Title: Installation of a New Central Air Conditioning System at the Official Residence for the Embassy of Canada to Côte d'Ivoire

Solicitation: 23-220020

The following Questions & Answers is in link with the solicitation document mentioned above.

Questions & Answers #1

- Q1.** “If we installed the system only in Canada, would it be better if it was an international installation?”
- A1.** No country specification is required for Section “III” – Pre-Qualification Requirements, at M1 as long as it is a VRV installation.
- Q2.** “Is there any specific size of VRV system that needs to be reported in M1?”
- A2.** No, at this time no size specification is required as per Section “III” – Pre-Qualification Requirements, at M1.
- Q3.** “For M3, does the certification/license need to be from Côte d'Ivoire or can it be from Canada?”
- A3.** The Contractor must be authorized to perform the installation services in Côte d'Ivoire as per Section “III” – Pre-Qualification Requirements, at M3.
- Q4.** “How can one get a license/certification for Côte d'Ivoire?”
- A4.** The supplier can seek certification from the manufacturer that they can perform the installation services in Côte d'Ivoire.
- Q5.** “Will we get confirmation if we were successful or not successful before the RFP is sent out?”
- A5.** As per the RQ, Respondents meeting the mandatory criteria set out in this RQ will be invited to the subsequent RFP and receive notification by October 28, 2022.
