

Question and Response # 4

For RFP # 100021631

Q1) One of our proposed team members is currently a member of the National Seniors Council and is currently working on advising the government on a new Aging at Home Benefit. Would that be considered a conflict of interest?

R1) Thank you for contacting us to verify. No, this particular situation would not be considered a conflict of interest

Q2) We note that in most places (e.g. section 4.1.2) of the RFP says “applicable taxes excluded,” but in the statement of MF 1 the RFP says “including all applicable taxes.” Can ESDC please confirm whether the ceiling price of \$320,000 includes or excludes HST?

R2) The ceiling price of \$320,000 includes HST as outlined in the Mandatory Financial Criteria (MF).

All other terms and conditions remain the same.
