Title:
Crab Winch Refurbishment Project - Ontario Waterways – Trent Severn Waterway

Amendment 003

This amendment is raised to:

- A. Answer questions from bidders

A. Questions and Answers

- Q1.** Do you have the weight and dimensions of the winches?
- A1.** The light winches weigh 1300lbs each, the heavy winches weigh 2600lbs each. The light winches are 67" long x 48" tall x 42" wide each, and the heavy winches are 70" long x 50" tall x 40" wide each.
- Q2.** For sanding, is SP7 sufficient? SP7 is more often used for new metal. We believe that SP10 would be more appropriate given the condition of the parts (according to the pictures).
- A2.** The successful Vendor may meet SP-10 standards, if they so choose, after award of the contract.
- Q3.** Could you please verify that the Task Authorization is not required at this time for submission, but may be required at a later time?
- A3.** All empty boxes in the Basis of Payment must be filled out for a bid to be compliant.

ALL OTHER TERMS & CONDITIONS REMAIN UNCHANGED.
