STANDARD REQUEST FOR BID

INVITATION À SOUMISSIONNER - STANDARD

The Bidder offers to provide to Canada the goods, services or both listed in the bid solicitation in accordance with the conditions set out in the bid solicitation and the prices set out in the bid.

This bid solicitation is issued in accordance with the conditions of the Supply Arrangement E60PQ-140003/PQ.

Le soumissionnaire offre de fournir au Canada les biens, services ou les deux énumérés dans la demande de soumissions aux conditions prévues dans la demande de soumissions et aux prix indiqués dans la soumission.

Cette demande de soumissions est émise conformément aux conditions de l'arrangement en matière d'approvisionnement E60PQ-140003/PQ.

The amendment to the bid solicitation is to address the enquiries received:

Response(s) (R) to Question(s) (Q):

Q1: Item #11 has a width of 25"-39" as per the GoCUID code. You call out 72"w. What is it you are looking for and what is the correct GoCUID code?

R1: We are looking for 2 benches (booth style) approx.72" long and 27" wide with a backing and privacy screen.

Q2: The new RFB sheet is still incorrect. Your laptop table is still in the SA portion. Can you please provide an extension and correct the documents so we can bid properly.

R2: We can allow the extension yes. We can amend this to be fixed height and kept on the SA to avoid further issues. Correction has been made in Annex A below.

The bid solicitation is amended as follows:

SECTION 1 – INVITATION AND INSTRUCTIONS TO BIDDERS

Delete:

| | |
|--|-----------------------------------|
| RFB Issued by: | |
| Identified User's (IU) Department/Agency/Crown Corporation: Contact for this RFB: | See Section 2, article 4.1 below. |

ANNEX A
REQUIREMENT and BASIS OF PAYMENT

Annex A is deleted in its entirety and replaced with the following:

1. Category Selection

Combined Categories Rule:

For reasons of compatibility, the following categories will be combined for evaluation and contract award purposes:

The rule only applies to the categories below that are checked. The unchecked categories will be evaluated separately and may be awarded to multiple suppliers;

- Category 1**
- Category 2**
- Category 5**

*** Exception: when using the Cat 1, 2, 5 combined categories rule, IU's may calculate the percentage of NSA product allowed (as defined in their solicitation document) against the total quantity of the combined categories.**

Design Upgrade Rule:

The IU may exercise an option to upgrade products up to 20% of each Category product total before Applicable Taxes after contract award.

The Design Upgrade amount is used at the discretion of the Project Authority (PA) **prior to the manufacturing/ordering of the products**, the PA will provide the Contractor with a written notice of Canada's Design Upgrade choices for each of the product(s) to be upgraded. The Contractor will provide the pricing of the upgraded product(s) to a maximum of 20% of each Category Contract Price of Table 8. The Contracting Authority will issue an amendment to the contract with the Design Upgrades and pricing.

The Supplier certifies that all the Design Upgraded products offered will conform to all specifications and meet the testing requirements detailed in the Specifications of the Supply Arrangement.

Design Upgrade: is the process of replacing a product with a more innovative or enhanced version of the same product.

NSA:

NSA products can be incorporated in the RFB and must not exceed 30% of the firm quantity by category. NSA items must be added to the category that is most closely related and must be generic.

The requirement includes the following category (ies) of work:

a. Category 1 – Interconnecting Panels and Freestanding Systems

Category 1a – Interconnecting Panels (Refer to Annex C)

Category 1b – Supporting components and freestanding furniture

RULE: Metal Storage

Identified Users may procure metal storage products forming part of Category 1 when the metal storage products will be part of a requirement for a workstation(s)/work point(s). If this rule does not apply, Category 3 must be used for the metal storage products forming part of this category.

b. Category 2 – Freestanding Height Adjustable Desk / Table Products

c. Category 3 – Metal Filing and Storage Cabinets

Identifying the maximum height of the Personal Storage Towers, Wardrobes and Storage Cabinets is acceptable as per 6B. 4.1 of the SA (table 1 Additional product details)

d. Category 4 – Wood Veneer – Freestanding Products

e. Category 5 – Ancillary and Lighting Products

f. Category 6 - Support Space – Collaborative Furniture

RULE: Category 6 can be further subdivided by space or like product in order to increase or allow competition. Space is defined as a location available for a particular purpose such as a meeting room space or a collaborative space. Like products are defined as products with similar design and construction. If NSA products form part of the requirement, the IU must validate the 30% NSA prior to subdividing the category. NSA products can be added to any subdivide or in its own subdivide.

The IU must identify how Category 6 will be subdivided in the Product Table for Category 6.

g. NSA Product(s) – Category(ies): 6

2. Product and Pricing Tables

Site Inspection Date: To be coordinated with Project Authority after contract award. (Refer to Annex A article 4 of the SA for Site Inspection and Documentation instructions.)

INSTRUCTIONS TO BIDDERS: Bidders are to complete Sections B of the tables identified by the IU in this article as well as Tables 8 and 9. **Bidders must provide a complete product offering for each category, or CAT 6 sub-divide they wish to submit a bid in order to be compliant.**

****Refer to article 6A.7 for instructions on how to submit products that are not approved in product listing.****

In a resulting contract, the term “Bid” means the Supplier’s commitment, the term “Bidder” means “Contractor”.

Product Category: 6
