Solicitation amendment 001 is for the following:

1. The Mock-up must be completed on November 11th to November 13th, 2022. On November 11th, mobilization must be after 1pm.
2. Construction must be completed between December 28, 2022 to January 11, 2023.
3. Effective October 1, 2022, vehicles will be required to go through the Vehicle Screening Facility (VSF) after completing the scanning of the materials at SCI Group Facility and before proceeding to a Parliamentary occupied building. The VSF will be scanning the vehicles before the vehicles can drive the materials can be delivered to the end destination. This process is to be followed for all vehicles that contain materials, construction materials, and components (BCC) equipment that will need to be unloaded at the designated buildings loading dock as those materials and equipment will remain in the building after any construction is completed.

An Authorization for Vehicle Access (AVA) form is required and must be submitted according to the typical process for each shipment. SCI Group will inform the Parliamentary Protective Service (PPS) that a vehicle has left SCI and is traveling to the VSF. Once the vehicle arrives at the VSF the PPS officer will verify the seal. The vehicle will pass through the VSF screening process and proceed to its final destination.

All shipments will need to be scheduled with SCI Group, and an AVA completed. The VSF will not accept vehicles that do not follow this process. Scanning times are dependent upon the nature and size of the load to be scanned.

End of solicitation 001. All other terms and conditions remain unchanged.
