AMENDMENT NO. 002

This amendment is raised to answer bidders' questions.

QUESTIONS AND ANSWERS

Question 2:

Mandatory Technical Criteria MTC1 item 1.b requires a minimum contract value of \$5 Million (not including amendments and applicable taxes). The requirement for contract value is a contractual element that is sometimes not found in resulting contract documentation in private sector contracts that a bidder proposes to utilize to demonstrate billable days (Large private sector organizations generally utilize a Master Services Agreement (MSA) approach which contains the overarching contract language but are intentionally open ended from a schedule perspective as the underlying work packages contain the individual timelines.) In lieu of a contract showing the contract value information, would you also accept a client attestation letter confirming contract value of \$5 Million (billed dollar value)?

Answer 2:

Your recommendation was considered but the criterion remains unchanged.

Question 3

Mandatory Technical Criteria MTC1 item 1.c requires reference contract(s) to have been completed in the last three years or have been ongoing for a minimum of six months. The requirement for completion of the contract(s) in the last three years is restricting to very near term work. Would the Crown relax the requirement to completed in the last five years to reflect still recent and relevant work experience?

Answer 3:

Your recommendation was considered but the criterion remains unchanged.

Question 4:

Mandatory Technical Criteria MTC1 item 2.g. requires a signed attestation from the Client confirming that the information provided in the Bidder is accurate and true for the reference contract. Client letters can pose issues on sign-off of named resources due to privacy concerns of the individuals. Would the Crown allow the standard method of client reference/contact information versus signed client letters for MTC1?

Answer 4:

Your recommendation was considered but the criterion remains unchanged.

Question 5:

Mandatory Technical Criteria MTC2 requires billable days (2,000) from reference contract(s) used at MTC1 to have been demonstrated in the last three years. Can this requirement be relaxed to within the last 5 years?

Answer 5:

Your recommendation was considered but the criterion remains unchanged.

Question 6:

Rated Evaluation Criteria RTC1-A and RTC1-B require 521 days billed in the last 3 years for max points from four respective resources from the contracts used at MTC1 (10 points per resource, 2 ERP Functional Analysts and 2 Business Analysts). ERP Functional and Business Analysts often are involved in stages of projects and have shorter Task Authorizations in duration. Would the Crown consider making the point scales max at 240 days to better align with typical work deployments of these roles?

Answer 6:

Your recommendation was considered but the criterion remains unchanged.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.

NOTE: A BID ALREADY SUBMITTED MAY BE AMENDED PRIOR TO THE CLOSING DATE. AMENDING CORRESPONDENCE MUST ADDRESS THE SOLICITATION NUMBER AND THE CLOSING DATE. BIDS MUST BE SUBMITTED ONLY TO THE PUBLIC WORKS AND GOVERNMENT SERVICE CANADA (PWGSC) BID RECEIVING UNIT VIA CANADA POST CORPORATION (CPC) CONNECT.

For bidders needing to register with CPC Connect the email address is:
tpsgc.pareceptiondessaoumissions-apbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca.

Interested Bidders must register as early as possible, and in any case, at least six business days prior to the solicitation closing date and time (in order to ensure a response). Requests to open an CPC Connect conversation received after that time may not be answered.
