

## **ADVANCE CONTRACT AWARD NOTICE (ACAN)**

### **1. Advance Contract Award Notice (ACAN)**

An ACAN is a public notice indicating to the supplier community that a department or agency intends to award a contract for goods, services or construction to a pre-identified supplier, thereby allowing other suppliers to signal their interest in bidding, by submitting a statement of capabilities. If no supplier submits a statement of capabilities that meets the requirements set out in the ACAN, on or before the closing date stated in the ACAN, the contracting officer may then proceed with the award to the pre-identified supplier.

### **2. Definition of the requirement**

The Department of Natural Resources Canada (NRCan) has a requirement to explore the development and use of geospatial standards-based solutions to improve disaster support activities at the federal and provincial level in the context of drought. The overall objective is to improve the flow of geospatial information used to support diverse drought management activities in Canada.

The work will involve development, and where possible, use of geospatial standards-based approaches to improve flows of geospatial information throughout the stages of drought disaster support activities. Work will be completed in the context of a drought scenario for the Province of Manitoba through the following tasks:

- A. **Stakeholder and Geospatial Information Evaluation** to identify stakeholders that should be involved in drought and associated disaster response and the types of geospatial information they will require for decision making.
- B. Exploring how publicly available **Crowdsourced and Volunteered Information** can be leveraged geospatially to complement traditional forms of geospatial data to support drought and associated disaster decision making.
- C. Development of a **Drought Information Architecture** that will explore how multiple levels of government can work with geospatial drought and associated disaster information collaboratively and how the information can be disseminated to diverse stakeholder groups.
- D. Example **Demonstration** of the Drought Information Architecture to show how the architecture could function when operationally implemented.
- E. **Integration of Outcomes into International Geospatial Standards Development Activities** by creating a plan for incorporating the geospatial standards developed in this project into official, international geospatial standards managed by standards development organizations.

**Communicating** activities and outcomes of this project through webinars and a written report. All communications material shall be freely accessible by the public in perpetuity.

## **ADVANCE CONTRACT AWARD NOTICE (ACAN)**

### **3. Criteria for assessment of the Statement of Capabilities (Minimum Essential Requirements)**

Any interested supplier must demonstrate by way of a statement of capabilities that it meets the following requirements:

- The vendor **MUST** be a recognized Standards Development Organization (SDO) by the Committee of Experts on Global Geospatial Information Management of the Statistics Division of the United Nations.
- The vendor **MUST** have an existing program that builds and tests innovative international standards-based geospatial solutions with an open international forum composed of governments, commercial organizations, businesses, academic and research organizations to solve geospatial challenges via a collaborative process.
- The vendor **MUST** have an existing and operating open geospatial application programming interface (API) or an open geospatial application programming interface (API) currently in development that is freely available for anyone to use in perpetuity and has achieved widespread adoption by the global geospatial community.
- The vendor **MUST** have experience in the development and delivery of open international standards-based geospatial IT solutions.

### **4. Applicability of the trade agreement(s) to the procurement**

This procurement is subject to the following trade agreement(s):

- Canadian Free Trade Agreement (CFTA)
- World Trade Organization - Agreement on Government Procurement (WTO-AGP)
- Canada-European Union Comprehensive Economic and Trade Agreement (CETA)
- Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP)
- Canada-Chile Free Trade Agreement (CCFTA)
- Canada-Colombia Free Trade Agreement
- Canada-Honduras Free Trade Agreement
- Canada-Korea Free Trade Agreement
- Canada-Panama Free Trade Agreement
- Canada-Peru Free Trade Agreement (CPFTA)

### **5. Set-aside under the Procurement Strategy for Aboriginal Business**

N/A

### **6. Comprehensive Land Claims Agreement(s)**

N/A

## **ADVANCE CONTRACT AWARD NOTICE (ACAN)**

### **7. Justification for the Pre-Identified Supplier**

The supplier mentioned in section 13 below is the only known supplier that meets the mandatory criteria set out in section 3 above.

Should Canada receive a statement of capabilities from a supplier that contains sufficient information to indicate that it meets the requirements set forth in this ACAN, a competitive process will be triggered with a technical and financial evaluation methodology of the bids proposed by the potential bidders

### **8. Government Contracts Regulations Exception**

The following exception(s) to the [Government Contracts Regulations](#) are invoked for this procurement under subsection 6(d) - only one person is capable of performing the work.

The identified supplier, Open Geospatial Consortium Inc., is the only one able to meet all of the criteria identified in paragraph 3 above.

### **9. Exclusions and/or Limited Tendering Reasons**

The following exclusion(s) and/or limited tendering reasons are invoked under the:

- Canadian Free Trade Agreement (CFTA) – Article: 513.1(b) (iii);
- World Trade Organization - Agreement on Government Procurement (WTO-AGP) – Under the Revised GPA - Article XIII, 1 (b) (iii);
- Canada-European Union Comprehensive Economic and Trade Agreement (CETA) – Article(s) Article 19.12 (b) (iii)
- Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP) – Article(s): 15.10 , 2 (b) (iii) (s)
- Canada-Chile Free Trade Agreement (CCFTA) – Article(s) Kbis-09 (b), Article Kbis-09 (c)
- Canada-Colombia Free Trade Agreement – Article(s): 1409 (b) (iii);
- Canada-Honduras Free Trade Agreement – Article(s): 17.11 2 (b) (iii)
- Canada-Korea Free Trade Agreement – Article 14.3, Under the Revised GPA - Article XIII, 1 (b) (iii);
- Canada-Panama Free Trade Agreement – Article(s) 16.10 (b) (iii)

### **10. Ownership of Intellectual Property**

Ownership of any Foreground Intellectual Property arising out of the proposed contract will vest in the Contractor.

### **11. Period of the proposed contract or delivery date**

The proposed contract is for a period of one years, from October 2022 to September 2023.

## **ADVANCE CONTRACT AWARD NOTICE (ACAN)**

### **12. Cost estimate of the proposed contract**

The estimated value of the contract is \$400,000.00 (GST/HST extra).

### **13. Name and address of the pre-identified supplier**

Open Geospatial Consortium Inc.  
2300 Wilson Blvd., Ste 700 #1026,  
Arlington, VA, 22201, USA

### **14. Suppliers' right to submit a statement of capabilities**

Suppliers who consider themselves fully qualified and available to provide the goods, services or construction services described in the ACAN may submit a statement of capabilities in writing to the contact person identified in this notice on or before the closing date of this notice. The statement of capabilities must clearly demonstrate how the supplier meets the advertised requirements.

### **15. Closing date for a submission of a statement of capabilities**

The closing date and time for accepting statements of capabilities is on October 20, 2022, at 2:00 p.m. EDT.

### **16. Inquiries and submission of statements of capabilities**

Inquiries and statements of capabilities are to be directed to:
