### **QUESTIONS AND ANSWERS**

Question 16: **Under Attachment 1 to Part 4 - Mandatory Technical Criteria**, by 'Resource' do you mean a specific person (i.e. Technician)?

Answer 16: Yes, Resource means Technician.

Question 17: **Related to 5.2** "The Contractor must replace FAS battery every 5 years." If batteries are determined to be five (5) years old, the cost of these batteries will be additional, correct?

Answer 17: Yes, the cost of replacement batteries will be additional to the contract.

Question 18: **Related to 5.6**, "per most recent code" - adopted in which jurisdiction? (i.e. Manitoba currently has a different 'recent code' adopted than the Federal Sites).

Answer 18: The contractor must identify and test these units as per the most recent National Building Code (NBC) and National Fire Code (NFC).

Question 19: Will you adjust page 33 (Annex B) to remove the (4) sites to match the revised/posted Annex A listing?

Answer 19: Adjusted Basis of Payment table is attached.

Question 20: 5) It doesn't appear that "Attachment 1 to Annex B" page 39 (of 43), is a mandatory & evaluated portion. Can we include some, but not all, items listed on that page (specifically the "Plumber" and "Mechanical/HVAC" items --- as it's not something that a life safety company would typically carry)?

Answer 20: Adjusted Attachment 1 to Annex B – Cost Estimate form for Extra Work is attached.

If the Bidder leaves any price blank, Canada will treat the price as "\$0.00" for evaluation purposes and may request that the Bidder confirm that the price is, in fact, \$0.00. No Bidder will be permitted to add or change a price as part of this confirmation. Any Bidder who does not confirm that the price for a blank item is \$0.00 will be declared non-responsive.

- Prices are firm.
- Firm Prices are to be in Canadian Dollars.
