QUESTION #1

We have noted the change to ANNEX “C” BASIS OF PAYMENT from the original RFP, that payment will be a firm price for the work performed, and that any other format including subscription as a basis of payment, will be considered non-compliant.

For many providers, subscription payment is their only mode of operation. Is there any way around this new condition?

ANSWER #1

A subscription payment will not be considered for this contract.

The Contractor will be paid firm price as per the basis of payment stated in the contract.
