**AMENDMENT 001 is hereby issued to amend the RFP with the following items:**

Respond to Questions 1;

**Q1:** Please clarify what is meant by “Hotel Style Combo code”. Can you provide a detailed description and product specs / imagery?

**A1:** As per the additional information found at the bottom of Table 1 (Product Category 3) what is meant is that we are requesting a keyless locking mechanism with a combination lock style that includes a mode that operates similar to a hotel safe i.e., you punch in a combination to lock and unlock every time it is used.

OSFI's intent is to have these lockers unassigned for single use. Users would enter a code to lock, and the same code would be entered to unlock which would also reset to be ready for the next use.

**All other terms and conditions remain unchanged.**
