INTRODUCTION AND BACKGROUND

Public Services and Procurement Canada, on behalf of Transport Canada, is seeking to better understand the options available for disposal of the Lynda Hindman.

- The location of the vessel is 43° 33' 52.98" N , 81° 42' 28.02" W (it is approximately 114m off the shore of Bayfield, Ontario)
- The vessel has been in that location for many decades, so the condition is likely poor, though we don't know for certain. There are pieces of the vessel that are still together, and photographs suggest that there are scraps/debris along the bed of the waterway
- The photographs may not be an accurate representation of the vessel's current state and a site visit may be beneficial in consideration of fluctuation in water levels. Site conditions at the vessel's location may change, and these changes may include the depth to which the vessel is under water.
- The size of the vessel is unknown
- The vessel is a potential obstruction to navigation, as it is occasionally unmarked and sitting just below the surface of the water. The vessel should be removed from its current location and disposed of on shore

Follow-up Requests for Information (RFIs) may be released for other services and/or topics of discussion.

This RFI is not a solicitation. No commitment from the Government of Canada is made with respect to future release of RFPs, purchases or contracts. No agreement or contract will be entered into, with any person or entity, as a result of this RFI. This RFI is not to be considered in any way a commitment by the Government of Canada or as authority to potential respondents to undertake any work which could be charged to the Government of Canada. The Government of Canada will not reimburse any expenses incurred for the preparation of responses to this RFI or any participation.

LANGUAGE

Communication may be in either official language of Canada: English or French.

QUERIES AND SUBMISSION OF RESPONSES TO THE REQUEST FOR INFORMATION

Interested parties may submit questions regarding the Request for Information, and their responses regarding the information requested herein, by email to the Contracting Authority at andrea.major@pwgsc-tpsgc.gc.ca.

RESPONDENT FEEDBACK FORM

Please fill out parts 1 and 2 of the feedback form.

Part 1 – Organization Information		
Name of Company/Respondent		Business Number
Representative name and title	Phone Number	Email address
Company address		
Part 2 – Questions		
1. a) The respondent is requested to provide an approximate cost to remove the section of the vessel to the left of the red line in the attached photograph below.		
b) The respondent is requested to provide a general overview of how they would approach the work in removing the identified section of the vessel. The respondent may provide as much or as little detail as they desire. Canada is requesting this information to better understand the options for disposal of this vessel.		
2. a) The respondent is requested to provide an approximate cost to remove the entire vessel.		
b) The respondent is requested to provide a general overview of how they would approach the work in removing the entire vessel. The respondent may provide as much or as little detail as they desire. Canada is requesting this information to better understand the options for disposal of this vessel.
