Enquiries received during the Solicitation Period:

Question:

Please confirm what deliverables the cost estimating specialist should provide.

Response:

1. The cost estimating specialist is to support the building assessors in development of cost estimates for the various system replacements. The VFA database software provides some costing information and the cost consultant is to use their expertise to support the team to ensure the costing is accurate. This will involve working with the building assessors entering data into VFA related to quantity (units of measure) replacement cost, adjustment factor, % renew, and renewal action cost. Please refer to 2.4.8.9 - 2.4.8.12 & 2.4.8.14
2. For manually created requirements, refer to article 2.4.9.5.2
