INVITATION TO QUALIFY

IMPORTANT NOTICE

TWO PHASE SELECTION PROCESS

This is the first phase (Phase One) of a two-phase process: the first phase will evaluate the qualifications of all interested respondents; the second phase (Phase Two) will invite the qualified respondents to provide a financial bid on the project based on the specifications and drawings. The qualification list will expire upon award of a contract in Phase Two and the prequalification list will not be used in any other solicitation.

DEBRIEFING:

Should a respondent desire a debriefing, the respondent should contact the person identified as the Contracting Authority below within 15 working days of the notification of the results of the qualification process. The confidentiality of information relating to other submissions will be protected. The debriefing may be provided in writing, by telephone or in person.

LIST OF QUALIFIED RESPONDENTS:

A list of qualified respondents from Phase One will be released in Phase Two to all qualified respondents at time of solicitation. Contract award notice of the successful bidder of Phase Two will be posted on buyandsell.gc.ca

INSTRUCTIONS TO RESPONDENTS

1. TWO PHASE SELECTION PROCESS

Respondents responding to this selection process are requested to submit in two phases. Phase One qualification covers only the qualifications and experience of the respondent. Following the evaluation of the responses, respondents will be advised of their qualification result and the status of the Phase Two tender. Phase Two respondents will be provided an Invitation to Tender (ITT) for the financial evaluation in relation to the specifications and drawings.

Documents may be submitted in either official language of Canada.

2. ENQUIRIES:

All enquiries are to be submitted to the Contracting Authority:

Name: Janie Leung

Telephone: 778-919-3273

Email: Janie.Leung@pwgsc-tpsgc.gc.ca

Enquiries are to be made in writing and should be received no less than five (5) working days prior to the closing date to allow sufficient time to respond.

3. SUBMISSION OF QUALIFICATIONS

1. Electronic Response Submission by CPC Connect Service

- a. Responses must be submitted by using the Canada Post Corporation's (CPC) Connect service provided by. Faxed and hard copy responses (submitted in person or via mail/courier) will not be accepted for the subject solicitation.
- b. The only acceptable email address to use with CPC Connect for responses to solicitations issued by PWGSC is:

TPSGC.RPReceptiondessaoumissions-PRBidReceiving.PWGSC@tpsgc-pwgsc.gc.ca

Note: Responses emailed directly to this email address will be rejected and deemed non-compliant. This email address is to be used to open a CPC Connect conversation, as detailed in c., or to send proposals through a CPC Connect message if the respondent is using its own licensing agreement for CPC Connect.

- c. To submit a response using CPC Connect service, the respondent must either:
 - i. send directly its response only to the specified PWGSC Bid Receiving Unit, using its own licensing agreement for CPC Connect; or
 - ii. send as early as possible, and in any case, at least six business days prior to the solicitation closing date and time, (in order to ensure a response), an email that includes the response solicitation number to the specified PWGSC Bid Receiving Unit requesting to open an CPC Connect conversation. Requests to open a CPC Connect conversation received after that time may not be answered.
- d. If the respondent sends an email requesting CPC Connect service to the specified Bid Receiving Unit in the bid solicitation, an officer of the Bid Receiving Unit will then initiate a CPC Connect conversation. The CPC Connect conversation will create an email notification from Canada Post

Corporation prompting the Bidder to access and action the message within the conversation. The respondent will then be able to transmit its response afterward at any time prior to the solicitation closing date and time.

- e. If the respondent is using its own licensing agreement to send its response, the respondent must keep the CPC Connect conversation open until at least thirty (30) business days after the solicitation closing date and time.
- f. The bid solicitation number should be identified in the CPC Connect message field of all electronic transfers.
- g. It should be noted that the use of CPC Connect service requires a Canadian mailing address. Should a respondent not have a Canadian mailing address, they may use the Bid Receiving Unit address specified in the solicitation in order to register for the CPC Connect service.
- h. For responses transmitted by CPC Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the response including, but not limited to, the following:
 - i. receipt of a garbled, corrupted or incomplete response;
 - ii. availability or condition of the CPC Connect service;
 - iii. incompatibility between the sending and receiving equipment;
 - iv. delay in transmission or receipt of the response;
 - v. failure of the respondent to properly identify the response;
 - vi. illegibility of the response;
 - vii. security of response data; or,
 - viii. inability to create an electronic conversation through the CPC Connect service.
- i. The Bid Receiving Unit will send an acknowledgement of the receipt of response document(s) via the CPC Connect conversation, regardless of whether the conversation was initiated by the respondent using its own license or the Bid Receiving Unit. This acknowledgement will confirm only the receipt of response document(s) and will not confirm if the attachments may be opened nor if the content is readable.
- j. Respondents must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in CPC Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the CPC Connect system.
- k. A response transmitted by CPC Connect service constitutes the formal response of the respondent.

4. RESPONDENT'S CONTACT INFORMATION

Legal Name: _____

Operating Name (if any): _____

Address: _____

Telephone: _____ Fax: _____ PBN: _____

E-mail address: _____

(The email address submitted here will be used for Phase Two communications with the respondent)

Name and title of person authorized to sign on behalf of respondent: _____

Signature: _____

5. LANGUAGE PREFERENCE

If qualified to participate in the next step of the solicitation process, the respondent would prefer to receive correspondence and associated procurement documentation in the following language:

English ☐ French ☐

6. JOINT VENTURES

1. A joint venture is an association of two or more parties who combine their money, property, knowledge, expertise or other resources in a single joint business enterprise, sometimes referred as a consortium, to bid together on a requirement. Respondents who bid as a joint venture must indicate clearly that it is a joint venture and provide the following information:
 - a. the name of each member of the joint venture;
 - b. the Procurement Business Number of each member of the joint venture, if applicable;
 - c. the name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable;
 - d. the name of the joint venture, if applicable.
2. If the information is not clearly provided in the bid, the respondent must provide the information on request from the Contracting Authority.
3. The bid and any resulting contract must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The Contracting Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the bid solicitation and any resulting contract. If a contract is awarded to a joint venture, all members of the joint venture will be jointly and severally or solidarily liable for the performance of any resulting contract.

7. LIMITATION OF SUBMISSIONS

1. A respondent may not submit more than one bid. This limitation also applies to the persons or entities in the case of a joint venture. If more than one bid is received from a respondent (or, in the case of a joint venture, from the persons or entities), all such bids shall be rejected and no further consideration shall be given.
2. A joint venture is defined as an association of two or more parties which combine their money, property, knowledge, skills, time or other resources in a joint business enterprise agreeing to share the profits and the losses and each having some degree of control over the enterprise.
3. An arrangement whereby Canada contracts directly with a Contractor who may retain subcontractors to perform portions of the services is not a joint venture arrangement. A Subcontractor may, therefore, be proposed as part of the bidder team by more than one respondent. The respondent warrants that it has written permission from such Subcontractors to propose their services in relation to the services to be performed.
4. Notwithstanding paragraph 3. above, in order to avoid any conflict of interest, or any perception of conflict of interest, a respondent shall not include in its submission another respondent as a member of its team, as a Subcontractor.

5. Any joint venture entered into for the provision of professional services or other services must be in full compliance with the requirements of any provincial or territorial law pertaining thereto in the Province or Territory in which the project is located.

PHASE ONE QUALIFICATION FORM

PROJECT DESCRIPTION:

The Sikanni Chief River Bridge has been damaged due to high heat impacts resulting from a truck fire at the south approach to the structure. This contract includes installation of temporary works that will strengthen the bridge to allow for reinstatement of single lane alternating truck traffic. The scope of work included in this strengthening contract includes installation of steel bridge girders on the bridge deck within span 1 and span 2 combined with high strength steel bars that extend below the superstructure which support transverse steel wide flange beams. The scope of work will include supply, fabrication, and erection for all of the strengthening members with the exception of the steel girders which will be supplied by PSPC.

The Contractor must perform and complete the Work within fourteen (14) days of Contract award.

CONDITIONS TO QUALIFY:

At Phase One closing, the supplier comply with the following Mandatory Requirements

1. Complete the Bidder's Contact Information
2. Complete the Qualification Form

Failure by the respondent to provide the required documentation in Phase One will result in the respondent being disqualified and no further consideration will be given to the respondent and the submission will be deemed non-responsive.

BASIS OF QUALIFICATION:

A qualification submission must comply with the mandatory requirements to be declared responsive in Phase One. Responding "no" to any of the mandatory requirements below will render your bid non-compliant and no further consideration will be given to the bid.

QUALIFICATION FORM

Item	Qualification	Confirmation	
1	The Contractor/Bidder committed to this project has a minimum of 10 years relevant experience including high complexity bridge projects and has a successful record of managing schedule.	YES	NO
2	The Contractor/Bidder committed to this project has a minimum of 10 years relevant experience including high complexity bridge structural strengthening projects.	YES	NO
3	The Contractor/Bidder committed to this project has experience with a minimum of 5 time-sensitive bridge projects working to restore traffic in the shortest possible time.	YES	NO
4	The Contractor/Bidder committed to this project has a minimum of 10 years relevant experience working in the vicinity of an active watercourse and is knowledgeable of relevant federal and provincial environmental regulations.	YES	NO
5	The Contractor/Bidder committed to this project has a minimum of 10 years relevant experience including bridge projects completed in cold weather (sub-freezing) conditions.	YES	NO
6	The Contractor/Bidder's Project Manager or Site Superintendent committed to this project has direct project experience launching a minimum of 5 steel bridges.	YES	NO
7	The Contractor/Bidder's Project Manager or Site Superintendent committed to this project has direct project experience responding to a minimum of 5 significantly damaged bridge structures and providing full structural rehabilitation for those bridges.	YES	NO
