NOTES

— BEAM SPACING —

1. A Roof Beam is located over each Column on line (2) and line (3) and is located at the Wall on line (4) on extension of the line joining the columns.
2. The Intermediate Roof Beams are located approximately between the column spacing on line (2) and line (3) and over columns with suffix m on line (2).
3. Columns designated a and b located at double footings.
4. Columns designated m are located on line (3) only.
