratio of total IBP merit score and pricing score, respectively. In this example, Inuit employment is weighted at 10%, Inuit Training and Skills Development is weighted at 10%, Inuit Ownership (Contractor and subcontractors) is weighted at 5%, and Location in the Nunavut Settlement Area (NSA) is 5%. Note that this is for illustrative purposes only and the values for the present solicitation may differ.

EXAMPLE: Basis of Selection - Highest Combined Rating of Total IBP Merit (30%) and Price (70%).				
		Bidder 1	Bidder 2	Bidder 3
Bid Evaluated Price		\$16,000	\$17,000	\$20,000
Inuit Benefits Plan	Inuit Employment Score	31.75/40	32.75/40	33.75/40
	Inuit Training Score	5/15	10/15	15/15
	Inuit Ownership Score	15/40	35/40	25/40
	Location in NSA Score	10/10	10/10	10/10

EXAMPLE: Basis of Selection - Highest Combined Rating of Total IBP Merit (30%) and Price (70%).				
		Bidder 1	Bidder 2	Bidder 3
Calculations: Price	Pricing Score	16/16 x 70 = 70	16/17 x 70 = 65.90	16/20 x 70 = 56
Calculations: Total IBP Merit Score	Inuit Employment Merit Score	31.75/40 x 10 = 7.94	32.75/40 x 10 = 8.19	33.75/40 x 10 = 8.44
	Inuit Training Merit Score	5/15 x 10 = 3.33	10/15 x 10 = 6.67	15/15 x 10 = 10
	Inuit Ownership Merit Score	15/40 x 5 = 1.88	35/40 x 5 = 4.38	25/40 x 5 = 3.13
	Location in NSA Merit Score	10/10 x 5 = 5.0	10/10 x 5 = 5.0	10/10 x 5 = 5.0
Combined Rating		88.15	90.14	82.57
Overall Rating		2nd	1st	3rd

APPENDIX 7 – INUIT BENEFIT PLAN

Canada requests that Bidders maximize the participation of Inuit people and businesses, as well as businesses located in the Nunavut Settlement Area (NSA), in the performance of this procurement. The Bidder's Inuit Benefits Plan (IBP) will be the document containing the Bidders' commitments related to these objectives. In its IBP, the Bidder should detail and support the achievability of its commitments related to Nunavut Benefits and Inuit Benefits, for each of the IBP criteria, as described in the INUIT BENEFITS PLAN EVALUATION.

Canada reserves the right, but is not obligated, to verify any information provided in the IBP. Any untrue statements made by the Bidder in its IBP may result in the bid being declared non-responsive or in the Contractor being in default to the terms of the contract.

The Bidder acknowledges that the IBP evaluation criteria represents Canada's solemn efforts to uphold Canada's constitutional obligations to the Inuit of Nunavut, and that the true value of IBP commitments may not be entirely pecuniary and, as such, cannot be fully represented by a dollar value alone.

The Bidder also acknowledges that, if selected to be the Contractor, the commitments in its IBP will become contractual obligations, and that in future solicitations processes, Canada will retain per the Standard Instructions the right to review past performances and records of delivering IBP obligations to determine a Bidder's ability to do so in future projects.

For follow-up purposes, the leaders of the modern treaty rights holders impacted by this procurement may receive copies of the Contractor's IBP, IBP Progress Reports and periodically receive performance monitoring results.

If there is insufficient space in the tables below, add additional lines as need be.

INUIT BENEFITS PLAN EVALUATION

Commitment Tables

Bidders should fill out the commitment tables for each criteria in the INUIT BENEFITS PLAN to be awarded points, adding lines to such tables as need be.

Evaluation of IBP Commitments

Bidders will be evaluated on their IBP Commitments, for each criterion in accordance with the solicitation clause entitled "Basis of selection".

Score Calculations for IBP Commitments

The score for each IBP criterion will be the summation of the points for all sub criteria for that IBP criterion. The commitment for sub criteria related to EIE hours will be prorated against the highest commitment for each of those sub criterion as follows: the commitment for that sub criterion / the highest commitment for that sub criterion multiplied by the total points available for that sub criterion.

EXAMPLE

EMPLOYMENT OF EIE		Bidder 1	Bidder 2	Bidder 3
1.1	EIE Hours Commitment	45	60	35
	Total points available = 10	$45/60 \times 10 = 7.5$	$60/60 \times 10 = 10$	$35/60 \times 10 = 5.83$
Inuit Employment Score (10 Points available) :		7.5/10	10/10	5.83/10

Evaluation of IBP Commitment Implementation

Bidders will be evaluated on their written plan, both for integrating IBP commitments and for detailing their strategy as to how they will deliver such IBP commitments. The examples provided in the "IBP Commitment Implementation" section of each criterion are what a bidder should provide, at a minimum, to support the achievability of the IBP. It is not an exhaustive list. Bidders should provide sufficient proof to support the plan outlined and the commitments made.

Score Calculations for IBP Commitment Implementation

Each criterion indicates what information the Bidder should provide to support their demonstration of how they intend to fulfill the corresponding commitments. To receive points for the IBP Commitment Implementation for applicable criterion, the information must be submitted with the bid prior to bid closing. Scores will be attributed as described below in the IBP – Commitment Implementation section of each criterion.

IBP PROGRESS REPORT

The IBP Progress Report is comprised of 3 tables which the Contractor must fill in, as indicated in this Annex, and submit with every invoice

The tables will demonstrate the Contractor's compliance with its IBP, providing information, including the cost breakdown, on all IBP achievements of the Contract as well as the cumulative total of IBP obligations delivered since the beginning of the Contract.

If so requested by Canada, the Contractor must be able to provide a full description of all of the Work that has been completed in accordance with the IBP, and to present before Canada the supporting documentation (i.e. employees coordinates, time sheets, invoices, receipts, vouchers etc). The Contractor must also maintain such records for audit purposes in accordance with the General Conditions.

The Contractor is required to certify the information contained in every IBP Progress Report submitted. If Contractor Certification is not provided, the IBP Progress Report will be deemed incomplete and will not be accepted.

Disclosure of Information

1. The Contractor agrees to the disclosure of the IBP and the IBP Progress Reports by Canada, including to Indigenous treaty rights-holders or their designated representatives, Parliamentary Committees and to any independent professional contracted to determine whether the Contractor has met its contractual obligations related to the IBP. The Contractor warrants to have secured from its subcontractors and suppliers similar consents to disclosure by Canada as the IBP and the IBP Progress Report could contain information regarding such subcontractors and suppliers. The Contractor further agrees that it will have no right to claim against Canada, its employees, agents or servants, in relation to such disclosures of information.
2. The Contractor undertakes **not to include** in the IBP or in the IBP Progress Reports **any information that cannot be shared publicly** or that could constitute **private information** under the *Privacy Act* (R.S.C., 1985, c. P-21) (e.g. name, home address, personal email, telephone number, social security number, driver license number, etc.). However, the Contractor, its subcontractors and its suppliers, must maintain such records for audit purposes in accordance with the General Conditions.

Deviations

If the delivery of IBP obligations is below the IBP commitment, the Contractor must include a detailed explanation. In circumstances where the Contractor can clearly demonstrate that reasonable efforts were made to meet the IBP obligations but could not be met due to circumstances out of the Contractor's control, the Contractor will nevertheless be expected to have maximized IBP obligations to the level that was possible. See the Contact terms for further details regarding such situations.

The Contractor must **inform the Contracting Authority immediately** without waiting for the submission of an IBP Progress Report if a deviation from the expected outcome may occur.
