**Description of Work:**

Solution Architecture for the CADIA project has identified three Product Platforms that require external resource leads. The project team will be leveraging existing capabilities inherent to CFIA infrastructure and not the re-building of functionality that already exists. Functionality will be leveraged in ArcGIS, Dynamics 365 (D-365), and Adobe Experience Manager.

External resource will be required to lead a QM team with CFIA resources as Subject Matter Experts in the Agile delivery QM activities through the Agile Iterative Planning and Execution Activities phase.

- Bidders must submit a bid for all resource categories
- The work is currently not being performed by a contracted resource
