INVITATION TO QUALIFY (ITQ)

IMPORTANT NOTICE

TWO PHASE SELECTION PROCESS

This is the first phase (Phase One) of a two-phase process: the first phase will evaluate the qualifications of all interested respondents; the second phase (Phase Two) will invite the qualified respondents to provide a financial bid on the project based on the specifications and drawings. The qualification list will expire upon award of a contract in Phase Two and the prequalification list will not be used in any other solicitation.

DEBRIEFING:

Should a respondent desire a debriefing, the respondent should contact the person identified as the Contracting Authority below within 15 working days of the notification of the results of the qualification process. The confidentiality of information relating to other submissions will be protected. The debriefing may be provided in writing, by telephone or in person.

LIST OF QUALIFIED RESPONDENTS:

A list of qualified respondents from Phase One will be released in Phase Two to all qualified respondents at time of solicitation. Contract award notice of the successful bidder of Phase Two will be posted on buyandsell.gc.ca

INSTRUCTIONS TO RESPONDENTS

1. TWO PHASE SELECTION PROCESS

Respondents responding to this selection process are requested to submit in two phases. Phase One qualification covers only the qualifications and experience of the respondent. Following the evaluation of the responses, respondents will be advised of their qualification result and the status of the Phase Two tender. Phase Two respondents will be provided an Invitation to Tender (ITT)/ for the financial evaluation in relation to the specifications and drawings.

Documents may be submitted in either official language of Canada.

2. ENQUIRIES:

All enquiries are to be submitted to the Contracting Authority:

Name: Shawn Davis

Email: shawn.davis@ec.gc.ca

Enquiries are to be made in writing and should be received no less than five (5) working days prior to the closing date to allow sufficient time to respond.

3. SUBMISSION OF QUALIFICATIONS

3.1. Electronic Response Submission

In order to be considered, responses must be received by the date and time indicated on the cover page to herein as the "Closing Date." Responses received after the Closing Date will be considered non-responsive and will not be considered for contract award. Responses submitted by email must be submitted ONLY to the following email address:

Email Address: soumissionsbids@ec.gc.ca

Attention: *Shawn Davis*

Solicitation Number: 5000062309

Respondents should ensure that their name, address, Closing Date of the solicitation and Solicitation Number are clearly indicated in the body of their email. Responses and supporting information may be submitted in either English or French.

The total size of the email, including all attachments, must be less than 15 megabytes (MB). It is each Respondent's responsibility to ensure that the total size of the email does not exceed this limit.

Responses sent by fax will not be accepted.

It is important to note that emails systems can experience systematic delays and, at times, large attachments may cause systems to hold or delay transmission of emails. It is solely the Respondent's responsibility to ensure that the Contracting Authority receives a response on time, in the mailbox that has been identified for response receipt purposes. Date stamps for this form of transmission are not acceptable.

4. RESPONDENT'S CONTACT INFORMATION

Legal Name: _____

Operating Name (if any): _____

Address: _____

Telephone: _____ Fax: _____ PBN: _____

E-mail address: _____

Name and title of person authorized to sign on behalf of
respondent: _____

Signature: _____

5. LANGUAGE PREFERENCE

If qualified to participate in the next step of the solicitation process, the respondent would prefer to receive correspondence and associated procurement documentation in the following language:

English French

6. JOINT VENTURES

1. A joint venture is an association of two or more parties who combine their money, property, knowledge, expertise or other resources in a single joint business enterprise, sometimes referred as a consortium, to bid together on a requirement. Respondents who bid as a joint venture must indicate clearly that it is a joint venture and provide the following information:
 - a. the name of each member of the joint venture;
 - b. the Procurement Business Number of each member of the joint venture, if applicable;
 - c. the name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable;
 - d. the name of the joint venture, if applicable.
2. If the information is not clearly provided in the bid, the respondent must provide the information on request from the Contracting Authority.
3. The bid and any resulting contract must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The Contracting Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the bid solicitation and any resulting contract. If a contract is awarded to a joint venture, all members of the joint venture will be jointly and severally or solidarily liable for the performance of any resulting contract.

7. LIMITATION OF SUBMISSIONS

1. A respondent may not submit more than one bid. This limitation also applies to the persons or entities in the case of a joint venture. If more than one bid is received from a respondent (or, in the case of a joint venture, from the persons or entities), all such bids shall be rejected and no further consideration shall be given.

2. A joint venture is defined as an association of two or more parties which combine their money, property, knowledge, skills, time or other resources in a joint business enterprise agreeing to share the profits and the losses and each having some degree of control over the enterprise.
3. An arrangement whereby Canada contracts directly with a Contractor who may retain subcontractors to perform portions of the services is not a joint venture arrangement. A Subcontractor may, therefore, be proposed as part of the bidder team by more than one respondent. The respondent warrants that it has written permission from such Subcontractors to propose their services in relation to the services to be performed.
4. Notwithstanding paragraph 3. above, in order to avoid any conflict of interest, or any perception of conflict of interest, a respondent shall not include in its submission another respondent as a member of its team, as a Subcontractor.
5. Any joint venture entered into for the provision of professional services or other services must be in full compliance with the requirements of any provincial or territorial law pertaining thereto in the Province or Territory in which the project is located.

PHASE ONE QUALIFICATION FORM

PROJECT DESCRIPTION:

PURPOSE

The following statement of work describes requirements to modify the current radar tower at the King Weather Radar Site located just North of King City, Ontario at 14780 Jane St., King City, Ontario.

OBJECTIVE:

The objective of this work is to shorten the existing C-band weather radar tower, which has had the radar and radome removed. The work will include:

- Removal and disassembly of the top two sections and decking of the existing C-Band tower and installation of a new extended deck on the shortened tower, approx. 20.5m above the ground, including removal of all materials from the site;
- building of new structure and extended deck on the shortened tower;
- moving the existing power distribution box from its existing location to the new supporting structure at the lower deck height;
- modifying the existing spiral staircase to end at the surface of the new extended deck;
- installation of a new davit crane on the North side of the new extended deck;
- installation of new safety rails around the perimeter of the new extended deck, including a safety gate near the davit crane;
- installation of the lightning protection system;
- installation of several tie down points in/on the new extended deck area to allow securing of large equipment on the deck;
- modification of the chain link fence surrounding the radar to accommodate equipment lifts using the new davit crane;
- inspect tower at completion of construction according to CAS S37-13 and perform any maintenance or minor repairs as required. These repairs include, but are not limited to bolt tightening and/or replacement, repair of minor damage to paint or galvanization, etc.

CONDITIONS TO QUALIFY:

At Phase One closing, the respondent must:

- a) comply with the following Mandatory Requirements; and
- b) provide the necessary documentation to support compliance.

Mandatory Requirements:

1. Complete the Bidder's Contact Information
2. Complete the Qualification Form

Failure by the respondent to provide the required documentation in Phase One will result in the respondent being disqualified and no further consideration will be given to the respondent and the submission will be deemed non-responsive.

BASIS OF QUALIFICATION:

A qualification submission must comply with the mandatory requirements to be declared responsive in Phase One. Responding "no" to any of the mandatory requirements below will render your bid non-compliant and no further consideration will be given to the bid.

QUALIFICATION FORM

All fields must be completed in the qualification form or the response will be deemed non-compliant and no further consideration will be given. References will be contacted for confirmation of the information submitted. If the references cannot confirm the information submitted, the response will be deemed non-compliant and no further consideration will be given to the response.

Mandatory Requirements:

ID	Parameter	Description	
M1	Minimum experience of Respondent in erecting/constructing towers.	<p>The Respondent must have completed a minimum of 2 projects in the last 8 years, from the date of phase one closing, erecting/constructing self-supported towers based on the CSA S37-13 tower standard.</p> <p>To demonstrate, the Respondent must complete the two Project Tables below, include all requested information and respond to the two questions (Yes or No)</p> <p>If more than two (2) projects are provided, only the first two (2) in the response package will be considered.</p>	

PROJECT TABLE 1:	
Project Start Date(YYYY/MM/DD):	Project 100% Completion Date(YYYY/MM/DD):
Project Location:	
Project Title:	
Was this project 100% completed in the past 8 years?	Yes or No
Was this Project for erecting/constructing self-supported towers based on the CSA S37-13 tower standard	Yes or No
<p>Provide an Owner's or Owner's Representative's name, email and phone number for authentication/verification of information presented.</p> <p>Name:</p> <p>Email:</p> <p>Phone #:</p>	

Briefly describe the project (i.e.: cost, scope, size, distinguishing characteristics, etc.)

PROJECT TABLE 2:

Project Start Date(YYYY/MM/DD):

Project 100% Completion Date(YYYY/MM/DD):

Project Location:

Project Title:

Was this project 100% completed in the past 8 years? Yes or No

Was this project for erecting/constructing self-supported towers based on the CSA S37-13 tower standard Yes or No

Provide an Owner's or Owner's Representative's name, email and phone number for authentication/verification of information presented.

Name:

Email:

Phone #:

Briefly describe the project (i.e.: cost, scope, size, distinguishing characteristics, etc.)

Failure by the respondent to provide the required documentation in Phase One will result in the respondent being disqualified and no further consideration will be given to the respondent and the submission will be deemed non-responsive.
