  - **Does Not Support:** The majority of product or service functionality does not meet the criterion.
  - **Not Applicable:** The criterion is not relevant to the product or service.
- "**Points**" is to be filled in by the evaluator with one of the following numbers:
  - If "**Supports**" or "**Not Applicable**": 1

- If "Partially Supports": 0.5
  - If "Does Not Support": 0
- "Explanations" is to be filled in by the evaluator and should explain the evaluator's response to "Supports?".
  - If "Supports": No response required.
  - If "Partially Supports" or "Does Not Support": Explain what functions fail to meet the criterion and accessible alternatives provided.
