SET-ASIDE UNDER THE PROCUREMENT STRATEGY FOR INDIGENOUS BUSINESS

This is an open tender. However, it will be set-aside under the Government of Canada's Procurement Strategy for Indigenous Business (PSIB) if two or more bids have been received by Indigenous businesses who are certified under the Procurement Strategy for Indigenous Business (PSIB) criteria and who may be listed in the Government of Canada's Indigenous Business Directory (<https://www.sac-isc.gc.ca/eng/1100100033057/1610797769658>). If your Indigenous business is not yet registered in the Indigenous Business Directory, please do so at the link provided above.

If bids from two or more Indigenous businesses are compliant with the terms of the Request for Proposal, the contracting authority will limit the competition to those Indigenous businesses and will not consider bids from any non-Indigenous businesses that may have been submitted. If the bids from the Indigenous businesses are found to be non-compliant or non-responsive or are withdrawn, such that fewer than two compliant bids from Indigenous businesses remain, bids from all of the non-Indigenous businesses that had submitted bids will then be considered by the contracting authority.

For more information on Indigenous business requirements of the Set-aside Program for Indigenous Business see Annex 9.4 of the Supply Manual.

Vendor Performance Management (VPM) Pilot. Public Works and Government Services Canada (PWGSC) is planning to pilot a standardized approach to VPM. The scope of the pilot will be limited to a select number of contracts within the construction commodity, including any contracts resulting from this solicitation.

The contractor will be evaluated by Canada on specific aspects of its performance, as specified in **ANNEX D**. Key elements of this include the systematic assessments of contractor performance against set indicators, communicating assessment results to contractors, and informal discussions for both parties to provide feedback and comments. Contractors may be required to collect, compile, and present performance information to support these assessments.

The VPM Pilot will be conducted independently of any other existing performance measures and remedies under the resulting contract.

Use of Performance Evaluation Results. The VPM Pilot will commence at the time of contract award. Scores will be gathered during the contract to inform the development of the VPM Policy and will be used for testing and verification purposes only.

At the conclusion of the pilot contract, vendor performance scores from the pilot will not be retained for future bid evaluation purposes.

Please see the following link for more information on the above and to view the pilot version of the Policy:

- 2.3 Bonds passing the verification process will be treated as original and authentic.

SI06 SUBMISSION OF BID

R2710T GI09 Submission of bid is modified as follows

Add subparagraph 5 - Electronic Bid Submission by Canada Post Corporation (CPC) Connect service

- a. Unless specified otherwise in the bid solicitation, bids may be submitted by using the [CPC Connect service](#) provided by Canada Post Corporation.
- b. The only acceptable email address to use with CPC Connect for responses to bid solicitations issued by PWGSC is: tpsgc.pareceptiondessoumissions-apbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca

Note: Bids emailed directly to this email address will be rejected and deemed non-compliant. This email address is to be used to open an CPC Connect conversation, as detailed in c., or to send proposals through a CPC Connect message if the Bidder is using its own licensing agreement for CPC Connect.

- c. To submit a bid using CPC Connect service, the Bidder must either:
 - i. send directly its bid only to the specified PWGSC Bid Receiving Unit, using its own licensing agreement for CPC Connect provided by Canada Post Corporation; or
 - ii. send as early as possible, and in any case, at least six business days prior to the solicitation closing date and time, (in order to ensure a response), an email that includes the bid solicitation number to the specified PWGSC Bid Receiving Unit requesting to open an CPC Connect conversation. Requests to open a CPC Connect conversation received after that time may not be answered.
- d. If the Bidder sends an email requesting CPC Connect service to the specified Bid Receiving Unit in the bid solicitation, an officer of the Bid Receiving Unit will then initiate a CPC Connect conversation. The CPC Connect conversation will create an email notification from Canada Post Corporation prompting the Bidder to access and

action the message within the conversation. The Bidder will then be able to transmit its bid afterward at any time prior to the solicitation closing date and time.

- e. If the Bidder is using its own licensing agreement to send its bid, the Bidder must keep the CPC Connect conversation open until at least thirty (30) business days after the solicitation closing date and time.
- f. The bid solicitation number should be identified in the CPC Connect message field of all electronic transfers.
- g. It should be noted that the use of CPC Connect service requires a Canadian mailing address. Should a bidder not have a Canadian mailing address, they may use the Bid Receiving Unit address specified in the solicitation in order to register for the CPC Connect service.
- h. For bids transmitted by CPC Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the bid including, but not limited to, the following:
 - i. receipt of a garbled, corrupted or incomplete bid;
 - ii. availability or condition of the CPC Connect service;
 - iii. incompatibility between the sending and receiving equipment;
 - iv. delay in transmission or receipt of the bid;
 - v. failure of the Bidder to properly identify the bid;
 - vi. illegibility of the bid;
 - vii. security of bid data; or,
 - viii. inability to create an electronic conversation through the CPC Connect service.
- i. The Bid Receiving Unit will send an acknowledgement of the receipt of bid document(s) via the CPC Connect conversation, regardless of whether the conversation was initiated by the supplier using its own license or the Bid Receiving Unit. This acknowledgement will confirm only the receipt of bid document(s) and will not confirm if the attachments may be opened nor if the content is readable.
- j. Bidders must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in CPC Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the CPC Connect system.
- k. A bid transmitted by CPC Connect service constitutes the formal bid of the Bidder.

SI07 BID RESULTS

- 1. There will be no Public Opening for the purposes of this solicitation.
- 2. The responsive bid carrying the lowest price will be recommended for contract award.
- 3. Following solicitation closing, bid results may be obtained by e-mailing a request to gillian.fenwick2@tpsgc-pwgsc.gc.ca.

SI08 INSUFFICIENT FUNDING

- a. cancel the solicitation; or
- b. obtain additional funding and award the Contract to the Bidder submitting the lowest compliant bid.

SI09 BID VALIDITY PERIOD

- 1. Canada reserves the right to seek an extension to the bid validity period prescribed in BA04 of the Bid and Acceptance Form. Upon notification in writing from Canada, Bidders will have the option to either accept or reject the proposed extension.

 - b. Enter into negotiations with bidders on any or all aspects of their bids;
 - c. Accept any bid in whole or in part without negotiations;
 - d. Cancel the bid solicitation at any time;
 - e. Reissue the bid solicitation;
 - f. If no compliant bids are received and the requirement is not substantially modified, reissue the bid solicitation by inviting only the bidders who bid to resubmit bids within a period designated by Canada; and
 - g. Negotiate with the sole compliant Bidder to ensure best value to Canada.

SI11 SECURITY CLEARANCE REQUIREMENTS

1. Application For Registration (AFR) form for Canadian legal entities and/or Initial International Security Screening (IISS) form for foreign suppliers.

In order to be given further consideration in the procurement process, in accordance with the requirements of the Contract Security Program of Public Works and Government Services Canada ([http://www.tpsgc\[1\]pwgsc.gc.ca/esc-src/introduction-eng.html](http://www.tpsgc[1]pwgsc.gc.ca/esc-src/introduction-eng.html)), the Bidder must provide either:

- If the Bidder is a Canadian legal entity - A properly completed Contract Security Program Application for Registration (AFR) Form (Appendix 4); or
- If the Bidder is a foreign supplier - A properly completed Contract Security Program Initial International Security Screening (IISS) Form (Appendix 5).

If the Bidder does not provide the required AFR Form or IISS Form, as applicable, at bid closing, or if Canada requires additional information from the Bidder in connection with assessing the request for security clearance (i.e. information not required by the AFR Form or IISS Form), the Contracting Authority will inform the Bidder and provide the Bidder with a time frame within which to submit the required information. If the Bidder fails to comply with the request of the Contracting Authority and submit the required information within the established time frame (including any extension granted by the Contracting Authority at its sole discretion), its bid will be declared non compliant.

2. **Before award of a contract, the Bidder must hold a valid Security Clearance** as indicated in section SC01 of the Supplementary Conditions.
3. The successful Bidder's personnel, as well as any subcontractor and its personnel, who are required to perform any part of the Work pursuant to the subsequent contract must meet the mandatory security requirement as indicated in section SC01 of the Supplementary Conditions. **Individuals who do not have the required level of security will not be allowed on site.** It is the responsibility of the successful Bidder to ensure that the security requirements are met throughout the performance of the contract. Canada will not be held liable or accountable

for any delays or additional costs associated with the successful Bidder's non-compliance with the mandatory security requirement.

6. Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful Bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.
7. For additional information on security requirements, bidders should refer to the Contract Security Program of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

SI12 SET-ASIDE UNDER THE PROCUREMENT STRATEGY FOR INDIGENOUS BUSINESS

1. This is an open tender. However, it will be set-aside under the Government of Canada's Procurement Strategy for Indigenous Business (PSAB) if two or more bids have been received by Indigenous businesses who are certified under the Procurement Strategy for Indigenous Business (PSIB) criteria and who may be listed in the Government of Canada's Indigenous Business Directory (<https://www.sac-isc.gc.ca/eng/1100100033057/1610797769658>). If your Indigenous business is not yet registered in the Indigenous Business Directory, please do so at the link provided above.

If bids from two or more Indigenous businesses are compliant with the terms of the Request for Proposal, the contracting authority will limit the competition to those Indigenous businesses and will not consider bids from any non-Indigenous businesses that may have been submitted. If the bids from the Indigenous businesses are found to be non-compliant or non-responsive or are withdrawn, such that fewer than two compliant bids from Indigenous businesses remain, bids from all of the non-Indigenous businesses that had submitted bids will then be considered by the contracting authority.

2. This procurement is conditionally set aside under the federal government Procurement Strategy for Indigenous Business (PSIB). If the certification (refer to Form 5 - Set-aside for Indigenous Business) is not provided by the Bidder, the bid will be evaluated as being from a non-Indigenous business. SI13 BID CHALLENGE AND RECOURSE MECHANISMS

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

SC05 VENDOR PERFORMANCE MANAGEMENT (VPM) PILOT

In addition to continuing with its existing approach to performance management under the resulting contracts, Public Works and Government Services Canada (PWGSC) is planning to pilot a standardized approach to VPM. The contractor will be evaluated by Canada on specific aspects of its performance, as specified below. Key elements of this include the systematic assessments of contractor performance against set indicators, communicating assessment results to contractors, and informal discussions for both parties to provide feedback and comments. Contractors may be required to collect, compile, and present performance information to support these assessments. The scope of the pilot includes all contracts of less than 2 years' duration under National Capital Area Project Delivery (NCAPD).

Canada will evaluate the performance of the contractor during and upon completion of the contract. The scorecard used for these evaluations will include set indicators grouped by the following 4 categories:

- a) Quality
- b) Cost
- c) Schedule
- d) Management

To evaluate the above criteria, a 5 point scale will be used, as follows:

- 1. Significant Improvement Needed
- 2. Moderate Improvement Needed
- 3. Achieved
- 4. Surpassed
- 5. Exceptional

The scorecard that will be used to evaluate the performance of the Contractor as part of the performance evaluation process, can be found at ANNEX D of this document.

Use of Performance Evaluation Results. The VPM Pilot will commence at the time of contract award. Scores will be gathered during the contract to inform the development of the VPM Policy and will be used for testing and verification purposes only.

At the conclusion of the pilot contract, vendor performance scores will not be retained for future bid evaluation purposes.
