1.2 Summary

1.2.1 The Farm Debt Mediation Act (FDMA) received Royal Assent on April 25, 1997 and came into force on April 1, 1998. The Farm Debt Mediation Service (FDMS) was established to deliver the FDMA. The service provides a streamlined process of mediation to assist insolvent farmers and their creditors to negotiate settlement arrangements, rather than have those disputes result in costly legal proceedings for all parties. Offerors work with farmers to support them during the mediation process. Offerors will visit the farm to get an understanding of how the operation works, will collect financial information in order to prepare a financial statement, explore options and if required, will help the farmer develop a recovery plan. The Offerors will also be present at the mediation session to provide assistance to the farmer, as may be required. A Mediator is assigned to assist the farmer and creditors explore options for the successful resolution of the case.

To apply for assistance under the FDMA, an individual, corporation, partnership, cooperative or other association of persons must be "engaged in farming for commercial purposes", meaning that the production from their crops, livestock, or other eligible commodities is commercially available for sale as opposed to being grown for the personal use of the farmer or for a person related to the farmer as defined in the regulations. The applicant must also be "insolvent", which is defined in s. 6 of the FDMA as follows:

Only farmers:

- who are for any reason unable to meet their obligations as they generally become due;
- who have ceased paying their current obligations in the ordinary course of business as they generally become due; or
- the aggregate of whose property is not, at a fair valuation, sufficient, or if disposed of at a fairly conducted sale under legal process would not be sufficient, to enable payment of all their obligations, due and accruing due.

Under the FDMA, farmers can apply for review and mediation only or for a Stay of Proceedings, review and mediation. There are several factors to consider in deciding how to apply.

Secured creditors are obliged by the Act to serve the farmer with a *Notice of Intent to Realize on Security* before undertaking any action to recover debts. In this case, the farmer would usually choose the FDMS application which includes a Stay of Proceedings to prevent further action by the creditor during mediation. The farmer would also apply for a Stay when being sued for a debt by an unsecured creditor. Though unsecured creditors are not required to provide a Notice of Intent, the Stay still protects the farmer's assets during mediation. If a Notice of Intent has not been served and legal action has not been taken, the farmer may prefer to apply for review and mediation only, without applying for a Stay.

Once the administrator confirms eligibility, an Offeror is assigned to perform a detailed review of the farm's financial affairs. The Offeror, referred to as an 'expert' in the Act, will be required to complete a Farm Financial Statement. This will require a review of the farmer's business records, tax returns, etc. as well as account balances from creditors and information on prices from real estate agents, auctions and machinery dealerships.

Following that, the Offeror may help the farmer prepare a recovery plan that outlines what the farmer proposes to do to recover from financial difficulty. The Offeror then assists the farmer to make projections to assess the plan's feasibility. The recovery plan may be prepared by someone requested by the farmer.

The Offeror responsible for the recovery plan will attend the mediation meeting and assist the farmer as required at that meeting.

An assessment will be conducted by the FDMS office after completion of the mediation services. The assessment will evaluate the participants' satisfaction with the FDMS office, and the financial experts services and help to determine possible program changes or enhancements that may be initiated.

You can find more information about the FDMS on AAFC web site:

1.2.2 One method of supply used by Agriculture and Agri-Food Canada (AAFC) to satisfy the requirements of our programs is to invite suppliers (by way of a Request for Standing Offer (RFSO) to submit an offer for the provision of services during a specified period. With the completed RFSO process, AAFC is authorized to make call-ups against the resulting SO's detailing the exact level of services they wish to order at a particular time during the effective period of the SO, in accordance with the predetermined conditions.

A RFSO does not commit AAFC to authorize the utilization of an SO or to obtain services or issue a subsequent Contract to this effect.

A standing offer is not a contract and that the issuance of an SO and Call-up Authority does not oblige or commit Canada to procure or contract for any services listed in the SO. The Offeror understands and agrees that Canada has the right to procure the services specified in the SO by means of any other contract, SO or contracting method.

1.2.3 The purpose of this Request for Standing Offers (RFSO) is to select Offerors to enter into negotiations with AAFC to issue Departmental Individual Standing Offers (SO) to obtain the services described in the Statement of Work for Ontario.

The total budget for the SOs will be approximately \$1,140,000.00, based on a maximum of four (4) standing offers being issued.

Services are required for a period of four (4) years, starting at date of issuance of standing offers.

1.3 Security Requirements

There are security requirements associated with the requirement of the Standing Offer. For additional information, see Part 6 - Security, Financial and Insurance Requirements, and Part 7 - Standing Offer and Resulting Contract Clauses. For more information on personnel and organization security screening or security clauses, offerors should refer to the [Contract Security Program](http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

1.4 Debriefings

Offerors may request a debriefing on the results of the request for standing offers process. Offerors should make the request to the Standing Offer Authority within 15 working days of receipt of the results of the request for standing offers process. The debriefing may be in writing, by telephone or in person.

If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. 2.4 Enquiries - Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than **ten (10)** calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that offerors do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all offerors. Enquiries not submitted in a form that can be distributed to all offerors may not be answered by Canada.

2.5 Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the offerors.

2.6 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential offerors to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages offerors to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "**Bid Challenge and Recourse Mechanisms**" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)
- (c) Offerors should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Offerors should therefore act quickly when they want to challenge any aspect of the procurement process.

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.
- (c) The evaluation team will determine if there are two or more offers with a valid Canadian Content certification with the offers coming from two or more Offerors that are not affiliated within the meaning used in the Competition Act, R.S.C., 1985, c. C-34. In that event, only those offers with a valid certification will be eligible to be issued a standing offer; otherwise, all offers will be eligible. If at any point in the evaluation process it is found, whether by determination of invalidity of certifications, determination that offers are non-responsive or withdrawal of offers by Offerors, that there are no longer two (2) or more responsive offers with a valid certification, then all responsive offers will be eligible to be issued a standing offer. Canada may conduct the validation of Canadian content certifications at any time in the evaluation process including doing so concurrently with other steps.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

Each offer will be reviewed to determine whether it meets the mandatory requirements of the request for standing offer. Any element of the request for standing offer that is identified specifically with the words "must" or "shall" or "mandatory" is a mandatory requirement. Offers that do not comply with every mandatory requirement will be considered non-responsive and be disqualified. The Mandatory evaluation criteria are described in Annex C Technical Evaluation Criteria.

4.1.1.2 Point Rated Technical Criteria

Each offer will be rated by assigning a score to the rated requirements, which are identified in the request for standing offer by the word "rated" or by reference to a score. Offerors who fail to submit complete offers with all the information requested by this request for standing offer will be rated accordingly. The rated requirements are described in Annex C Technical Evaluation Criteria.

- i. A Technical Offer Score (out of 100 points), will be computed for each technically responsive Offeror using the following formula:

Actual Score	x 100 =	Final Score
Maximum Score Attainable		100% of Offerors Calculated Score

Note: Scores will be computed to a maximum of three decimal places.

Technically Responsive Offer: A technically responsive offer is a offer that

- A. Meets the mandatory requirements and obtains the required minimum points specified in the request for standing offer for the criteria that are subject to point rating.

4.1.2.1 SACC Manual Clause [M0220T](#) (2016-01-28), Evaluation of Price - Offer

4.2 Basis of Selection

1. To be declared responsive, an offer must:
 - a. comply with all the requirements of the Request for Standing Offers (RFSO); and
 - b. meet all mandatory technical evaluation criteria; and
 - c. obtain the required minimum of 70 percent overall of the points for the technical evaluation criteria which are subject to point rating. The rating is performed on a scale of 100 points.
2. Offers not meeting (a) or (b) or (c) above will be declared non-responsive. The responsive offer with the lowest evaluated price will be recommended for issuance of a standing offer.

4.2.1 SACC Manual Clause [M0034T](#) (2007-11-30), Basis of Selection - Minimum Point Rating

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Offerors must provide the required certifications and additional information to be issued a standing offer.

The certifications provided by offerors to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare an offer non-responsive, will have the right to set-aside a standing offer, or will declare a contractor in default if any certification made by the Offeror is found to be untrue whether made knowingly or unknowingly during the offer evaluation period, during the Standing Offer period, or during the contract period.

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Standing Offer Authority will render the offer non-responsive, result in the setting aside of the Standing Offer or constitute a default under the Contract.

5.1 Certifications Required with the Offer

Offerors must submit the following duly completed certifications as part of their offer.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all offerors must provide with their offer, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to the Issuance of a Standing Offer and Additional Information

The certifications and additional information listed below should be submitted with the offer but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Standing Offer Authority will inform the Offeror of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the offer non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Offeror must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Security Requirements – Required Documentation

Offerors are reminded to obtain the required security clearance and, as applicable, security capabilities promptly. As indicated above, offerors who do not provide all the required information at bid closing will be given the opportunity to complete any missing information from the AFR form within a period set by the Contracting Authority. If that information is not provided within the timeframe established by the Contracting Authority (including any extensions granted by the Contracting Authority in its discretion), or if Canada requires further information from the Offeror in connection with assessing the request for security clearance (i.e., information not required by the AFR), the Offeror will be required to submit that information within the time period established by the Contracting Authority, which will not be less than 48 hours. If, at any time, the Offeror fails to provide the required information within the timeframe established by the Contracting Authority, its bid will be declared non-compliant.

5.2.3 Additional Certifications Precedent to Issuance of a Standing Offer

5.2.3.1 Status and Availability of Resources

If for reasons beyond its control, the Offeror is unable to provide the services of an individual named in its offer, the Offeror may propose a substitute with similar qualifications and experience. The Offeror must advise the Standing Offer Authority of the reason for the substitution and provide the name, qualifications and experience of the proposed replacement. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Offeror: death, sickness, maternity and parental leave, retirement, resignation, dismissal for cause or termination of an agreement for default.

If the Offeror has proposed any individual who is not an employee of the Offeror, the Offeror certifies that it has the permission from that individual to propose his/her services in relation to the Work to be performed and to submit his/her résumé to Canada. The Offeror must, upon request from the Standing Offer Authority, provide a written confirmation, signed by the individual, of the permission given to the Offeror and of his/her availability. Failure to comply with the request may result in the offer being declared non-responsive.

5.2.3.2 Education/Experience Certification

We certify that all statements made with regard to the education and the experience of individuals proposed for completing the subject Work are accurate and factual, and we are aware that the Minister reserves the right to verify any information provided in this regard and that untrue statements may result in the proposal being declared **non-responsive** or in other action which the Minister may consider appropriate.

The acceptable offers will be ranked in descending order by score in the technical evaluation of the RFSO.

Each call-up will be issued on a rotational basis, with the first call-up issued to the first-ranked SO holder, the second call-up issued to the second-ranked SO holder, and so on.

The following list represents scenarios in which the rotation process may not be followed.

- a) Where the cost of traveling will justify it, a call-up could be issued to an Offeror with a resource who is located in closer proximity to where the services will be rendered.
- b) In the event the applicant's choice to receive the services in one of two official languages prevents the next Offeror on the list from providing the services, the Project Authority will award the mandate to the next Offeror on the list who can meet the linguistic requirements.
- c) To avoid any perceived or potential conflict of interest, if the Offerors resource is already engaged to provide Mediation Services on particular case, if the Offeror has multiple resources qualified to render service, they will be asked to provide a different resource. If the Offeror does not have additional qualified resources available, the Project Authority may award the call up to the next Offeror on the list.

In any of the above scenarios, where the next Offeror on the list is not selected, there will be no penalty to the Offeror. The Offeror who was skipped will be allocated the next available call up.

If an Offeror refuses work under a call-up, he maintains his ranking and must wait his turn to come back before being offered work under a subsequent call-up. If an Offeror does not provide confirmation of his availability in writing for the work within 24 hours of being offered, the Project Authority will consider the non-response as an unavailability/refusal.

If for reasons beyond its control, the Offeror is unable to provide the services he must advise the Project Authority of the reason. For the purposes of this clause, only the following reasons will be considered as beyond the control of the Offeror: death, sickness, maternity and parental leave.

Following three (3) refusals of mandate for other reasons than the ones listed in this clause, Canada may set aside the standing offer.

b) Lump sum cases for a round trip above 100 km

When a case will be delivered in a round trip exceeding 100 km, AAFC will pay the kilometric rate applicable to the province or territory of the Financial Expert's place of business as posted by NJC plus an hourly rate, in addition to the per diem price to cover the travel expenses incurred.

A Financial Expert has full responsibility of his time management under this travel situation.

Example: A case where the services are to be rendered at 380 KM and 3.25 hours from the Financial Expert's place of business:

$((380\text{KM} \times 2) - 100 \text{ KM}) \times .615$ (Current kilometric rate in Ontario) = \$405.90

Hourly rate (6.5 hours @ \$120) = \$780.00

Total travel paid above per diem = \$1185.90

c) In complex cases, the AAFC National Manager may authorize additional time, beyond the per case time allocation, to reach an agreement. The basis of payment for such a situation will be as follows:

- Hourly rates for professional services: when additional hours of work are required on a complex case (a) or (b): \$120.00/hr.

d) In some instances other modes of travel, accommodation and additional meals may be required and must be approved and included in the call-up by the National Manager and accepted by the Financial Expert.

For special situations where planes, trains, boats and overnight stays are required, the Treasury Board travel policy will apply:

<https://www.njc-cnm.gc.ca/directive/d10/en>

- Professional time will be paid based upon the hourly rates (c).

e) Land title reimbursement

If required by the National Manager on a call up, the Financial Expert will be reimbursed for research of land title on presentation of an original receipt.

f) Performing other similar services

These include:

1. Communicating FDMS programs to third parties on behalf of AAFC;
2. Delivering training sessions to third parties on FDMS programs on behalf of AAFC;
3. Attending trade shows to assist AAFC staff to promote FDMS programs

Such described services will be limited to the following financial limits:

- \$1,800.00 per call-up, all expenses included.

For the life of the Standing Offer, the total of such call-ups shall not exceed 10% of the total Standing Offer amount.

g) Orientation meetings and training

The Financial Expert will be required to attend all orientation meetings and training sessions deemed MANDATORY by the National Manager, and will be paid at the hourly rate defined in section a) and at the defined rate in section b) for round trips above 100 km.
