## **1. Solicitation of Offers.**

Canada requests offers from Offerors to meet its requirements. For the convenience of Offerors, a brief description is set out below with detailed requirements in subsequent sections of this solicitation of offers. If interested and able to meet these requirements, Canada appreciates and welcomes an offer.

**1.1. Offers.** Canada is seeking offers from Offerors to provide upgrades to four (4) currently existing weapons vaults to the Department of National Defence, Aldershot, Nova Scotia.

**1.2. Term.** The period of the Contract is from date of Contract to March 31, 2023 inclusive.

**1.3. Delivery Date.** All the deliverables must be received on or before March 31, 2023.

**1.4. Delivery Points.** Delivery of the requirement will be made to delivery point(s) specified at Annex - Statement of Requirements of the Contract.

## **2. Offer Requirements.**

**2.1. Security Requirements.** There are no security requirements associated with this solicitation of offers.

## **3. Offeror Requirements.**

### **3.1. Offeror Responsibilities.** Each Offeror must

- a. obtain any clarification it considers necessary of the solicitation of offers requirements before submitting an offer;
- b. prepare its offer in accordance with the solicitation of offers instructions;
- c. submit a complete offer by the closing date and time as per the instructions noted in section titled "Offer Submission";
- d. provide a comprehensible and sufficiently detailed offer, including all requested pricing details that will enable Canada to complete its evaluation based on the solicitation of offers criteria, and
- e. comply with all other requirements of this solicitation of offers.

**3.2. Legal capacity.** The Offeror must have the legal capacity to contract. If the Offeror is a sole proprietorship, a partnership, or a corporate body, the Offeror must provide, if requested by the Contracting Authority, a statement and any requested supporting documentation indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business. This also applies to offerors submitting an offer as a joint venture.

**3.3. Compliance with Code of Conduct.** The Offeror must comply with Canada's [Code of Conduct for Procurement](#).

**3.4. Ineligibility and Suspension Policy.** The Offeror must (i) comply with Canada's [Ineligibility and Suspension Policy](#) and applicable directives in effect on the date Canada issues the solicitation of offers, which are incorporated into the solicitation of offers, and (ii) submit an [Integrity Declaration Form](#).

### **3.5. Conflict of Interest.**

- a. **Right to Reject.** Canada may reject an offer if the Offeror, any of its subcontractors, or any of their respective employees or former employees
  - i. was involved in any manner in the preparation of the solicitation of offers or in any situation of conflict of interest or appearance of a conflict of interest, or
  - ii. had access to information related to the solicitation of offers that was not available to other offerors and that would, in Canada's opinion, give or appear to give the Offeror an unfair advantage.
- b. **Experience Not an Unfair Advantage.** Canada will not consider any experience any Offeror has acquired by providing the goods and/or services described in the solicitation of offers (or similar goods and/or services), in itself, as conferring an unfair advantage or creating a conflict of interest.
- c. **Notification of Rejection.** If Canada intends to reject an offer under this section, the Contracting Authority will inform the Offeror and provide the Offeror an opportunity to make representations.

**3.6. Offer Submission Form.** Each Offeror is required to include the Offer Submission Form (Annex - Offer Submission Form) with their offers. If Canada determines that the information required by the Offer Submission Form is incomplete or requires correction, Canada will provide the Offeror with a deadline to do so.

**3.7. Offeror Declaration Form.** Each Offeror is required to submit a signed Offeror Declaration (Annex- Offeror Declaration Form) in which it certifies to Canada all the information required by the Offeror Declaration. If Canada determines that the information required by the Offeror Declaration Form is incomplete or requires correction, Canada will provide the Offeror with a deadline to do so.

**3.8. Insurance.** The successful Offeror will be responsible to meet insurance requirements in accordance with the resulting contract section entitled "Insurance".

#### **4. Offer Submission.**

**4.1. Offer Receipt.** Subject to provisions for delayed offers, Canada will consider only offers submitted to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit by the date, time and place indicated on page 1 and the "Offer Submission" section of the solicitation.

#### **4.2. Delayed Offers.**

- a. **Late Offers.** Canada will not consider offers delivered after the offer submission closing date and time, unless they qualify as a delayed offer as described below. Canada will return late offers submitted physically, and will delete late offers submitted electronically (while retaining the transaction history).
- b. **Cause of Delay.** Canada may consider an offer delivered after the solicitation of offers closing date but before Canada awards the contract if the Offeror can prove the delay is due solely to a delay in the delivery caused by the Canada Post Corporation (or the national equivalent of a foreign country). Canada will not consider delayed offers due to private couriers (Purolator Inc., FedEx Inc., etc.) misrouting, traffic volume, weather disturbances, labour disputes or any other causes for the late delivery of offers.
- c. **Evidence of Delay.** The only evidence relating to a delay in the CPC system that Canada will accept are (i) a CPC cancellation date stamp, (ii) a CPC Priority Courier bill of lading, (iii) a CPC Xpresspost label that clearly indicates that the Offeror mailed the offer before the solicitation

of offers closing date, or (iv) a Canada Post Corporation Connect date and time record indicated in the Connect conversation history that clearly indicates that the Offeror sent the offer before the solicitation of offers closing date and time. Postage meter imprints are not acceptable as proof of timely mailing. For the national equivalent to the CPC in a foreign country, Canada will accept the local equivalent to these CPC documents.

**4.3. Customs Clearance.** It is the responsibility of the Offeror to allow sufficient time to obtain Customs clearance, where required, before the offer closing date and time. Delays related to the obtaining of Customs clearance cannot be construed as "undue delay in the mail" and will not be accepted as a delayed offer.

**4.4. Offers Submitted by Canada Post Corporation's (CPC) Connect service.**

**a. Submission by CPC Connect.** Offerors may submit their offers by CPC [Connect](#) provided by Canada Post Corporation.

**b. CPC Connect Address.** Unless specified otherwise in the solicitation, Offerors may submit offers by CPC Connect to:

**i.** PWGSC, Atlantic Region at:

[TPSGC.RAReceptionSoumissionsNE-ARBidReceivingNS.PWGSC@tpsgc-pwgsc.gc.ca](mailto:TPSGC.RAReceptionSoumissionsNE-ARBidReceivingNS.PWGSC@tpsgc-pwgsc.gc.ca)

Note: Offers will not be accepted if emailed directly to this email address. This email address is to be used to open an CPC Connect conversation or to send offers through an CPC Connect message if the Offeror is using its own licensing agreement for CPC Connect.

**c. CPC Connect Requirements.**

**i. Submission Process.** To submit an offer using CPC Connect, the Offeror must either:

1. send its offer directly to the specified PWGSC offer Receiving Unit, using its own licensing agreement for CPC Connect provided by CPC, or
2. send, as early as possible, and in any case at least six business days before the solicitation closing date and time, an email that includes the solicitation number to the specified PWGSC offer Receiving Unit requesting to open an CPC Connect conversation. Canada may not answer any requests to open an CPC Connect conversation received after that time.

**ii. Transmission Capacity.** The CPC Connect system has the capacity to receive multiple documents, with a limit of 1GB per single message posted and a limit of 20GB per conversation.

**iii. CPC Connect Conversations.** If the Offeror sends an email requesting CPC Connect to the specified offer Receiving Unit in the solicitation, an officer of the offer Receiving Unit will then initiate an CPC Connect conversation. This will create an email notification from Canada Post Corporation prompting the offeror to access and action the message within the conversation. The offeror will then be able to transmit its offer.

**iv. Conversation Time Periods.** If the Offeror is using its own licensing agreement to send its offer, the Offeror must keep the CPC Connect conversation open for at least 30 business days after the solicitation closing date and time.

**v. Message Fields.** The Offeror must identify the solicitation number in the CPC Connect message field of all electronic transfers.

**vi. Acknowledgement of Receipt.** The offer Receiving Unit will send an acknowledgement of the receipt of offer document(s) via the CPC Connect conversation. This

acknowledgement will confirm only the receipt of offer document(s) and will not confirm if Canada is able to open the attachments or that the content is readable.

**vii. Canadian Mailing Address.** The use of CPC Connect requires a Canadian mailing address.

Offerors that do not have a Canadian mailing address may use the offer Receiving Unit address specified in the solicitation in order to register for CPC Connect

- d. Use of Correct Email Address.** Offerors must ensure that they are using the correct email address for the offer Receiving Unit when initiating a conversation in CPC Connect or communicating through an CPC Connect conversation.
- e. Errors in CPC Transmissions.** Canada will not be responsible for any failure attributable to the transmission or receipt of an offer transmitted by CPC Connect.

**4.5. Offers Submitted by Fax.**

- a. Submission by Fax.** Offerors may submit their offers by fax.
- b. Fax Numbers.** Offerors may submit their offer by fax to
  - i.** PWGSC, Atlantic Region. The only acceptable fax number for responses to solicitations of offers issued by PWGSC is 902-496-5016.
- c. Errors in Faxed Transmissions.** Canada will not be responsible for any failure attributable to the transmission or receipt of a faxed offer.

**4.6. Offer Sections.** Offerors are requested to submit their offers separated into the following sections:

Section I: Technical Offer;

Section II: Financial Offer;

Section III: Offer Submission Form; and

Section IV: Offeror Declaration Form.

**4.7. Offer Submission Method Restrictions.** Canada will not accept offers submitted in any other manner.

**4.8. Discrepancies.**

- a. Submission via CPC Connect Service.** If the Offeror provides simultaneous copies of its offer using multiple acceptable delivery methods and there is a discrepancy between the wording of any of these copies and the copy provided through CPC Connect service, the wording of the copy provided through CPC Connect service will have priority.
- b. Submission via Other Methods.** In all other cases of discrepancy, the wording of the hard copy of the offer will have priority.

**4.9. Offer Submission Requirements.**

- a. Authority.** Each Offeror (and each member of a Joint Venture submitting an offer) must (i) have legal capacity to contract and (ii) sign the offer by an authorized representative of the Offeror. If a Joint Venture Offeror submits an offer, the Joint Venture will be required to identify its representative chosen to act on behalf of the Joint Venture (if the Offeror has not done so in the offer, Canada will provide it a deadline to do so).
- b. Procurement Business Number.** Each Offeror (and each member of a Joint Venture submitting an offer) must have a Procurement Business Number (PBN) before contract award. Suppliers may register for a PBN online at [Supplier Registration Information](#). For non-

Internet registration, suppliers may contact the Info Line at 1-800-811-1148 to obtain the telephone number of the nearest Supplier Registration Agent.

- c. **Offer Identification.** Each Offeror must ensure that its name, its return address, the solicitation of offers number, and the solicitation of offers closing date and time are clearly visible on any envelope or parcels containing samples or any paper offer as applicable
- d. **Validity of Offers.** Offers will remain open for acceptance for a period of not less than [90] calendar days from solicitation of offers closing date, unless specified otherwise in the solicitation of offers. Canada reserves the right to seek an extension of the offer validity period from all compliant Offerors in writing, at least three calendar days before the end of the offer validity period. If all compliant Offerors agree to extend their offers, Canada will continue with the evaluation of the offers. If not all compliant Offerors extend their offers, Canada, at its sole discretion, will either continue with the evaluation of the offers of those who have accepted the extension or cancel the solicitation of offers.
- e. **Offer Language.** Offerors may submit their documents and supporting information in either English or French.
- f. **Offer Become Property of Canada.** Offers received on or before the solicitation of offers closing date and time will become the property of Canada and Canada will not return them to Offerors. Canada will treat all offers as confidential, subject to the provisions of the [Access to Information Act](#) and the [Privacy Act](#).
- g. **No Assignment of Offers.** An offer cannot be assigned or transferred in whole or in part.

**4.10. Provision of Documentation.** Canada will make available Notices of Proposed Procurement, solicitation of offers, and related documents for download through the Government Electronic Tendering Service. Canada is not responsible and will not assume any liabilities whatsoever for the information found on websites of third Parties. Canada will not notify Offerors if it amends a Notice of Proposed Procurement, a solicitation of offers, or any related documentation. It will post all amendments (including significant enquiries received and their replies) using Government Electronic Tendering Service. Offerors are responsible for regularly consulting Government Electronic Tendering Service for the most up-to-date information. Canada will not be liable for any oversight on the Offeror's part nor for notification services offered by a third Party.

**4.11. Offer Costs.** The Offeror is solely responsible for all costs associated with preparing, submitting, and evaluating its offer.

**4.12. Applicable Laws.** Any Contract must be interpreted and governed, and the relations between the Parties determined, by the laws in force in a Canadian province or territory. Offerors may insert the Canadian province or territory of their choice in the Offer Submission Form. If the Offeror does not include this information in the Offer Submission Form, the applicable laws will be those of Nova Scotia.

**4.13. Entire Requirement.** The solicitation of offers documents contain all the requirements relating to the solicitation of offers; no other information or documentation is relevant. Offerors should not assume that practices used under previous solicitations of offers or contracts will continue or that the Offeror's existing capabilities meet the requirements of the solicitation of offers simply because they have met previous requirements.

## 5. Communications.

**5.1. Communications During Solicitation of Offers Period.** To ensure the integrity of the competitive process, the Offeror must direct all questions and other communications regarding the solicitation of offers only to the Contracting Authority identified in the solicitation of offers. Failure to comply may result in Canada rejecting the offer.

- a. **Period for Questions.** Offerors should submit all questions in writing no later than five (5) business days before the offer closing date. Canada may not respond to questions submitted after this.
- b. **Detail of Questions.** Offerors must accurately reference the numbered item of the solicitation of offers to which the question relates and explain each question in sufficient detail to enable Canada to provide an accurate answer.
- c. **Proprietary Questions.** For any technical questions containing proprietary information, Offerors must clearly mark those questions as "proprietary". Canada will treat such questions as proprietary except where Canada determines that the question is not of a proprietary nature. Canada may edit the question(s) or may request that the Offeror revise the question(s) to eliminate the proprietary nature of the question(s) and Canada can provide the answer to all Offerors. Canada may not answer questions that are not in a form it can distribute to all Offerors.

**5.2. Offer Debriefings.** Offerors may request a debriefing on the results of the solicitation of offers process. Offerors should make such a request to the Contracting Authority within 15 business days from its receipt of the results of the solicitation of offers process. Canada may provide the debriefing in writing, by telephone, or in person.

### 5.3. Offer Challenge and Recourse Mechanisms.

- a. **Challenges to Procurement Process.** Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- b. **Bid Challenge and Recourse Mechanisms.** Canada encourages suppliers to bring their concerns first to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Offer Challenge and Recourse Mechanisms](#)", contains information on potential complaint bodies such as:
  - i. Office of the Procurement Ombudsman (OPO)
  - ii. Canadian International Trade Tribunal (CITT)
- c. **Deadlines for Filing Complaints.** There are strict deadlines for filing complaints; the time periods vary depending on the particular complaint body. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

## 6. Technical Proposal.

### 6.1. Technical Offer Contents.

- a. **Requirements.** Offerors should:
  - i. demonstrate their understanding of the requirements contained in the solicitation of offers;
  - ii. concisely explain how they will meet these requirements; and
  - iii. address the points that are subject to the evaluation criteria against which the Offer will be evaluated. Simply repeating a statement contained in the solicitation of offers is not sufficient.

- b. Organization.** Offerors should address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, an Offeror may refer to different sections of its offer by identifying where it has already addressed the subject topic, by identifying the specific paragraph and page.

**6.2. Substantiation of Technical Compliance.** Offerors must substantiate their compliance with the following sections of the solicitation of offers by providing information describing completely, and in detail how they meet the requirement. Offerors should clearly indicate in their technical offer where the substantial information for each of the sections identified below is found in the offer.

**Annex – Mandatory Technical Evaluation Criteria, herein.**

**6.3. Equivalent Products.**

- a. Products To Be Considered.** Products that are equivalent in form, fit, function and quality to the item(s) specified in the solicitation of offers will be considered where the Offeror:
- i. designates the brand name, model and/or part number of the substitute product;
  - ii. states that the substitute product is fully interchangeable with the item specified;
  - iii. provides complete Specifications and descriptive literature for each substitute product;
  - iv. provides compliance statements that include technical specifics showing the substitute product meets all mandatory performance criteria that are specified in the solicitation of offers; and
  - v. clearly identifies those areas in the Specifications and descriptive literature that support the substitute product's compliance with any mandatory performance criteria.
- b. Products Not To Be Considered.** Products offered as equivalent in form, fit, function and quality will not be considered if:
- i. the offer fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each substitute product; or
  - ii. the substitute product fails to meet or exceed the mandatory performance criteria specified in the solicitation of offers for that item.
- c. Demonstration of Equivalent Product.** In conducting its evaluation of the offers, Canada may, but will have no obligation to, request Offerors offering a substitute product to demonstrate, at the sole cost of Offerors, that the substitute product is equivalent to the item specified in the solicitation of offers.

**7. Financial Proposal.**

**7.1. Financial Proposal.** Offerors must submit their financial offer in accordance with the Annex - Basis of Payment, herein.

**7.2. Exchange Rate Fluctuation.** Canada is not offering exchange rate fluctuation risk mitigation for this solicitation. Canada will declare any offer non-compliant if there is any indication that offer is conditional on exchange rate fluctuation protection.

**8. Evaluation Procedures.**

**8.1. Assessment.** Canada will assess offers in accordance with the entire requirement of the solicitation of offers including the Technical and Financial evaluation criteria. Canada will declare any offer that fails to meet all mandatory solicitation requirements non-compliant.

## 8.2. Conduct of Evaluation.

- a. Support for Offer Requirements.** Canada may request information to support any offer requirement. The Offeror must address each requirement in sufficient depth to permit a complete analysis and assessment. In particular, Canada may, by written notice,
- i. seek clarification or verification as to any information provided,
  - ii. contact any references to verify any information it submitted,
  - iii. request information about the Offeror's legal status,
  - iv. conduct a survey of the Offeror's facilities,
  - v. examine the Offeror's its technical, managerial, and financial capabilities,
  - vi. correct any error in
    1. the extended pricing of offers by using unit pricing, or
    2. the quantities in offers to reflect the quantities stated in the solicitation of offers (and, in the case of error in the extension of prices, the unit price will govern),
  - vii. verify any information the Offeror provided, or
  - viii. interview, at the Offeror's sole cost, the Offeror, any resources it proposes to fulfill the solicitation of offers requirements or both.
- b. Compliance.** The Offeror must comply with any such request within the specified time.

**8.3. Evaluation Based on Documents Provided.** Unless otherwise specified in this solicitation of offers, Canada will evaluate only the documentation provided with the offer. Canada will not consider information such as references to website addresses where additional information can be found, or technical manuals or brochures not submitted with the offer.

**8.4. Evaluation Team.** An evaluation team composed of one or more representatives of Canada will evaluate the offers. Canada may hire any independent consultant, or use any Government resources, to evaluate any offer. Not all members of the evaluation team will necessarily participate in all aspects of the evaluation.

**8.5. Rights of Canada.** Canada may:

- a. reject any or all offers in response to the solicitation of offers;
- b. enter into negotiations with Offerors on any or all aspects of their offers;
- c. accept any offer in whole or in part without negotiations;
- d. cancel the solicitation at any time;
- e. reissue the solicitation; or
- f. if no compliant offers are received and the requirement is not substantially modified, reissue the solicitation by inviting only the Offerors who offer to resubmit offers within a period designated by Canada and negotiate with the sole compliant Offeror to ensure the best value to Canada.

**8.6. Rejection of Offer.** Canada may reject an offer where:

- a. **Bankruptcy.** The Offeror is bankrupt or its activities are inoperable for an extended period;
- b. **Improper Conduct.** The Offeror or an employee or subcontractor included as part of the offer:
  - i. is subject to a Vendor Performance Corrective Measure, under the Vendor Performance Corrective Measure Policy, which renders the Offeror ineligible to offers on the requirement;

- ii. based on evidence satisfactory to Canada, has committed fraud, bribery, fraudulent misrepresentation or failed to comply with laws protecting individuals against any manner of discrimination;
  - iii. based on evidence satisfactory to Canada, has conducted themselves improperly in the past;
- c. **Suspension or Termination.** The Offeror or an employee or subcontractor included as part of the offer has been suspended or terminated by Canada for default under a contract with Canada;
- d. **Poor Performance.** In Canada's opinion, the Offeror's performance on other contracts, including the efficiency and workmanship as well as the extent to which the Offeror performed the work in accordance with contractual clauses and conditions, is sufficiently poor to jeopardize the successful completion of the requirement;
- e. **Not Good Value.** In Canada's opinion, it does not offer good value to Canada;
- f. **Conflict of Interest.** In Canada's opinion, the Offeror is in a conflict of interest or had an unfair advantage over other Offerors. Among other things, being involved in preparing the solicitation or having access to information not available to other Offerors may be considered grounds for rejection, although having experience on the previous or related contracts does not, in itself, confer an unfair advantage or create a conflict of interest. Offerors who are in doubt about a particular situation should contact the Contracting Authority before offer closing; or
- g. **Prejudicing Integrity or Fairness - Multiple Offers from Single Offeror or Joint Venture.** Canada may apply additional scrutiny when it receives multiple offers in response to a solicitation of offers from a single Offeror or a Joint Venture. Canada may reject any offer submitted by a single Offeror or Joint Venture if their inclusion
  - i. in the evaluation has the effect of prejudicing the integrity and fairness of the process, or
  - ii. in the procurement process would distort the solicitation of offers evaluation or would not provide good value to Canada.
- h. **Ability to Make Representations.** If Canada intends to reject an offer under (c) or (d), the Contracting Authority will inform the Offeror and give the Offeror ten calendar days within which to make representations, before making a final decision on the offer rejection.

## 9. Technical Evaluation.

**9.1. Mandatory Technical Criteria.** Canada will review each offer for compliance with the mandatory requirements of the solicitation of offers. Any element of the solicitation of offers identified specifically with the words "must" or "mandatory" is a mandatory requirement. Canada will declare non-compliant any offer that does not comply with every mandatory requirement. The mandatory technical criteria are: See Annex – Mandatory Technical Criteria

## 10. Financial Evaluation.

**10.1. Evaluation of Price.** Canada will evaluate all offers in Canadian dollars, Applicable Taxes excluded, delivery, and Canadian customs duties and excise taxes included.

**10.2. Blank Prices.** Offerors must insert "\$0.00" for any item for which they do not intend to charge or for items that are already included in other prices set out in the tables. If the Offeror leaves any price

blank, Canada will treat the price as "\$0.00" for evaluation purposes and may request that the Offeror confirm that fact. Canada will not permit any Offeror to add or change a price as part of such a confirmation. If an Offeror does not confirm that the price for a blank item is \$0.00, Canada will declare its offer to be non-responsive.

**10.3. Basis of Selection.** For Canada to declare an offer compliant, the offer must comply with the requirements of the solicitation of offers and meet all mandatory technical evaluation criteria. Canada will consider the compliant offer with the lowest evaluated price for award.

**10.4. Price Justification.** If an offer is the sole compliant offer received, the Offeror must provide, on Canada's request, one or more of the following:

- a. a current published price list indicating the percentage discount available to Canada;
- b. a copy of paid invoices for the like quality and quantity of the goods, services, or both sold to other customers;
- c. a price breakdown of all costs (including labour, materials, transport, general and administrative overhead, transportation, etc.) and profit;
- d. price or rate certifications; and
- e. any other supporting documentation that Canada may request.

The Contractor must notify the Contracting Authority in writing as to the adequacy of this sum:

If the Work or any part of the Work is classified under tariff item no. 9897.00.00 of the [Customs Tariff](#) – Schedule as mined, manufactured, or produced wholly or in part by forced labour, Canada may immediately terminate the Contract for default. If the Contractor is aware that the Work, or any part of it, is being or has been investigated regarding whether it is prohibited from entry under to tariff item No. 9897.00.00, the Contractor must immediately notify the Contracting Authority of that investigation.

**18.3. Canada's Reasonable Grounds for Termination.** If Canada has reasonable grounds to believe the Work was or is mined, manufactured, or produced in whole or in part by forced labour or was or is linked to human trafficking, Canada may terminate the Contract for default. entitled Contractor's Conviction in Canada of Specified Offences, Canada may immediately terminate the Contract for default.

- d. **Determination of Similarity of Offences.** For the purposes of determining whether a foreign offence is similar to a listed offence, Canada will take into account the following factors:
  - i. in the case of a conviction, whether the court acted within its jurisdiction,
  - ii. whether the Contractor was afforded the right to appear during the court's proceedings or to submit to the court's jurisdiction,
  - iii. whether the court's decision was obtained by fraud, or

  - iii. costs incidental to the termination of the Work incurred by the Contractor but not including the cost of severance payments or damages to employees whose services are no longer required, except wages that the Contractor is obligated by statute to pay.
- d. **Maximum Payment.** The total of the amounts, which Canada may pay the Contractor under this section, together with any amounts paid, due or becoming due to the Contractor must not exceed the Contract Price. Canada may reduce the payment in respect of any part of the Work, if upon inspection, it does not meet the requirements of the Contract.

- b. **Effect of Termination**
  - i. For (a)(i) above, the termination will take effect immediately or at the expiration of a cure period specified in the notice, if the Contractor has not cured the default to the satisfaction of the Contracting Authority within that cure period.
  - ii. For (a)(ii) above, the termination will take effect immediately.
  - iii. **No Further Payment.** If Canada terminates the Contract for default, the Contractor will have no claim for further payment except as provided in this section;

In such a case, subject to the deduction of any claim that Canada may have against the Contractor arising under the Contract or out of the termination, Canada will pay or credit to the Contractor:

    - 2. the cost to the Contractor that Canada considers reasonable in respect of anything else delivered to and accepted by Canada.

## 19.3. Suspension of Work.

- a. **Suspension Order.** The Contracting Authority may at any time notify the Contractor to suspend any of the Work for a period of up to 180 calendar days. The Contractor must immediately comply with such a suspension order in a way that minimizes the cost of doing so. While such an order is in effect, the Contractor must not remove any part of the Work from any premises. Before the end of this period, the Contracting Authority must either

cancel the suspension order or terminate the Contract either under the section entitled Default by Contractor or the section entitled Termination for Convenience.

- b. Canada's Payment Relating to Suspension.** If Canada makes such a suspension order but does not terminate the Contract, Canada must pay the Contractor the additional costs that the Contractor incurs as a result, plus a reasonable profit.
- c. Cancellation of Suspension Order.** When Canada cancels a suspension order, the Contractor must resume Work as soon as practicable. If the suspension of Work has affected the Contractor's ability to meet any delivery date under the Contract, the date for performing the part of the Work affected by the suspension will be extended for a period equal to the period of suspension plus a period, if any, that in the Contracting Authority's opinion, following consultation with the Contractor, is necessary for the Contractor to resume the Work.
