ANNEX D - Evaluation Criteria

1.0 Technical Evaluation:

1.1 The following elements of the proposal will be evaluated and scored in accordance with the following evaluation criteria.

- Mandatory Technical Criteria

It is **imperative** that the proposal **address each of these criteria** to demonstrate that the requirements are met.

- 1.2 LISTING EXPERIENCE WITHOUT PROVIDING ANY SUBSTANTIATING DATA TO SUPPORT WHERE, WHEN AND HOW SUCH EXPERIENCE WAS OBTAINED WILL RESULT IN THE STATED EXPERIENCE NOT BEING CONSIDERED FOR EVALUATION PURPOSES.
- 1.3 All experience must be strictly work-related. Time spent during education and/or training will not be considered, unless otherwise indicated.
- 1.4 Experience must be demonstrated through a history of past projects, either completed or on-going.
- 1.5 References must be provided for each project/employment experience.
 - I. Where the stated experience was acquired within a Canadian Federal Government Department or Agency **as a Public Servant**, the reference must be a Public Servant who had a supervisory role over the proposed resource during the stated employment.
 - II. Where the stated experience was acquired within a Canadian Federal Government Department or Agency **as a consultant**, the reference must be the Public Servant who was identified as the Project Authority of the project on which the proposed resource acquired the experience.
 - III. References must be presented in this format:
 - a. Name;
 - b. Organization;
 - c. Current Phone Number; and
 - d. Email address if available

1.6 Response Format

- I. In order to facilitate evaluation of proposals, it is recommended that bidders' proposals address the mandatory criteria in the order in which they appear in the Evaluation Criteria and using the numbering outlined.
- II. Bidders are also advised that the month(s) of experience listed for a project or experience whose timeframe overlaps that of another referenced project or experience will only be counted once. For example: Project 1 timeframe is July 2001 to December 2001; Project 2 timeframe is October 2001 to January 2002; the total months of experience for these two project references is seven (7) months.
- III. For any requirements that specify a particular time period (e.g., 2 years) of work experience, CSC will disregard any information about experience if the technical bid does not include the required month and year for the start date and end date of the experience claimed.
- IV. CSC will also only evaluate the duration that the resource actually worked on a project or projects (from the start date to end date), instead of the overall start and end date of a project or a combination of projects in which a resource has participated.

MANDATORY TECHNICAL CRITERIA:

#	Mandatory Technical Criteria	Bidder Response Description (include location in bid)	Met/Not Met
M1	<p>The proposed resource must hold a current license in good standing from the provincial licensing body for optometrists in the province where services are to be provided.</p> <p><i>Bidders should provide a copy of their valid license with their bid.</i></p> <p><i>If the valid license is not submitted as requested, the Contracting Authority will inform the Bidder of a timeframe within which to provide it. Failure to provide the valid license within the timeframe provided will render the bid non-responsive.</i></p>		
M2	<p>The proposed resource must have a minimum of six (6) months experience in providing optometry services in the last two (2) years prior to the closing date of this solicitation.</p> <p><i>To facilitate evaluation of their bid, Bidders should include the following information for the experience submitted:</i></p> <ul style="list-style-type: none"><i>(a) Name of the proposed optometrist's client or employer,</i><i>(b) Start and end date of the engagement,</i><i>(c) Short description of the work performed by the proposed optometrist,</i><i>(d) Reference(s).</i>
