 - (b) the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work site(s) must meet the security requirements as indicated in Part 6 - Resulting Contract Clauses;
 - (c) the Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites;
2. Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful Bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.
3. For additional information on security requirements, Bidders should refer to the [Contract Security Program](http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website. Please note, the above website is specific to PWGSC requirements and processes may differ from RCMP requirements.

1.2 Statement of Work

The Contractor must perform the Work in accordance with the Statement of Work at Annex A.

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

1.4 Recourse Mechanisms

If you have any concerns relating to the procurement process, please refer to the [Recourse Mechanisms](#) page on the Buyandsell.gc.ca website. PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this solicitation is issued by Royal Canadian Mounted Police (RCMP), any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this solicitation, including any individual SACC clauses incorporated by reference, will be interpreted as reference to RCMP or its Minister.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The [2003](#) (2022-03-29) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days
Insert: 180 days

2.2 Submission of Bids

Bids must be submitted only to RCMP Bid Receiving Unit by the date, time and email indicated on page 1 of the bid solicitation.

NOTE: The RCMP has not been approved for bid submission by epost Connect service.

Due to the nature of the bid solicitation, bids transmitted by facsimile to RCMP will not be accepted.

2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than five (5) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.5 Promotion of Direct Deposit Initiative

The following information is not related to the solicitation process:

An initiative within the Government of Canada called the Cheque Standardization Project has been established whereby eventually for all payments, cheque stubs will no longer be printed and, with few exceptions, will be processed via direct deposit. This option is only available when payment is made in Canadian dollars for deposit into a Canadian bank account. In an attempt to be proactive, RCMP Corporate Accounting is promoting the registration of RCMP suppliers for the upcoming change in the payment process.

If you are the successful bidder on this or any other RCMP requirement, you are encouraged to register with the RCMP for direct deposit. Please contact RCMP Corporate Accounting by email to receive a form entitled *Recipient Electronic Payment Registration Request* along with instructions for completion of the form.

Should you have any questions regarding the Cheque Standardization Project or if you want to register, please contact the following email: corporate_accounting@rcmp-grc.gc.ca

MANDATORY TECHNICAL EVALUATION CRITERIA

MANDATORY CRITERIA

Interpretation of Personnel Requirement by the Evaluation Team

1. The statements and requirements in this article apply to the Mandatory personnel information.
2. To demonstrate the experience of personnel (i.e. resources), the Bidder must provide complete project details as to where, when (month and year) and how (through which activities/responsibilities) the stated qualifications/experience were obtained. The Bidder is advised that only listing position or assignment titles without providing any supporting data to describe responsibilities, duties, and relevance to the requirements will not be considered "demonstrated" for the purpose of this evaluation.
3. Experience gained during formal education shall not be considered work experience. All requirements for work experience shall be obtained in a legitimate work environment as opposed to an educational setting. Co-op work terms are considered work experience provided they are related to the required services. If no months/years are stated to indicate when the work experience was obtained, then the experience will not be considered.
4. The Bidder is advised that, if the experience description only contains years, and does not specify any months within the year, then a maximum of only one month of experience will be allowed by the evaluation team if the experience starts and ends in the same year; and if the experience starts and ends in different years, only one month for the beginning year and one month for the end year of the range specified. For example, if the experience description states that a particular position or assignment was undertaken during:
 - (a). "2004", then only one month will be allowed for 2004, provided that the experience is applicable;
 - (b). "2004-2005", then only one month will be allowed for 2004, and one month for 2005, for a total of two months, provided that the experience is applicable; two months, provided that the experience is applicable;
 - (c). "2003-2005", then only one month will be allowed for 2003, and one month for 2005, and 12 for 2004, for a total of 14 months, provided that the experience is applicable. In cases where the number of years is longer, the first and last year will still be counted as one month each, provided that the experience is applicable.
5. Phrases such as "within the past sixty (60) months" are used mean "within the sixty (60) months preceding the closing date of the RFP". In the event that the RFP closing date is changed after the initial publication of the RFP, the Bidder may choose to interpret the phrase as being measured from either the initial closing date or the final closing date, unless otherwise directed in an RFP amendment.
6. Phrases such as "experience" dealing with matters related to the Statement of Work" mean that the experience must match, to the satisfaction of the evaluation team, the nature of the requirements for the work being done by the RCMP as described throughout the Statement of Work, including but not limited to background and introductory and other descriptive information.

Instructions to bidders for responding to mandatory criteria:

1. From the dates in month/year; bidders are encouraged to calculate the number of months and insert the total number of months in brackets; example: January 2006 to March 2006 (3 months).
2. To demonstrate experience, as per M.1, the bidder must provide a Project summary(ies).
3. To demonstrate Resource experience, as per M.1, M.2 and M.3, the Proposed Resource(s) must provide a resume. All claims with regard to resource experience, qualifications or expertise must be substantiated through the provision of detailed project descriptions of how and where the claimed experience, qualifications or expertise were gained. Unsubstantiated claims of experience, qualifications or expertise will not be considered by the evaluation team during the mandatory evaluation.
