Amendment 005 to Solicitation W3915-23-0039 is raised to answer questions and provide corrections or clarifications on previous responses.

Correction 1

It was asked if an L shape height adjustable desk was acceptable. It is only acceptable if it is an SA item. As the SA does not appear to have an L shape HA work surface then it would have to be 2 pieces joined together.

Clarification 1

The item below is to be fixed to the panel wall

1bFFHREN30	Fixed Height work	4
L30WNOLNY	surface laminate	

Clarification 2

The 2 NSA worksurface # 2 and 3 - 23D 35W Rectangular Return Top and 23D 41W Rectangular Return Top – need to go up and down with the nearby height adjustable work surface.

Question 1.

Re Amendment 003 Q5- this supplier is assuming a fixed height return surface and the client has indicated that acceptable when in amendment 2 they indicate height adjustable. Can you please advise if Fixed height surface is required or height adjustable?

Answer 1:

Clarification 2 should answer this question.

Question 2.

We will 66H overall for the Mounted Overheads. For the Panels that Do Not have overheads, Please confirm if 66H overall is acceptable, as well as the Panel Configuration.

Answer 2:

Yes 66H is acceptable for panels without overhead cabinets as this is what the customer requires. Panel configuration will depend. For example, widths will vary as per annex C, base will be 34 high with a 16" fabric add-on and a second 16" add-on which will either be frosted glass or fabric except where there are 7 panels to be stacked to form a "counter". Annex C identifies the different panels by using the width and a "G" for glass or "F" for fabric. The "W" was intended to represent those areas where panels are stacked to form a "counter".

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
