### **Amendment 003**

This amendment is raised to distribute a question and answer.

#### **A. QUESTIONS & ANSWERS**

**Q28** The SOW identifies a lot of services that require other disciplines, ie, cost estimate, hazardous assessment, energy modeling. Without Parks listing the required consultants, it's not providing a level of playing field to all bidders. Some proponents may only provide prime + mechanical while others who try to meet PCA's SOW carry all the other consultants.

**A28** It is up to the proponent to provide the appropriate personnel to ensure they meet the requirements outlined in the Statement of Work. Proponents may differ in which services they can offer in-house and which services they will be required to engage a sub-consultant for. It is the proponent's responsibility to ensure their proposal includes an all-inclusive price for the entire scope of work. As per Solicitation Amendment 02 Q&A #12, "Any additional sub-consultants can be included in your proposal and do not need to be included on the Appendix A – Team Identification Form".

**ALL OTHER TERMS & CONDITIONS REMAIN UNCHANGED.**
